Isn't it about time you did a little something to **ASSERT YOUR PERSONALITY?** Isn't it about time you thought a little of **YOUR OWN FUTURE?** Isn't it about time you took over your own **WHEEL OF DESTINY?** Hasn't the time about come when you should **LOOK** to the **YEARS** to **COME?** Isn't it about time that you started your own roof for the rainy day of old age?

You cannot retain the right of dependency **MUCH LONGER.** It is written that there should come a time in the life of every man when he must face the turn in the road. It is for every man to say into which road he shall steer. Whether he shall, by his might, ride on the pavement of success, or whether he shall steer onto the crooked and rocky road to defeat and disaster,

The turning of the way is before you! The Great Golden Festival of the West Virginian is the guide post that tells you the way. It gives you the right turn. Directs you to the pavement of success. It points with the hand of destiny, on upward to success. It cannot make you take it, but it **CAN** hold forth ever an alluring promise; the right turn at the wheel, taken at the right time.

The way of success in the West Virginian's Great Golden Festival offers you a start on your fortune without the expenditure of a single penny. Just **ENERGY** and **EFFORT** are all that this great Festival even **SUGGESTS.**

There are many awards. Awards that many work for during an entire lifetime. The West Virginian's promise will be fulfilled in but five weeks more. The first Golden Gift is one thousand gilded dollars. The person who secures the most votes in the Golden Festival will win it. Then there is the second award of five hundred dollars in gold. A small fortune in itself. The person who secures the second highest number of votes will secure the second fortune. Then there are still other valuable awards. Two awards, \$200 each, first awards in each of two districts; two awards of \$100 each, second awards in each of two districts; two awards of \$50 each, third award in each of two districts; two awards of \$25 each, fourth awards in each of two districts. These awards alone are worth the effort of several months, not to say weeks. Then there is the ten per cent commission which everyone will receive who does not win one of the other awards. That will prove a big salary for many an earnest man and woman and youngster.

If you are already in the Golden Festival, let today be **YOUR** day to take a hand at the wheel. Let today be your **TURNING POINT DAY.** Take a hand in your **OWN** campaign and **PUSH YOURSELF** on up to success. If you haven't entered yet, fill out the nomination blank.
