Astonishing Power of Iron to Give Strength to Broken Down Nervous People

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate Folks 200 Per Cent in Two Weeks' Time in Many Instances.

NEW YORK, N. Y.—In a recent discourse Dr. E. Sauer, a well known specialist who has studied widely both in this country and Europe said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large numbers who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and run down, and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some are irritable; some are skinny and bloodless, but all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fading vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three

times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by the new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good, sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, so pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they will forfeit \$100 to any charitable institution if they cannot take any man or woman under sixty who lacks iron and increase their strength two hundred per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in the city by South Side Pharmacy, Holt Drug Co., and all other druggists.

160,000 Strong!

OUR standing army in these United States now tallies fewer than a hundred thousand regulars, yet they comprise the Federal Government's only solid safeguard of a hundred million people.

Then there is another army! It wears no uniform, marches to no bugle or drum beat. One hundred and sixty thousand strong it is—men and women who are serving under the blue and white emblem of Bell Telephone service; they work not for the Company, for they are the Company.

Each local detachment of that army is always ready—operators, linemen, local manager and clerks—ready for fair weather or foul—a storm, a conflagration, or any devastating factor that places on these employes an added responsibility that must be met with a grin and a willing hand. The public's army it is—reaching into every nook and corner of the country, this soldiery of Bell Service, each standing shoulder to shoulder with the others in the rendering of a service that shall not only meet but anticipate the public will and requirement.

That's the sort of organization which counts!

Annual AUGUST FURNITURE SALE

NOW GOING ON

The Interest of the People in the Furniture Sale Is Wonderful and Inspiring

GOOD MERCHANDISE tells its own story—in its own good way. Nothing that can be said or written about it can make it better or worse. The goods themselves, their quality, their desirableness in proportion to their price—these are the things that count! And the best thing that can happen to good, desirable, advantageously priced merchandise, is to be seen. The furniture in this August Sale has been under public inspection, and that was the best advertisement that could be given it. The people have seen the goods; have recognized their fine quality, their desirability, their soundness of construction and fine finish. It is a sale of the furniture people want. It is a sale that holds something worth while for every home.
