

BELGIANS NOT YET READY TO FORGIVE

Persons Who Supplied Germany Are Being Heavily Taxed.

BRUSSELS, Oct. 6.—(By The Associated Press.)—Although it is now many months since peace was signed, there are indications each day in Brussels and elsewhere that the Belgians are not yet ready to "forgive and forget" the German invasion and occupation. There is a demand that the German words on the numerous German passenger cars which one sees on Belgian lines be changed and replaced by French.

German traitors are still being tried while business men are up in arms against Belgians who furnished the enemy with goods during the occupation. The government needs resources and it is proposed to tax those unpatriotic persons 30 to 40 per cent. of the amounts involved in the provisioning of the late enemy. These business men who have addressed a formal letter to the government also say that these persons whom they characterized as "traitors" are also receiving government contracts and they want a stop put to it. Some of the socialist ministers also are being attacked in the press for their unenergetic attitude toward the Germans. The electoral campaign is on and some of these ministers are seeking reelection.

A law is being urged to deprive of civil rights all persons who dealt with the enemy. These are only a few instances of which there are many showing the state of mind of the Belgians.

EXPECTED COAL

(Continued from page 10C.)

Monongah division. With coal transportation affected as it will no doubt be with the strike on this coal will be sufficient to tide the system over for an indefinite period. The indications are that today's loading will also be at least partially commandeered by the B. & O. railroad. The exact basis on which the coal is taken from the operators is not announced, but it is presumed that it will be on a priority arrangement as was in force during the war.

Strike Situation.
Naturally the sole topic in coal circles today is the big coal strike, which is effective at midnight tonight.

Operators generally believe the strike, if it takes place, will be short lived and some even say the miners will be back to work in less than two weeks. On the other hand the miners say they will remain out until the demands are granted.

No trouble is anticipated in the region as the miners as a whole in the Fairmont field have been peaceable in the past. The best of feeling appears to exist despite the oncoming strike.

A number of operators apparently will not have their mines policed, although perhaps others will have. Little hope is expressed as to much

of a production for Saturday—the opening day of the strike.

Daily Car Supply.
Empty cars are numerous on the Monongah division of the B. & O. railroad today, they numbering 2,515 while the cars ordered but 1,587. The placement is most ideal at 1,848. Cars left over from the previous day number 587. The cars today on the division are classified as follows: Open, 2,515; cokes, 2.

On the Monongahela Railway today there is a 100 per cent. car supply. There is a full run in sight for Saturday's loading, but with the strike on the cars naturally will not all be loading as most of the district is organized. Today's placement is 395. It is said that probably 40 cars have been ordered for mines along Scott's run for Saturday.

Officials Return.
George B. Taylor, assistant general manager; J. C. Jamison, general superintendent of the Pennsylvania operations; R. E. Jamison, purchasing agent, and J. S. Amend, auditor, of the Jamison Coal and Coke Company, returned to Greensburg, Pa., yesterday after visiting the West Virginia operations for several days.

Railroad Fuel.
Railroad fuel loaded on the B. & O. on Thursday totaled 28 loads. Shipments ran about normal for the railroads except the P. & R. increased its shipments, Boston & Maine secured a small shipment.

Embargoes Lifted.
Fed embargoes are now on the various coal piers. About the only embargoes still on are Greenwell, the P. R. R. pier at Philadelphia and Canton, the P. R. R. pier at Baltimore.

United Mine Workers.
Sanford Snyder, international organizer, returned from Indianapolis this morning. He attended the recent conference held there. Mr. Snyder was accompanied by C. F. Keener, president of district 17, who returned to Charleston district.

United Mine Workers officials are today making a drive to organize several unorganized mines along Scott's Run today. The representatives in the field are: W. F. Ray, district board member; Nick Alell, district board member; Sanford Snyder, international organizer; John Custalac, district organizer and J. L. Ballard, international organizer. They expect to line up these mines tonight according to officials at the Fairmont office.

Mr. Bell Returns.
George T. Bell, executive vice president of the Northern West Virginia Coal Operators' Association returned today from Washington, D. C.

Taking Long Trip in Search of Moose

W. G. Kelley, L. Gillette and Dr. C. H. Neill left today in the former's automobile for an extended moose hunting trip in Canada. The party will drive by way of Wheeling to Cleveland, Ohio, where they will take the lake boat to Buffalo, N. Y., thence by automobile to Toronto, Canada. From there they will go by railroad into the Georgian Bay country, near Sault Ste. Marie. The last 150 miles will be traveled in canoes to the hunting ground. The party expects to be gone about three weeks and have received several orders for fresh moose meat to be delivered in Fairmont for Thanksgiving.

The sugar production of the province of Matanzas, Cuba this year was the greatest on record, amounting to 4,831,400 bags of 325 pounds each.

PERSONALS

J. C. Robinson former city treasurer who resigned that position some time ago has accepted one with the auditing department of the Monongahela Valley Traction company and will assume his new duties shortly. This will mark his last day in the treasurer's office.

Dr. and Mrs. G. W. Keener have purchased property in Grafton and are moving there where they will spend the winter. Dr. Keener went to Grafton today and Mrs. Keener went there yesterday. Dr. Keener will open up an office in Grafton for the practice of his profession.

Mr. and Mrs. Ray Moss who had been the guests of Mr. and Mrs. P. T. Huddleston are leaving today for their home at Richmond, Va. They will stop off at Cumberland, Md., en route home.

Mrs. Herschel Barnes has returned from Clarksburg where she had attended the sessions of the West Virginia Federation of Women's Clubs.

A son was born to Mr. and Mrs. A. E. Lewis at Cook hospital last evening. Mr. and Mrs. Lewis reside on Benoni avenue.

Mrs. W. D. Fortney underwent an operation this morning at Cook hospital.

A daughter was born to Mr. and Mrs. Cole Davis of Gladden street on Wednesday at Cook hospital.

House Too to Pledge Support to Govt.

(By Associated Press)
WASHINGTON, Oct. 31.—Republican leaders of the House today agreed to press adoption of the resolution approved yesterday by the Senate pledging support to the national administration and all others in authority in their efforts to meet the present industrial emergency.
