WEST VIRGINIAN IN NEAR EAST RELIEF

Leonard C. Hubbard Sends An Appeal to His Fellow Mountaineers.

CHARLESTON, W. Va., March 1.—From a West Virginian to West Virginians comes perhaps the strongest appeal that has yet been made through the press of this state for support of the campaign for funds with which to save from death the remnant of the peoples of Armenia and Syria.

Addressing a telegram to the state headquarters of the Near East Relief, Leonard C. Hubbard, Mercer county young man who sailed Friday for Constantinople, stated that the newspaper of the state publish his personal appeal in behalf of a cause for which he has left everything behind to enlist as a relief worker.

Mr. Hubbard and 33 others sailed from New York and will go direct to the Turkish capital. From that city they will be dispatched to the posts where their services are most needed in view of recent reports of murder and massacre coming from the Aleppo district and from Marassa, the service into which these volunteers have gone is regarded as particularly hazardous.

Mr. Hubbard's appeal follows: "On the eve of my departure for the Near East to serve, as best I may, the suffering peoples of the Bible lands, I wish to make this personal appeal to my friends, and to citizens generally in my native state, to do all in their power here at home to support the cause in which I have enlisted.

"The appeal of the starving thousands of western Asia must not be ignored by the Christian people of America. Reports reaching national headquarters of the Near East Relief show that hundreds of adults and at least 250,000 little homeless children opportunity to do my share in saving the lives and ministering to the welfare and upbuilding of these people. You at home should feel that your part, the most important of all, is likewise a privilege. You may not be able to go, but at least you can give.

"On your generous hearts everything else depends."

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body. The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs. Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well. Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

Woman's Weakness—How Cured

Lynchburg, Va.—"I was suffering with woman's weakness and catarrh of the uterus. I was in a miserable state when I began taking Dr. Pierce's Favorite Prescription and Golden Medical Discovery together. I was completely relieved of these ailments and made strong and healthy by their use, and I felt like a different person." MRS. SAMUEL LAYNE, 501 Johnson St.

For Young Mothers

Charlottesville, Va.—"Dr. Pierce's Favorite Prescription is the grandest thing that ever came into existence for young mothers. I did not know of this during my first pregnancy and in consequence I suffered with my nerves, and for the last two months I was never comfortable. I cannot describe the comfort Favorite Prescription brought to me mentally and physically, and I had practically no suffering—the only comparison I can give is that there was as great a difference as between black and white. I was also able to nurse these last two, which was impossible with my first baby, and it was the fact that caused me to lose him when he was only six months old. My two girls have always been healthy and strong and I am sure that my own health has been improved by taking this wonderful tonic at the time my system most needed it." —MRS. MATTIE GLASS, 917 West St.

Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for mankind—beets, carrots, strengthening grains, bearing-down pains, menstrual irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of Favorite Prescription Tablets.
