**MEN SHOULD TAKE ADVICE**

Richmond, Va.—"I have taken Dr. Pierce's Golden Medical Discovery with the best effect. I was perfectly satisfied with the results. I had very serious cough and cold with bad fever; the cough was exceedingly harsh and so violent that it gave me an itching sore throat with hoarseness and a compressed feeling in my lungs. The cough reduced my strength and I had to stop work. At the same time I was suffering from indigestion and had to live on starchy bread and milk. My liver also was in a very inactive condition, as well as my bowels. These discouraging symptoms readily yielded to the influence of the 'Discovery' to my great pleasure and comfort."—Mr. JOHN H. HANES, 434 S. Laurel St., Richmond, Va.

**Saturday Market is Discontinued**

The Saturday Market Club which has flourished in this city under the auspices of the Civic committee of the Woman's Club was brought to a successful finish on Saturday when the last market was closed. The reason for the discontinuation is lack of time for this enterprise on the part of the promoters who have given much time to it in the two years of its existence. The market was organized two years ago by the Civic department of the Woman's Club of which Mrs. B. L. Butcher was at that time chairman. She has been ably assisted in the work by Mrs. Joan G. Smythe, Mrs. Glen P. Barnes, Miss Eliza Rock and other members of the club who have also assisted at various times. The market has been maintained on a high scale and its discontinuation will be regretted by many housewives. In the two years over \$3,000 has passed through the hands of the committee of which a commission was received for the maintenance of the market, a part of the commission went toward the furnishing of a room in Cook hospital.
