**W**OW!  
For the next three days it will be the part of wisdom to be brief if one has any need to converse with Mr. Sol Burka of the Hippodrome.

He has been made the victim of what the perpetrators probably regard as a huge joke, but "Sol" has ideas of his own. He is mad all over; has blood in his eye and a stiff punch in his right arm for the guy that happens to be so indignant as to recount the tale published about him in the morning paper.

But back of this threatened dire vengeance is a dejected heart. Mr. Burka was not married to a member of "The Kentucky Belles" Company as the report stated. He denies the allegation and what he'll do to the "allegator" we know not. But our heart goes out in sympathy for this very affable young manager, and when the storm blows over we shall offer him our condolence. First because he didn't join the ranks of Benedict and second because someone should pick out an unsuspecting whole-hearted fellow like "Sol" and get him in bad with a lot of admiring ladies who undoubtedly experienced quite a shock when they heard of the supposed marriage.

This is a cruel world, Sol, but cheer up, cherries will soon be ripe!

E. E. Meredith, of Chicago, who is the publisher of "The Show Book" and for a number of years editor and publisher of the leading theatrical weekly in the middle west, "The Breeze," is in this city on a visit to his parents. Mr. Meredith is popularly known among show folks as "Ed," and probably enjoys a wider circle of acquaintances among theatrical people than most men who come in touch with the profession. He was formerly a resident of this city.

The Hoyt & Adams Amusement Company open at the Hippodrome today in a lively one-act comedy called "All Aboard." Among the stars in the aggregation are Anna Stein, Velva Braden, Hal Hoyt, Milt Adams and Gordon Daly.

George Walsh is at the Grand today in a Foxfilm production of "High Finance." Tomorrow at this house will be seen "The Evil Eye," a five part drama by Hector Turnbull, released by Paramount, starring Blanch Sweet.

In this story, the victim is a young woman doctor, who comes to a Mexican colony of grape-pickers in a California vineyard and whose efforts to help the ignorant peasants through an epidemic of diphtheria are met by hostility and treachery. She is trapped into the home of a Mexican, whose baby died while she was trying to save it, and a savage attempt to burn out the offending eye with a red-hot poker is

Miss Anna Stein, as Jessie Marlowe, "A Regular Girl," in "All Aboard," at the Hippodrome today and tomorrow.

only interrupted by the arrival of the vineyard manager. He saves her from the violence of the infuriated workers and while helping her to win back their confidence and devotion discovers their personal devotion and confidence in each other.

Blanche Sweet in the role of the woman doctor looks charming, for it has been demonstrated that it is quite possible for an actress to play a professional woman and look both charming and efficient. Tom Forman as the young ranch manager, is forceful and convincing, and the minor characters in the Mexican colony are picturesque. The scenes in the vineyard and about the homes of the grape-pickers are most artistic.

Manager McCoy announced Saturday that he would, beginning this week, reduce the regular admission price at the Grand to ten cents. The management elaborates on its plans for the future in a half page announcement today showing a galaxy of the stars it will present under the new arrangement. There will be exceptions to the rule, of course, but only in extreme instances when such stars as Bara, Farrar and others of the class will appear in screen productions that cost fabulous sums to produce. In effect the change means that excepting in

a few instances Grand patrons will see the same calibre of productions as heretofore at ten cents instead of fifteen.

Mary Minter is starred in the headliner at the Princess today.

Another one of those thrilling detective stories of the "Vampire" series is featured at the Nelson today, with the Mutual Weekly and "Jerry Minds the Baby" as trailers. "A Master of Thunder" is the title of the headliner and it is replete with sensational episodes and a display of craftiness characteristic of the arch criminals of Paris.

#### OLD STAGER.

**First Eight-Hour Day Demand.**  
The demand that the day be divided into three equal parts, a part for labor, a part for sleep and a part for recreation, resulted in a big strike in London in 1853. The strikers lost. The next year in far-away Australia workers in Melbourne united to secure the eight-hour day and won. So far as the records go this was the first time the principle had been enforced either by statute or through the efforts of organized workers.

### MONONGAH

**Acme Tonight**  
Miss Edna Jones, of Fairmont, will preside as hostess at an entertainment to be held at the home of Miss Hallie Orr of Brookdale, this evening. A good literary and social program has been planned and all members and friends are requested to attend.

**New Ordinance**  
Mayor T. G. Price has recently announced a new ordinance to the effect that in the future it will be unlawful to allow live stock to roam about on the streets and alleys of Monongah. This ruling was made necessary because of the many open lots that are now being used for garden purposes. Those violating this law shall be punished.

**Talbott to Pittsburgh**  
Jim Talbott who has been visiting his friends and parents in Monongah for the past week left yesterday for Pittsburgh, where he will resume vaudeville work with the "Fashion Show" of the Keith circuit. Mr. Talbott is well known in Monongah and has many friends who wish him the best of success as a vaudeville performer.

**Rebuilding Courts**  
Work was begun this morning to rebuild the Acme tennis court near the Brookdale bridge, that was destroyed during the winter by the big floods. Only one of the courts will be rebuilt temporarily for the summer. Next summer the society will probably erect new courts further from the water.

#### Curious to Know.

Says Baldwin Smith to the Jewell Republican: "There are two things I have always been curious to know: What a miser thinks when he starves himself to suit down more money, and what a balky horse thinks when he will take any kind of punishment rather than walk off quietly with a buggy."—Kansas City Star.

#### Pimples Disappear

There is one remedy that seldom fails to clear away all pimples, blotches and other skin eruptions and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, milder remedies disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

### WANTS STATE TO GO INTO SHEEP RAISING

**Secretary Stewart Has Plan For State Aid For Farmers.**

CHARLESTON, May 7.—Commissioner of Agriculture James H. Stewart will ask the special session of the Legislature when it convenes for an appropriation sufficiently large to bring to West Virginia thousands of sheep, which will be sold to farmers of the state and the state reimbursed for its expenditure, it was announced here tonight.

Commissioner Stewart says West Virginia offers exceptional advantages for raising sheep and that the 300,000 sheep now in the state should be increased to at least a million. Thousands of acres of land in the state could be utilized for the raising of sheep, and the land owners, he says, would not only get a profitable price for wool, but it would also mean the increased production of nutritious food.

"I know of no way this department could better serve the state and her people," said Mr. Stewart. "It is a matter which should have the attention of the people in time of peace, but is doubly important now when the Nation is asked to feed the entire world."

**Free Medical Advice.**  
"Don't keep your hands in your pockets," says Dr. C. E. Page of Boston. "Keep swinging them as you walk. This is necessary to obtain needed and essential exercise when walking. Don't simply walk on your hind legs, but keep all four in some sort of motion as nature intended you should do."

**The girl with a clear skin wins**

If you, too, are embarrassed by a pimply, blotchy, unsightly complexion, just try

**Resinol Soap**

regularly for a week and see if it does not make a blessed difference in your skin. In severe cases a little Resinol Ointment should also be used. Resinol Soap helps to make red, rough hands and arms soft and white, and to keep the hair healthy and free from dandruff. Contains no free alkali.

Resinol Soap and Ointment heal eczema and other skin eruptions and usually stop itching instantly.
