Urges Easy Divorce; Gets Chance to Test His Idea

RICHARD D. KATHRENS

KANSAS CITY, Mo., Oct. 23.—While married and happy, Richard D. Kathrens advocated free divorce and set down definite rules of relationship of divorced couples in his book, "Let's Civilize the Marriage Laws."

Now he is being sued for divorce. If Kathrens' wife wins her suit, will Kathrens practice his own theories? For instance: "Forer with ventral respect to my devoted sister who was my wife?"

Will he obey his own rule that "the duty to still provide for her (his divorced wife's) support should run against the husband as a valid claim in the nature of a punitive damage?" Will he let "the mother direct the disposition of the children?"

Will Kathrens, when the suit reaches court, dispute his wife's claims, or even let her detail "for the detestation of a curious and gossip public the indignities she may have endured (confess) any of her own frailties or misdeeds?"

All these quotations are from his book and are therefore his beliefs before he was confronted by this divorce suit. If he carries out his theories there will be no need of a suit, for he will not protest it and it will be left to the court to grant the divorce.

Kathrens was married in 1894. His wife charges he neglected her for literary pursuits. He is an investment broker.

Howard Clark Buried Today at Mannington

Several local people went to Mannington this afternoon to attend the funeral of Howard Clark, only son of Dr. H. D. Clark, pastor of the First Methodist Episcopal church of that city, whose death occurred on Monday in a hospital in Baltimore. The body arrived at Mannington yesterday morning and the funeral took place this afternoon at two o'clock. Mrs. Clark, the mother of the young man, accompanied the body from Baltimore.

The young man was 20 years of age and was very popular in Mannington. He had been in declining health for some time and had recently undergone a surgical operation from which he did not recover and a few days ago pneumonia developed which was the immediate cause of his death.

Besides his parents, he is survived by two sisters, Miss Louise Clark, a teacher at White Sulphur Springs, W. Va., and Miss Josephine Clark, who teaches at Riverview. Interment was made at Mannington.

out of its place and start the car down hill. A boy did jump on the car and blow the horn but Mayor Bowen says the burden of the accident lies upon the shoulders of Gottendick who knew of the condition of his car, knew that the least jar would release his brakes and furthermore left his engine running. The hearing will likely come up again tomorrow morning.

The children hurt by the accident were Florence Notes, Creisha DeMark and Louise Farmer, all colored. The two latter were cut but were able to go home and are in very good condition today.

The small Notes girl is in Cook's hospital where she is reported to be improving rapidly, no internal injuries having been discovered and no bones broken. She was badly cut and bruised when the car knocked her down on some rocks.

O. Williams forfeited \$5 for a drunk yesterday. R. W. Cochran drunk, gave the cops \$10 for his appearance in police court this morning, but failed to show up.

Frank McDonald who asked for lodging at the city jail last night was brought to the mayor's court this morning and fined \$5 for drunkenness. He was celebrating his escape from Jail No. 7 where he worked.

AUTO DRIVERS ARE HEARD BY MAYOR

City Driver Fined \$10 for Carelessness—Baker's Trial Continued.

Patsy Frances, driver of the city's delivery truck, was fined \$10 in police court this morning on a charge of careless driving.

Testimony was brought out in court that Patsy was 75 feet behind Paul Haymond's car going 12 miles an hour when Haymond stopped and Patsy ran into Haymond's car knocking it 10 feet up the street where it crashed into the rear of Zack Robinson's car and knocked it three feet. Patsy says he was but 15 feet behind Haymond when he stopped.

The trial of Leo Gottendick, driver of the truck which ran down the Madison street hill at the Catholic church yesterday striking three colored children, was continued pending the change in the condition of the injured.

Gottendick stated that his engine was running, his car facing down hill, his front left wheel in against the curb and his emergency set. He stated that his brake was in such condition that a child jumping on the car and blowing the horn would knock the brake

The Hardman Piano Inspires the Singer

No better evidence of the supreme value of the Hardman piano can be given than the fact that its staunchest friends are among those who from culture and experience demand the highest result in a musical sense.

THE HARDMAN PIANO has won, and is retaining, its high place among the world's best pianos because it inspires the performer, thrills the listener and lasts a life time.

Come in and hear this wonderful piano, the choice of Caruso, the greatest tenor in the world.

Adams street past the court house to Madison street, turning left there to Jackson street and out to Jackson and Locust avenue to Fourth street. Crossing from Fourth street the parade will move to Walnut avenue, turn left to Third, up Third to Fairmont avenue and then to the court house where the address of Judge Robinson is to be made at 2:30 o'clock.

The Republican Club will provide a number of men who will march on foot in the parade carrying campaign banners and signs. A meeting is to be held tonight at 8 o'clock at the club rooms to arrange the details of this feature.

Political Film at the Dixie Theatre

At the Dixie theatre today the great campaign film, "Reunited Party," is being shown. This film shows Mr. Hughes and his family at Bridgehampton, his summer home; it then shows the most striking views taken of him and Mrs. Hughes on their trip through the United States; the first at Niagara Falls; then at Detroit, where he is received by large gatherings of labor men; then at Grand Forks, N. D., and Medora, N. D., where he is shown with the miners and going down into the copper mine; at Butte, Mont., he is shown being received by the cow boys, and at many other places.

The Reunited Party is shown by pictures of Mr. Roosevelt speaking at Lewiston, Me., and of Mr. Roosevelt entertaining the Republican National committee at Sagamore Hill. It also shows the meeting between Mr. Taft and Mr. Hughes at Bridgehampton.

Preparedness and patriotism are illustrated by scenes taken of the fighting at Vera Cruz; the funeral procession at Vera Cruz and New York of the men who were killed. Also scenes of troops going to Mexico and refugees obliged to leave Mexico. There are also battleship scenes—battleships authorized under Republican administrations.

PROF. ROSIER GOES TO KEYSER.

President Joseph Rosier left this afternoon for Keyser where he speaks before an educational rally this afternoon. Tomorrow he will deliver an address at the Potomac Valley Round Table at Cumberland.

City Hall Notes

Beginning at once all auto drivers will have to shut off their power when the machine is stopped. This action was taken by the mayor this morning when he found that many accidents are apt to occur by allowing the engines to run, the engines being liable to loosen the brakes by their throbbing. The accident near the Catholic church yesterday was somewhat due to this, the police think, and they have been notified that all auto owners must stop their engines when they alight from them regardless of the position of the car.

Disappointment lurks in the air about the city hall since the showing of the Made in Fairmont movie as the celebrities most important about the city hall, Ira Smith and J. Walter Barnes, did not show to advantage in the picture. Albert Kern and Albert Lehman were awfully cute in the picture and these two have it on the two who failed to edge into the eye of the camera.

Fire Chief Okey Watkins was called upon in Mayor's court this morning to give "expert testimony" in the case of the city vs. Patsy Frances. The chief stated that a car going 2 miles an hour up hill between Second and Third streets on Fairmont avenue could not stop in 15 feet. This will very likely be wired the Encyclopaedia Britannica printers.
