IS AUSTRALIAN BOXER ON WAY TO AMERICA AFTER SLIPPING AWAY FROM SYDNEY OR HAS HE JOINED THE COLORS?

for Chili, after having made a match with George Chip to throw officials off their guard. The journey was started, the report said, a few days before Darcy's twenty-first birthday in October.

Somehow, after reading of Darcy's gameness in the ring, of his indomitable courage, it is hard to think of him as a slacker. It is hard to believe he would practice duplicity and cravenly sneak off when his country needs his services.

There are slackers enough in America, fighters from other countries who have refused to take their places in the ranks and it is a question how Darcy would be received here, even in the face of his ability in the ring.

At any rate if Darcy has started for America he has killed his popularity at home and dimmed his prospects in America.

Darcy is a wonderful fighter. The quick decisive way he has handled all American middleweights who have visited the Antipodes is conclusive evidence of that. George Chip, Jimmie Clabby, Jeff Smith, Houch and others have felt the knockout sting of his powerful left.

If he came to America he would meet better men in Gibbons, Dillon and Billy Miske and the American public probably would be interested enough to patronize him regardless of his record otherwise.

Yet it is not likely he would be received in the same spirit that he would be given the same welcome, as though he came without the stigma of being a slacker.

INDUSTRIAL FAIRMONT

Two electric motors have been purchased by the Monongahela Valley Traction company to be used in hauling express trains over the system. The locomotives will be able to haul ten loaded cars over the company's lines and will permit operating a freight and express service rivaling that of a first class railroad. In cases where shipments are unusually heavy the engines can be operated tandem which will permit hauling trains of twenty cars. The locomotives can also be used for passenger service when unusual demands are made on the service. On occasions where a number of special cars are to be run the locomotives can be adjusted to passenger speed and haul five and ten coach trains.

The Hennen building, for long the site of the Colonial theatre, is now practically converted into a handsome store building. The plate glass and copper front and floor, is virtually completed and in a few days the workmen will be at work completing the interior. When completed the building will offer an excellent store room site in a good business section of the downtown district.

Now that the Normal school building has been completed the engineers are turning their attention to the beautification of the grounds. Grazing and blasting off of rocks, the planting of trees and shrubs, will be started as soon in the spring as the weather will permit. This plan of beautifying will be a great boon to a number of students who are waiting to work their way through school. It is the plan of the school authorities to employ on the grounds a number of the young men, attending school, thereby permitting them to earn funds to keep them at their studies.

The Helmick Foundry and Machine company will this year exceed their last year's production by nearly one hundred per cent. is the announcement of one of the officials of the company. New mines opening and a general improvement in the coal trade are resulting in wonderfully increased orders. The Helmick company is supplying mines in West Virginia and Kentucky with cars, car wheels, ties, tippie material, etc.

Kanawha County Saves Money
 CHARLESTON, W. Va., Dec. 5.—Squire Jarrett, the Sheriff-elect of Kanawha county, has filed with the County Court his estimate of office expenses for the first year of his term. The total is \$18,375, aside from his salary. It is estimated that the county will save at least \$35,000 a year as between the present fee system and the forthcoming salary system.

BITS OF STATE NEWS

W. N. Townsend, of the Poole-Townsend Coal company, of Clarksburg, returned to that city last week from Silicia, on the Buckhannon river, bringing with him a wildcat which was killed there one day this week. The animal is an exceedingly large one. Mr. Townsend has it packed away in ice at the Waldo hotel, in order that it may be preserved until the taxidermist is put to work on it.

Some times the things that appear in weekly newspapers stimulate curiosity to the top degree. For instance, what could have happened to bring forth the following which was printed without the slightest explanation in last week's issue of the Spirit of Jefferson, published at Charles Town: "Gentlemen, I apologize for my action against Mr. O. L. Watson, sealer of weights and measures, for Jefferson county, W. Va.—W. Ralph Burns."

According to the Romney Review because coal for the passenger engine could not be procured from the Fairmont region, the Twin Mountain and Potomac railway, running from Keyser to Burlington, was compelled to suspend two days last week. Scott coal sold here for \$3.50 a ton recently.

Mrs. Gory Hogg, of Harvey, wife of Senator Gory Hogg, of the West Virginia legislature, and late candidate for the Democratic nomination for governor, is at the Franklin Square hospital in Baltimore, where she underwent a minor operation last Friday. She will probably leave the hospital in the next ten days.

Captain C. C. Robinson, commanding Company L of the First West Virginia Infantry, who has been stationed at Deming, N. M., for the past several months on a special detail with the 16th provisional division of the United States army, has been mustered out of the federal service and is expected to arrive at his home in Morgantown some time during the present week.

a widowed mother and three little girls arrived in Charles Town a few days ago from Buenos Ayres, South America, says the Advocate. Their journey from Buenos Ayres to New York was a steamship trip of 23 days. The mother of the family is Mrs. Lorenzo, widow of Nicholas Lorenzo, who was a brother of Francis Lorenzo, the well-known fruit dealer. Her three children are Maria, aged 11 years; Angiolina, aged 9 years, and Saverino, aged 5 years.

The family will make their home with the Messrs. Lorenzo at Charles Town, and the children, as soon as they acquire a right acquaintance with our language will be sent to the public school. The two older children, where they learned Spanish, and although their parents were natives of Italy, learned to read no other but the Spanish language.

Howard Welcher, traveling salesman for a local hat concern, says the Charleston Mail, returned from Wayne county and brought with him what is thought the only white squirrel ever seen about here.

This squirrel is about the size of an ordinary gray squirrel, is frisky, vain and scrappy. In fact this squirrel is proud of his whiteness and when given an opportunity to do so, keeps his coat immaculate.

Having purchased the white squirrel, Mr. Welcher also got possession of a gray one, and the two are in a cage together. They fight and put up an exhibition of the squirrelly art of self-defense in a fashion at least interesting.

William Frazier, a merchant of Siltner, Wayne county, caught this squirrel in a sack on Twelve-pole creek, Wayne county, the other day. He made the capture by cutting down a tree in which it lived, and holding the sack over a hollow in the trunk.

It may be this squirrel, when exhibited about town for awhile, will be turned loose with the gray squirrels at the capitol.

Conquers Rheumatism in a Very Few Days

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is hardly a druggist anywhere who cannot tell you of at most marvelous cures.

If you are tortured with rheumatism or sciatic, you can get a bottle of Rheuma from Mountain City drug store or any druggist for not more than 50 cents, with the understanding that if it does not completely drive rheumatic poisons from your system—money back.

MINISTER VAN DYKE RESIGNS
 WASHINGTON, D. C., Dec. 5.—The first resignations from the diplomatic corps since President Wilson's re-election were announced yesterday. Dr. Henry van Dyke, Minister to the Netherlands, has resigned on account of poor health and to return to literary work. Probably he will be succeeded by John W. Garrett of Baltimore, formerly Minister to Argentina. The resignations of Thaddeus A. Thomas, Minister to Columbia, and William H. Hornbrook, Minister to Siam, also were announced.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

Colds follow exposure

We can't stay in doors in bad weather, and colds often follow exposure. When you have gripe symptoms with sneezes, sniffles and sore throat, get a bottle of Dr. King's New Discovery, for here is a remedy that for nearly fifty years has been the favorite. The soothing healing pine balsams relieve the irritations and stop the cough and the antiseptic qualities kill the germ. Have it handy for gripe, croup and all winter colds. Your druggist has sold it for years.

Kidney Trouble Causes Sleeplessness, Dizzy Spells

I have great confidence in my medicine, called Swamp-root, as I have tested it thoroughly. I had Kidney trouble for several years and found no relief, until I took Dr. Kilmer's Swamp Root. The doctor said my disease was Kidney trouble of the worst kind. I had pains in my back, dizzy spells and fever. Had a languid feeling and could not sleep on account of having to urinate so often. The doctors told me that I could not get well, but I am well now and feel better than I ever did. Can sleep well and am not bothered any more with my kidneys. Have never taken a dose of medicine since the last bottle of Dr. Kilmer's Swamp Root. My age is 55 years. Have resided in Darlington 20 years.

Yours very truly,
