TEAMS HAVE A HARD PULL TODAY

Must Go Very Strong if They Are to Go "Over the Top" Tonight.

Favorable reports were received last night in the "over the top" campaign at Grace English Lutheran church, when sixteen workers met in the social rooms of the church. The four teams reported that \$3,815 had been raised during the past few days. Of this amount \$1,415 was collected from the people of the City of Fairmont exclusive of the \$2,400, which the forty laymen of the congregation raised last Saturday night when the campaign was launched.

The first three days in the week were spent largely in organizing teams and getting the cards distributed. The members expressed a determination at last night's meeting that every effort would be extended to reach the financial mark tonight. It will be pretty hard pulling but the workers believe that they will measure up to the difficult job before them.

Spirited talks were given last night by Rev. H. O. Reynolds, the new pastor; Rev. John S. Robinson, who had been acting pastor; and others. Rev. Robinson's remarks were quite humorous and he stirred the workers very enthusiastically.

The real rivalry between the teams has developed between the special team, which has \$955 chalked up, while the White team has run up a total of \$588. The Red team has \$152 while the Blue team has \$240. These figures are exclusive of the \$2,400 raised at the church the first night, which will be about \$500 additional to each team.

Some of the teams had not seen their prospects yesterday because many of them were out of town, but the workers were strictly on the job. Today's whirlwind finish must come strong if the campaigners are to reach their goal.
