Elizabeth Man is Judged Disloyal

(By Associated Press) PARKERSBURG, Feb. 22.—H. E. Kirchner prominent merchant of Elizabeth, W. Va., near here, was today found guilty of violation of the espionage act in Federal court here after the jury had deliberated for about two hours.

He was charged among other things with making disloyal remarks concerning the government and with obstructing draft.

Immediately following announcement of the finding of the jury counsel for the defense made a motion to set aside the verdict and this matter will be argued before Judge Dayton late this afternoon.

Kirchner was found guilty a few weeks ago in Federal court of evading payment of the war tax by buying a ticket from his home to an intermediate point between Elizabeth and this city and then purchasing another ticket for the rest of the distance.

Esthonians Welcome German Invaders

(By Associated Press) BERLIN, Feb. 22.—A regiment of Esthonian troops has gone over to the Germans the war office announces. The Esthonians have captured Hapsal on the coast near entrance to the Gulf of Finland. They marched into Riehsitsa about 100 miles southeast of Riga and were received with rejoicing by the inhabitants, the statement says.

Further south the Germans pushed on to Louzin. Minsk was also occupied. The Germans came into touch with Ukrainian and other columns marching on the Volhynian fortress of Dubno. Esthonia is one of the Baltic provinces of Russia into which Germans began an advance on the opening of hostilities giving the explanation that these provinces were largely German and that Bolsheviks were persecuting the inhabitants.

Much Food Saved On Meatless Day

(By Associated Press) WASHINGTON, Feb. 22.—Meatless days in the United States have saved 140,000,000 pounds of beef in four months, the food administration announced today. During this period 165,000,000 pounds of beef were exported to the allies together with 400,000,000 pounds of pork products. The figures were made public in a statement explaining why the food administration refused requests of cattle and sheep growers to remove beef mutton and lamb from the conservation rules with regard to meatless days. The administration again declared that meatless days were established for the purpose of enabling the United States to feed the allies by saving on meat consumption.

Health Conditions In Camps Better

(By Associated Press) WASHINGTON, Feb. 22.—Health conditions in all American army camps showed a decided improvement during the week ending February 15 and for that week there was a lower death rate in all camps than at any other time since last November.

WASHINGTON DAY MEETINGS TONIGHT

Programs Arranged Will be Carried Out Throughout the County.

In keeping with the program arranged for Washington and Marion county people this evening will celebrate Washington's Birthday by holding a series of meetings. Meetings will be held this evening in the High, Barnes, Miller, White, Central and Dunbar schools and at Norwood. In the county a number of meetings are scheduled to take place also. At a late hour this afternoon it was said at the office of the County Council of Defense that all the meetings will be carried out in accordance with the plans arranged.

The Sons and Daughters of the Revolution are observing Washington's Birthday by enjoying a light luncheon and addresses were delivered by Hon. F. T. Martin, of Clarksburg and Hon. J. H. Moreland, of Morgantown. Mrs. George DeBolt related the activities of the Daughters of the American Revolution in this section.

One of the most interesting of the community meetings will be that at the High school where the following program will be rendered: Song, America; 2. Invocation, Rev. Baird Mitchell; 3. High school quartet, "There's a Long, Long Trail Winding;" Miss Pauline Reed, Miss Louise Rock, Mr. James Annyll, Mr. Raymond Salvati; 4. Address, Hon. O. S. McKinney; 5. Song, Battle Hymn of the Republic; 6. Address, Judge W. S. Raymond; 7. Star Sangled Banner; Rev. Mitchell, presiding.

SECOND PHYSICAL EXAMINATIONS ON

One Hundred and Fifty Five Men Will be Examined This Time.

The second physical examination held by the local draft board under the new selective service regulation began at the Y. M. C. A. this morning. Examinations will continue tomorrow. In these two days 155 men will be examined.

Eighty five of the 155 called for the two days were summoned to report this morning. There were several delinquents but most of the men summoned were on hand. The percentage of men passing the examination this morning was much larger than the percentage passing the last examination. Most of the men taking the last examination had already been rejected because of physical inefficiency.

The examination this morning was in charge of Dr. C. M. Ramage and John Henshaw and was held in the auditorium of the Y. M. C. A. Dental examinations were made by Dr. H. L. Satterfield at his office on Main street. Men whose condition are questionable are sent to the Medical Advisory board which will convene at Cook hospital this evening at 7:30 o'clock. It will be several days before the men examined this morning are final-

ly passed upon and registered as "physically fit" or otherwise. Tomorrow morning beginning at 8 o'clock examinations will continue. Some of the men are summoned to appear at 8 o'clock others at 9 o'clock and others later in the morning.

National Army Men Parade in New York

(By Associated Press) NEW YORK, Feb. 22.—A parade of ten thousand troops from the 77th division of the National Army at Camp Upton part of the Metropolitan division was the distinguishing feature of Washington's birthday celebration in New York.

Barnes Districts State. J. Walter Barnes, Fuel Administrator for West Virginia, has found it advisable to divide the state into eight different districts, in order to facilitate the work laid out by the Federal Fuel Administration. He finds a need for a territorial unit between state and county in order to handle the administrative matters and believes that there are certain groups of counties which have the same fuel demands and practically the same source of supply. The eight districts named are:

- First—Hancock, Brooke, Ohio, Marshall and Wetzel.
- Second—Marion, Monongalia, Preston, Taylor, Barbour, Randolph and Tucker.
- Third—Mineral, Grant, Morgan, Berkeley, Jefferson, Hampshire, Hardy and Pendleton.
- Fourth—Harrison, Doddridge, Lewis, Gilmer, Webster, Braxton and Nicholas.
- Fifth—Wood, Pleasants, Tyler, Ritchie, Wirt, Calhoun, Jackson, Boone and Mason.
- Sixth—Cabell, Wayne, Mingo, Lincoln, Logan and Boone.
- Seventh—Kanawha, Fayette, Putnam, Raleigh, Summers, Monroe, Greenbrier and Pocahontas.
- Eighth—Mercer, Wroaming and McDowell.

Mine Foremen in Demand.

Capable mine foremen are always in demand in the Fairmont district and there is splendid opportunity for the miner who aspires to a responsible position in connection with mining. The mine foreman is a very responsible position, too, being classed by leading operators of the region as the "hub" in the production of coal. The state in its production of coal. The mine foreman the "boss" in the mines and make him responsible to the state both as to the conduct of the mines and in regard to the safety of the men. The mine foreman make good wages, being paid as much as the bankers, as is often pointed out in connection with the money paid out for the producing of coal. There is not only a demand for mine foremen but for men for fire-boys, and tippie foremen. The mine foreman is often advanced to mine superintendent when he proves himself capable though the fact that a man is a first class mine foreman does not necessarily fit him for the du-

ties of superintendent. The mine foreman must not only have practical knowledge of mining but to pass the examinations he must have technical information. It is probable that the acquiring of the latter frightens many miners from aspiring to more important positions.

Coal Notes. E. E. Winters, railroad inspector of the public service commission of West Virginia, was taken ill with ptomaine poisoning at Clarksburg and rushed to Huntington where he planned to enter a hospital. He had been engaged on work in northern West Virginia in connection with the zoning system planned. Ray E. Doyle, aged 27, boss driver at the Elkhorn Coal company's plant at Mt. Claire in Harrison county, was killed by being kicked by a horse. He leaves a wife and two children. F. J. Patton was in Clarksburg yesterday attending the Clarksburg Coal club dinner.

The First National Bank building at Uniontown will be sold at auction Saturday afternoon to the highest bidder. The forces that have opposed the sale, with the idea of protecting interest in the J. V. Thompson property, are said to have finally agreed to the sale.

'First in War, First in Peace,' First in Thrift

ON the anniversary of the birth of George Washington, the nation pays homage to the memory of this great man. No tribute at this time can be more fitting than a firm resolve to practice "thrift."

Like the words of father to son, down through the years, comes the advice of "The Father of His Country" to the people of America today:

"Economy makes happy homes and sound nations—instill it deep"

Washington's America fought for the principles of liberty and humanity just as the America of today fights for these principles. Washington knew the terrors that war held for the thrifless—he knew that national thrift is necessary to win a war.

You who revere the memory of Washington, heed his words. Make thrift your every-day rule of living, and regularly put a share of your savings into
