

STATE BUDGET RESOLUTION ONE FIRST MEASURES

Rosenbloom Introduces Bill Amending the Wheeling Charter.

LICENSE CORN DOCTORS

That is the Purpose of Bill Introduced by Ohio Senator.

CHARLESTON, W. Va., Jan. 16.—Until the Committee on Privileges and Elections in the House made its report yesterday there was doubt about the seating of all members of the lower branch of the West Virginia Legislature. The committee, however, reported that no contest had been filed and that the personnel of that body will not be changed from that shown by the initial roll call made up from the certificates of election from the office of the secretary of state.

No question of contest was offered in the Senate, and from now on it is expected that there will be smooth sailing in both houses unless a partisan locking of horns is brought about when the more important legislation is under consideration.

Immediately after the appointment of committees was announced in the Senate there was a veritable avalanche of bills, all of which were referred to committees. Within half an hour after convocation the Senate was through with its business and adjourned for the day.

The bills introduced included those by Senator Hough relating to roads, the laying of tax levies, regulating use of motor vehicles, and relative to the charter of the city of Wellsburg. Thirteen bills were presented by this member.

Senator Gregory introduced nine bills, including those relating to usury; limiting taxation for school purposes; to establish a sanitarium for colored citizens; to punish for fraud, relating to primary elections, relating to the sale of real estate for taxes, and to hotel licenses.

Senator Hawley presented two bills, one relating to license taxes and the other to the Harrison county hog law.

Senator Rosenbloom's bills relate to the licensing of chiropractors, to regulating gas companies, changing the Wheeling charter, relating to the Department of the Archives and History and to public roads.

Senator McAvoy had two bills, one relating to the West Virginia Humane Society and the other providing for a number of amendments to the code.

Senator Kump introduced a resolution recommending by Gov. Hatfield and approved by Gov-elect Cornwell providing for an amendment to the constitution providing for a state budget. Another resolution by the same member provides for the appointment as soon after March 4 as practicable of a committee of five persons to examine the financial affairs of the state.

Senator Lowe's bill relates to change of salary for county clerks in certain counties. Those of Senator Morison relate to sale of realty for taxes, to dispensing with seal on certain deeds, to commissioners in chancery, appointment and bonding of special receivers and to authorizing county courts to do certain things in connection with roads.

Senator Beckwith introduced a bill concerning marriage. Senator Luther a bill relating to the Supreme court. Senator Duty one concerning powers of railroads and Senator Godbey bills to provide for a non-partisan state board of health, relating to wage earners and regulating building and loan associations.

The House did nothing more than finish its organization by the appointment of committees in the forenoon and the afternoon session was occupied by the introduction of two resolutions. One of these was by Delegate Hall of Wetzel county, authorizing the speaker to appoint a joint committee clerks, three House stenographers, two committee stenographers and one for the speaker, seven floor pages, two journal pages, one mailing and banking page, one assistant sergeant-at-arms, two cloak room keepers, one toilet room keeper, one night watchman, one assistant doorkeeper and one gallery doorkeeper.

A resolution was introduced by Delegate Talbot, empowering the speaker to appoint a committee of from five to 15 members to which all matters will be referred concerning the Virginia debt.

In the House Speaker Thurmond named new members as heads of two important committees. W. C. W. Renshaw, of Cabell county, is the chairman of the Finance committee, while Louis A. Johnson, of Harrison, heads the Judiciary committee. Robert Hand, of Logan county, heads the Mines and Mining committee.

Speaker Thurmond dropped party lines in selecting Dr. H. R. Werner of Tucker, Republican, as chairman of the committee on Medicine and Sanitation; James Bassell, of Lewis county, a retired Army officer, was made chairman of the Military Affairs committee.

The chairman of the other committees as announced by Speaker Thurmond, are as follows: Privileges and Election, Stratton, of Mingo; Prohibition and Temperance, Harvey, of Braxton; Education, Sweney, of Wood; Railroads, McDonald, of Kanawha; Labor, Nassau, of Fayette; Insurance, Patrick, of Kanawha.

Town Talk

On the Intel.—Shirley Mayers left this morning for Wheeling where he has accepted a position on the Wheeling Intelligencer. Mr. Mayers has been for some time a reporter on the Fairmont Times.

Fire at Clarksburg.—The boiler house of the Baltimore and Ohio railroad was destroyed at Clarksburg last night. The cause of the fire is unknown. The flames were discovered at 10 a. m. and great danger threatened had they spread to the oil house which was close by. The city firemen managed to control the flames before they reached the oil and waste.

Chancellor Dille Here.—Thomas Ray Dille, Grand Chancellor of the state for the Knights of Pythias lodge, is in Fairmont today and tonight will be present at the meeting of Marion lodge, No. 27. All the Knights of the city are asked to be present since it is assured that a more than usually enjoyable session will be had.

Cathedral Choir.—The Cathedral choir will be heard at the First M. E. church this evening, the second number of the Normal School lecture course. From the number of single admission tickets being sold to those persons who do not hold season tickets, it is evident that a record attendance will be on hand for the number. The Cathedral choir singers were heard in Fairmont last summer on the Chataqua program, and were one of the most popular attractions of that attraction.

New Manning Pastor.—For the purposes of installing Rev. J. B. Koozts as pastor of the Presbyterian church at Mannington, a special session of the Grafton Presbytery will be held this evening at Mannington.

Rev. Charles E. Bishop, a professor in the university and moderator of the Presbytery will preside at the sessions and will give the charge to the pastor, Rev. Earl A. Brooks of Weston, will deliver the charge to the congregation and the sermon will be preached by T. G. Koozts, of Wheeling.

Poultry Show Plans.—The meeting to discuss the plans for the Tenth Annual Poultry show will be held in the Municipal building tomorrow night at eight o'clock. The show will be held January 24, 25, 26 and 27. The members of the Fairmont Poultry association say the coming show will be the greatest one in its history.

Teachers' Examinations.—Dates for the first examination of applicants for primary teachers' certificates, will be decided upon at a meeting of district superintendents of Marion county to be held some day this week in County Superintendent Toothman's office. It is understood that an unusual number of prospective teachers are intending to take the examination.

Burns Cause Death.—A message received here this morning from Hendricks, W. Va., announced the death of Mrs. S. T. Troupe, mother of Mrs. H. L. Troxell, of this city, which occurred during the night. The message stated that her death had resulted from burns and no further particulars were stated. She was aged 70 years and is survived by her husband and several children. Mrs. Troxell left this afternoon for Hendricks to remain for the funeral.

From West Africa.—Dr. A. C. Goode, a returned missionary from West Africa, delivered an interesting address at the Fleming Memorial chapel last evening. Dr. Goode left Africa in August and had trip full of adventure in reaching this country. He will speak at Downs tonight and at Mannington Wednesday night.

Farmers' Club To Meet.—The Pharaoh's Run Farmers' club will meet in the Pharaoh's Run school house tomorrow evening for a meeting at which County Agricultural Agent H. L. Smith will address the members on practice farming. On Friday night a meeting will be held in the school house at Monumental in Fairmont independent district. Interest in the farmers' community meetings is greater than ever this year and from three to four are being held every week.

Grant District Roads.—The committee preparing the road petition of Grant district meeting in County Engineer Wilfong's office, has decided as to what roads would be named in the petition and is now busily engaged in getting signers. It will be presented to the county court inside the next few days.

Road Expert To Talk.—A. D. Williams, state highways engineer for West Virginia, will be one of the principal speakers at a banquet of the Pittsburgh Chamber of Commerce to be held in the Fort Pitt hotel Tuesday evening, January 30.

Church Reception.—All the members and friends of Christ Episcopal church are invited to attend the reception to be given tomorrow night at the home of Mr. and Mrs. W. T. Hartman, on Belmont avenue, honoring the new pastor of the church, Rev. Charles Baird Mitchell.

JOINT COMMITTEE ON GOOD ROADS

Comprehensive New Legislation to be Put Through This Session.

(By Associated Press) CHARLESTON, W. Va., Jan. 16.—From the committees on roads and navigation of the two Houses of the Legislature a joint committee is proposed to include both practical road men and lawyers. To this committee will be referred all legislation relating to roads. The proposition was made to both the president of the Senate and the speaker of the House by A. D. Williams, chief road engineer of the state and met with the approval of members of both houses.

It is the purpose of the legislature, so expressed by advocates of better roads to permit this committee to draft from the many good roads measures introduced, sufficient statutes to permit the permanent roads improvement program that has been planned by the road department. This program was delayed when the 1915 legislature failed to enact Senate Bill No. 327 relating to road building.

A general revision of the present laws relating to the issuance of bonds for roads and other improvements will be made by this committee. It is the purpose to amend and reenact statutes so as to require the submission of all proceedings in connection with road bond issues to the attorney general for his approval which shall be final. Also to provide for the investment of all public sinking funds of any county, district or municipality in bonds of other counties, districts or municipalities, thus keeping all public moneys drawing interest.

Senator Hough, of the first district, has a bill providing for the reclassification of all statutes relating to prison labor and to amend them so that convicts serving time in jails, subject to being made work on the public roads, may be required to go into other counties to perform this labor.

Road Engineer Williams left last night for Washington for a conference with the federal road bureau to arrange for the tracing of a map showing all the main roads in the state connecting the various county seats and other important centers. This will be given to the joint committee to aid in drawing a comprehensive scheme of road improvement. Two members of the federal bureau will be asked to address the joint committee soon.

It was not until early today, shortly before time for convening the Senate that the final decision was reached with reference to the personnel of all the committees. It was made known last night that while all the committees had been arranged that there was probability of changes in the chairmanship of any one of four of them.

Mary Christine Satterfield, little daughter of Mr. and Mrs. Lamar Satterfield, has been ill for several days at her home on Boydston street. Her sister, Lucille, has just recovered from a week's illness.

Mrs. S. J. Hillock, who has been spending several weeks with her parents, Mr. and Mrs. Harry Cook in Grafton, is spending the week here with Mr. Hillock.

Mrs. Arthur Musgrave returned last evening from Harpersville where she had been the guest of relatives for several weeks.

Don't Hurt a Bit! Lift your old, torturous corns and calluses right off with the fingers.

This tiny bottle holds the wonder of wonders. It contains an almost magical drug discovered by a Cincinnati man. It is called Freezone. It is a compound made from ether.

Apply a few drops of this Freezone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you just lift it off with the fingers.

You feel no pain or soreness when applying Freezone or afterwards. It doesn't even irritate the skin.

Just ask in any drug store for a small bottle of Freezone. This will cost but a few cents but will positively rid your poor, suffering feet of every hard corn, soft corn, or corn between the toes, or the tough callouses on bottom of feet. Genuine Freezone has a yellow label. Look for yellow label.

NEW PRICES Matinees daily, all seats 10c. Every night, two shows, 7:45 and 9:00 p. m. 10c, 15c, and 25c.

City Hall Notes

There have been so many passengers on the water wagon since the first of the year that it became necessary for the city to repair its wagon. The paint has been rubbed off and a new coat will be put on today or tomorrow. The street department has no use for the wagon, this kind of weather and therefore the "never again" wagon will not be seen until it is all decorated up. The streets now are in the hands of the street cleaners who have the job of keeping them clear of snow.

WHAT THE DOCTOR KNOWS KIDNEYS MUST BE RIGHT TO INSURE HEALTH.

Few persons realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's Disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in one year, in the state of New York alone. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c and \$1.00.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the West Virginian.
