## BASEBALL TALK AT W.V.A. UNIVERSITY

### Will Be Plenty of Material Out of Which to Build a Team.

MORGANTOWN, Feb. 13.—Already the season of baseball has started here at West Virginia and of course the talk turns to the probable strength and general makeup of the West Virginia team.

The fact that Shelby is again insured as coach has excited interest among many who follow his sensational career in college as well as his success with the team last year when he won 14 in games played.

There should be no dearth of material for a team. Mort Gregg, the leading pitcher of last year's team, has been mustered out of the active service and is again in school. He led the team at fielding last year and otherwise his service was high. In view of the fact that he has practically his first catching experience, great things are looked for in the infield. Rodgers and Armstrong, short stop and second baseman respectively, are on hand and this pair would have their greatest year. "Bill" Garden, second sacker in 1917 will also be back and it is possible that either Garden or Armstrong will be made over into a third baseman to fill the hole left by "Mickey" Flinn's graduation.

In the outfield, the whole trio is again on hand, including "Biz" Dawson, whose great work both at the bat and in the field was one of the features of last year's team, and Dorsey and "Big Joe" Harrick, all three of whom, in fact, are reliable both at the bat and in the field. The supply of pitchers is not plentiful, but Jack Ostermer is here and if he equals his performance of last year he can be quite a factor for practically all the important games. Charlie Garden, last year's utility pitcher, will also be here and it is rumored that several of this year's freshmen class have pitching ability. This is true, too, of several outfielders and infielders and among those reputed to be good baseball material are Martin, Behen and Alleman of the baseball squad, "Bernie" McManon, the former Cathedral High player and several others.

**EAST SIDE NEWS**

You Are Invited.  
A week or ten-days' meeting will begin tonight (Thursday) at the First M. E. church. Subject for this event is "More to Follow." Also services theme "Hell and those who go there." There will be good singing, so come and enjoy these evenings with us.

**New Feed Store Opened.**  
A. G. Springer and brother, Carl D. Springer, have opened a feed store in the building formerly occupied by J. P. Vandiver in Morgantown avenue. A. G. Springer will be the manager and will keep a good supply of everything usually found in a general feed store. Both are well known and popular young business men and will no doubt make a success of their new undertaking.

**Very Ill.**  
Mrs. V. H. Corwell, of Jacobs street, is very ill with influenza and complications. Mrs. Corwell has many friends who hope to hear of her speedy recovery.

**Missionary Meeting.**  
There was a large attendance at the meeting of the Home Missionary society of the Diamond Street M. E. church on Wednesday at the home of Mrs. J. Elbert Wells in Market street. Two new members were received into the society. The next month's meeting will be held at the home of Mrs. S. H. Satterfield in State street.

**New Son.**  
A son was born Wednesday to Mr. and Mrs. B. M. Summers, of Catawba. He has been named Robert Bruce Summers. Mrs. Summers was Miss Ruth Michaels before her marriage.

**Very Ill.**  
Mrs. Agnes Cotter is very ill with influenza at the home of her mother-in-law, Mrs. Alice Cotter, in Vermont avenue. Two sons of Mrs. Cotter, Robert and Bruce, are also ill with the disease.

**Chapel Exercises.**  
A Roosevelt memorial chapel was held at the Central school Wednesday morning. The program was given by the Freshman class of the High school under the direction of Miss Anna Star. Reminiscences and short stories of Roosevelt were told by a number of the students and a song by a number of girls was very much appreciated by the school. The program was most interesting and instructive throughout and was very much enjoyed by all.

**Personals.**  
Miss Lucille Springer, is ill at her home in Market street.  
Mrs. James Thomas, of Ferry street, is recovering from a several weeks' illness.  
Mrs. John Brown, of Columbia street, who has been quite ill, is improving.

## Cavell Case Film at Burt's Theatre

The bare facts of the Cavell case as screened at Burt's theatre, Man-nington today furnish one of the most dramatic and unforgettable incidents of the great war. Anthony Paul Kelly in adapting the historical event to the screen has added but little of a romantic nature in order to give the story a stronger human interest. The picture, which is entitled, "The Woman the Germans Shot", is a straightforward and uncompromising screen-telling of the facts leading up to the murder, and its principal character is acted with dignity, feeling and an excellent quality of green art by Julia Arthur. John G. Adolph directed the production and handled his forces with skill and judgment.

The opening scenes take place in England when Edith Cavell is a young girl. George Brooks, an English lad is in love with Edith, but she has decided to devote her life to the relief of suffering, and the young fellow joins the army. Twenty-five years later Brooks returns from Africa accompanied by his son. The father is blind and Edith helps to take care of him after he is operated on. His sight is restored. The war breaks out and Edith Cavell goes to Belgium as a nurse. Frank Brooks, now a British soldier, is captured by the Germans. Edith Cavell aids him to escape. Frank gets back safely to his father and his sweetheart, and Edith is tried and condemned for assisting him. The scenes of the trial and the execution are carried out according to the pub-

**DELEGATTI ON THIS SIDE.**  
Frank Delegatti, son of Antonio Delegatti, the well known fruit merchant, arrived at Hoboken yesterday from France where he has been in service for several months.

Experiments in Norway with a view to extracting salt from ocean water by means of electricity have been successful, and two salt factories will be started in the near future. Each factory is calculated to produce 50,000 tons of salt a year.

## BORNCIAL TROUBLE FOR 16 YEARS, AND COUGHED CONSTANTLY

Then Mrs. Crawshaw stopped Her Cough so quickly it Alarmed Her.

"I had suffered with lung trouble, bronchial trouble and asthma for 16 years. In January, 1904, had an unusually severe spell, resulting in pneumonia and was confined to my bed for 4 months. Then I began to mend, but my cough never left me.

The following October I tried Milks Emulsion. In taking it a few days my cough went away, and ceased entirely after taking another bottle—so sudden, in fact, that I became alarmed. Getting over my first bottle I had coughed for 16 years, but my cough ceased entirely for 16 years. I had the best medical assistance and used all kinds of medicines until I became skeptical. But the results from Milks Emulsion were nothing short of marvellous."—Mrs. J. B. Crawshaw, 1438 Grand Ave., Des Moines, Iowa.

For real quick results in bronchial or other severe coughs, or hard colds, Milks Emulsion is really remarkable. The whole system is built up and strengthened to throw off the trouble.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly returned. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by W. R. Crane Drug Co.

## LOCAL "Y" BEATS SALEM COLLEGE FIVE

### Fairmont Five is Making Good on Its Trip Abroad.

Fairmont Y. M. C. A. last night defeated Salem college at Salem by the score of 45 to 29. The score at the end of the first half was 12 to 11 in favor of the "Y" team. Knight, of the Fairmont team, played a bang up game for the visiting five and made thirteen baskets.

Wilson injured his knee in the last half and this will probably interfere with his playing in the Wesleyan game at Buckhannon and the Davis-Elkins College game at Elkins on Friday and Saturday, respectively. The line up and summary will be as follows:  
Fairmont, 45. Salem College, 29.  
Fleming ..... Keys  
Forward ..... Williams  
Knight ..... Forward  
Meredith ..... Trum  
Center  
Jeffrey ..... Roach  
Guard  
Wilson ..... Pratt  
Guard

Field goals—Fairmont "Y," Knight, 13; Jeffrey, 6. Salem, Keys, 4; Williams, 4; Trum, 1.  
Goals from foul line—Fairmont "Y," Knight, 7 out of 9; Salem, Williams, 11 out of 16.

## Why Swift & Company Handle Poultry, Eggs, Butter and Cheese

Swift & Company went into the produce business because they saw a crying need for the kind of service they were equipped to perform.

The produce business was in chaos. Collecting, transportation, preparation and distribution was hit-or-miss, with delay, deterioration and loss on every hand.

The farmer was at the mercy of an uncertain, localized market. He had no way of reaching through to the people who needed what he was raising for them. There was no premium upon improving his stocks for grading was lax or lacking.

The consumer had to accept produce that, as a rule, had no known responsibility behind it. He had no way of knowing how long the eggs or the butter he was buying had been lying around in miscellaneous lots in the back room of a country store. Much of the poultry was not properly refrigerated before shipment or properly protected by refrigeration in transit.

Swift & Company's initiative brought system to this chaos. Their organization, equipment, and experience in handling perishable food products were already adjusted to the task. Their refrigerator cars, branch houses, central points, far-reaching connections, trained sales force, supplied just what was demanded.

Now the farmer has a daily cash market in touch with the nation's needs with better prices. Standardization makes better produce more profitable. More consumers are served with better, fresher, finer foodstuffs.

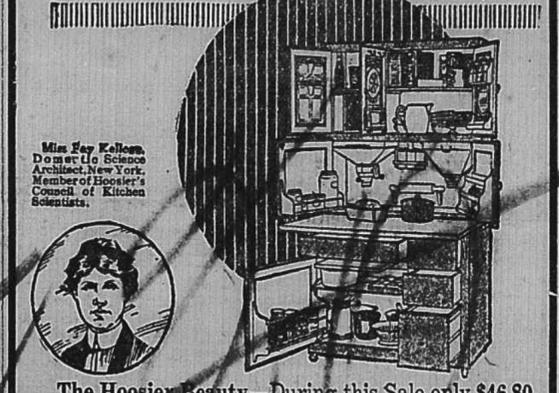

Nothing suffers from this save inefficiency, which has no claim upon public support.
