To Make Wash Day Comfortable This Summer

Avoid the steamy wash-boiler and hours of hard, perspiring rubbing. You need never be uncomfortable on a hot summer's day if you use Fels-Naptha soap.
Just wet the clothes, rub a little Fels-Naptha into them and set them to soak in cool or lukewarm water. While the perfect combination of soap and naphtha is routing out even the tiniest particles of dirt and grime, you can be lazing comfortably on the porch. And, after the clothes have soaked thoroughly, all you need do is to rub them lightly, rinse and then rinse thoroughly.
That's a big improvement over the old way, and it saves the clothes just as much as it saves your time and effort.
The Fels-Naptha way is the comfortable way. Get Fels-Naptha from your grocer, and use it every wash-day.

Cluowomen Interested.
Members of the Woman's club are very much interested in the production at the Nelson Tuesday and Wednesday of this week of the Blue Bird by Materialink. This is an Artcraft film.
It is the intention of the Nelson theatre management to produce pictures by the Artcraft people regularly if patronage will warrant, probably twice a week.
The pictures produced by the Artcraft people are the finest examples of playday now offered.
The woman of the city are urged to see them when offered, and to send their children to see them with the absolute certainty that the production will be clean and free from any suggestion whatever.
The Artcraft representative was here the first of the month in conference with the committee from the Woman's Club and Mr. Nelson of the Nelson theatre. It is the sincere wish of the club that the women and children and young people of Fairmont have at least one opportunity a week to attend a moving picture show that is absolutely guaranteed to be free from adverse criticism in every particular.
If the women will patronize the Artcraft pictures and send their children to see these pictures by the theatre, then this opportunity may continue with us.

ESSAYS ON THRIFT SENT TO CAPITAL

Papers by Fairmont Girls Will Go Into the Records.

For the purpose of securing data concerning the methods employed by school children to secure money for the purchase of War Savings and Thrift stamps, the National committee of War Savings Stamps at Washington recently sent out requests to groups of cities that they submit three of the best letters or stories composed by children in the schools.
City Superintendent of Schools O. S. G. Wilson received one of the requests and at once appointed a committee of teachers to choose from among a number of such letters and stories submitted by pupils of the Butcher and Miller schools the three which in their judgment would best answer the purpose. These two schools were the only two schools that were asked to do this work.
The committee composed of Misses Eva Brand, Millie Ice and Nova Curry selected the following three letters which will be forwarded to the chairman of the National War Savings committee. The letters selected were all written by girls, two from the Butcher school and one from the White school. They are:

Dear Mr. Buckley: I am going to tell you how I am trying to do my bit in this war. I have one War Savings stamps, but it will take more to lick the Kaiser.
I earn my money by fetching water from Watson's spring to my eleven customers. I haul it in my little wagon. My customers pay me five cents a gallon. I make from twenty-five to sixty cents a day.
This summer I am going to have a war garden and make some more money, although the garden will be

BETTER THAN THE SURGEON'S BLADE

Was Nerv-Worth in Its Effects on Mrs. B. R. Fisher's Health.

In this strong local statement the spirit of gratitude is outstanding. And no wonder. Who would not be thankful for restored health after months and months of suffering.
Crane's Drug Store—I can certainly praise Nerv-Worth. Have been in ill health for past three years. Been operated on once and after taking three bottles of Nerv-Worth I am sure it has done me more good than the operation. Praise to Nerv-Worth.
MRS. B. R. FISHER,
325 Madison Lane, Fairmont.
Nerv-Worth whets the appetite, betters digestion, rouses the liver, regulates the bowels, restores restless sleep, steadies the nerves, banishes sick and nervous headache and other aches and pains, builds up rundown systems. If it fails to do this for you Crane's drug store will hand your dollar back.

How You Can Get Money to Buy Thrift Stamps.
"Hello, Bob, where are you going?"
"I," answered Bob, "am going to the postoffice to get some Thrift stamps; will you come along?"
"All right, I'll go," replied Jim.
"How many stamps do you have, Jim?"
"Well, I'm sorry to tell you but I don't have any. I've just got enough money to spend for my own needs. How do you get enough money to buy them?" answered Jim.
"Well, I work in the store every Saturday, carry water for my neighbors every day after school, and in our garden run errands and many other things like that. Then I don't go to the picture show as often as I used to, and I don't get any more marbles," but before Bob could go on they had already reached the postoffice.
"I took out one dollar and prepared for Thrift stamps. He was about to go when Jim told him to wait. He took out twenty-five cents and started an account."
"What made you do that?" asked Bob.
"Oh, I thought going to the picture show and buying candy and marbles was some necessary needs, but since others can afford to do without them I can, too."
ELEANOR COBURN.

By the way, Bob, I'm going to start a garden tonight. And do you know any grocery where I could work in on Saturdays?"

How I Earn Money to Buy Thrift and War Savings Stamps.
This is how I earn money to buy Thrift stamps with taking my duties from morning till night.
Taking all considerations I am not the best person to get up early and if I get up without being coaxed, for a week, I get a dime. After I come home from school in the evening I wash the dishes and give the kitchen a little cleaning as scouring the sink, washing the stove and the oil cloth on the kitchen table, and sweeping the kitchen and kitchen porch. About thirty minutes before supper I put the things in shape for supper and a good many times I fix corn bread and every time it turns out to be good I get a dime and this way I earn on an average of fifty cents a week.
After supper I feed the chickens and lock them up for the night. I will, later in the summer, water the garden and pull weeds. On Saturday I help mother around home by dusting and scrubbing which are two things I don't coax to do.
I was given an allowance every week for different articles and I save two-thirds of this and a penny saved is a penny earned. In doing this little work and saving I save about one dollar and fifty cents. This I spend for Thrift stamps.

DAVIS MEETING TO BE WELL ATTENDED

Solicitor General of United States Here on Wednesday.

Indications are that a very large turnout of people will be on hand to hear the address of Hon. John W. Davis, of Clarksburg, solicitor general of the United States, at the First Presbyterian church on Wednesday evening. His address will be in the interest of the Red Cross campaign, which will be put across this week in Marion county for \$30,000.
Mr. Davis is very favorably known in this county. The subject of the speaker will be "The Great War and the Red Cross." Mr. Davis will be presented by Hon. William S. Haymond, Judge of the Circuit court of Marion county.
I was given an allowance every week for different articles and I save two-thirds of this and a penny saved is a penny earned. In doing this little work and saving I save about one dollar and fifty cents. This I spend for Thrift stamps.

tion incident to the 75th anniversary of the founding of the Grand United Order of Odd Fellows in America, which was held in the auditorium of the old Normal school. Captain F. D. Flint, grand treasurer of the order, of Clarksburg, was in attendance. A very excellent patriotic address was delivered by Harry E. Engle, assistant cashier of the Fairmont State Bank. His hearers were very much impressed with his remarks and tendered him a standing vote of thanks.
Prior to the exercises a street parade was held down Main street and 200 colored Odd Fellows together with the Household of Ruth, which also joined in the celebration, were also in line. They included the officers of Mountain City Lodge, 583; the Encampment and Patriarchs Militant.

Independents Defeat Monongah All Stars

The South Side Independents defeated the Monongah All-Stars in a close and exciting game at South Side park yesterday afternoon by a 15-14 score. The two teams met at Traction park one week ago the Monongah team winning a thirteen inning game by a 6-5 score.
It is likely that third game will be arranged for some date in the near future to decide the honors.

To Contribute to the Red Cross War Fund is to Help Vitalize in the Saving of Lives and Winning the War

The American people are in the war to the finish. We have to win and we shall win but every man, woman and child must help.

To win we must have Doctors, Surgeons, Nurses, Hospitals, Clothing Medicines and we must furnish the money to provide them.

Every dollar of the war fund goes to war relief—to care for our soldiers and sailors wherever and whenever needed.

A Real Way to Hooverize

The Gospel of Hooverization is preached by every Bohn Syphon Refrigerator placed in the home. The text of the sermon might be "The Sanitary Preservation of Food on a Lower Ice Consumption." Inadequate air circulation in a refrigerator produces odor, tainting the butter and milk, and causing the rapid deterioration of otherwise wholesome food. With the Bohn Syphon System this is impossible. A chilled, purified current of air is continually circulating through all portions of the provision chambers. Any odors that may arise from fruit, vegetables, cheese, etc., pass out of the provision compartments through the syphons and over the top, where all impurities are condensed and carried off with the moisture.

The use in the home of the Bohn Syphon Refrigerator contains lined means real economy—it Saves as it Serves.
