TODAY'S KWIZ

In this space each day, The West Virginian will print this novel educational feature and ten questions propounded are scientifically selected to test the extent of your fund of general knowledge. The idea is to write out your answers to the questions to-day and compare your answers with the correct ones in the space tomorrow.

- Answers to Yesterday's Kwiz.**
- Children born between the first and the fifteenth day of April are under the influence of Aries, the head sign of the zodiac. They succeed in intellectual pursuits and positions in life where brain work only is required of them.
 - The "lucky stones" for persons born in April are bloodstones and Jasper, and the fortunate jewels are diamonds and amethysts.
 - Christopher Columbus discovered Santa Maria de Guadalupe, as he named it, in 1493.
 - France lost 57 per cent. of her male population between the ages of 18 and 45 in the World War.
 - The iceless refrigerator is a recent invention on the thermos principle, maintaining the required temperature without ice or water.
 - "Remember the Alamo" recalls to Americans the massacre by Mexicans of the defenders of the Alamo Mission in San Antonio, Texas, in 1836.
 - Lepold Auer, born in Hungary in 1845, but now a resident of New York City, is considered the greatest master of violin technique now living.
 - A modulation of intonation of the voice or of a musical instrument is a cadence.
 - The Prophet Mahomet, founder of the Moslem religion, was born in April.
 - When the snow lies 3 feet on the level, there are 6,534,000 cubic feet of it on a 50-acre farm.
- New Questions.**
- What is sophistry?
 - What is a sternum?
 - Who are the "Three Weird Sisters"?
 - What was Russia's leading export before the war?
 - What was the amount of Russia's export trade in the last normal business year before the war?
 - What is a Federal Reserve Bank of the United States?
 - When was the first historical mention made of billiards?
 - Where is the "Garden of the Gods"?
 - What is a husbandman?
 - Why are fresh radishes a healthful food?

The vehicles have been in the custody of the sheriff for some time, having been confiscated under the law prohibiting the transportation of intoxicating liquors. Judging from the number of inquiries, the bidding will be lively.

Hounds on a Trip—Howard Glover left at one o'clock this afternoon for Pierce, W. Va., taking the sheriff's bloodhounds in response to a telegram from Frank Susco, of that place. No details were given.

APRIL 1 FROLIC FOR THE ROTARY CLUB

Fairmont's Rotary club had a frolic at the Y. M. C. A. last night, but for a few minutes it had all the earmarks of a fight and the members who were not in on the joke were more than a little wrought up.

It all happened when R. T. Cunningham, with the utmost seriousness interrupted the arrangements for the reception to club membership of Captain Pickering, of the Salvation army, who was elected at the meeting last week. Mr. Cunningham challenged the right of Captain Pickering to belong to the club in spite of the election, which, by the way, was unanimous. That started a nice little argument which ran the gamut from politics to theology before it was stopped. The end came when it was agreed to vote again on the Pickering membership and this time the candidate got a unanimous standing vote and three cheers. It was all an April Fool joke. Aside from the surprise of this stunt the most notable thing about it was the fine capacity for acting which Harry Hartley, club president, displayed. He was in on the joke, but even after the rest of the members began to suspect that it was a put up affair they were sure he felt that it was in earnest.

One of the two other stunts pulled by the Entertainment committee, under the leadership of Dr. H. L. Satterfield, also won good laughs. John H. Rownd, who admitted that he is not as slender as he used to be, the admission probably being prompted by the fact that he was up on a platform and could not very well conceal the too, too solid facts, did a nice little athletic turn and Henry Lively recited a well known classic poem. The bunch which is going to go to Erie next week to bring back next year's district convention did a few songs to the accompaniment of a portable

organ about as big as a tea wagon. Miss Nell Duran coaxed music out of her diminutive thing. It will be taken to Erie on the club's special car. The Erie crowd will hold a meeting at the Y. M. C. A. Sunday afternoon at 3:30 o'clock to make final arrangements for the trip.

Regulations For Coal Land Leasing

(By Associated Press)
WASHINGTON, April 2.—Rules and regulations governing prospecting for and the leasing of coal deposits under the oil, coal and mineral land leasing bills were approved today by Secretary Payne of the Interior department. They provide for the disposition of all coal deposits owned by the United States except in national parks, military or naval reservations and in the Appalachian forest reserves. Known coal deposits under the regulations are to be divided into leasing units of not exceeding 2,560 acres each and one person or corporation may have only one lease in a state. Leases are to be offered for competitive bidding at a royalty fixed in advance of not less than five cents per ton and awarded to the qualified person bidding the highest bonus. The secretary of the interior is authorized to grant prospecting permits to qualified citizens to search for unknown coal deposits or to explore undeveloped lands where preliminary work is necessary to determine the existence or workability of the deposits. In such cases the persons holding the permit who find workable coal deposits may have a lease at the royalty fixed by the interior department.

W. Va. Labor Wants Debs Liberated

(By Associated Press)
PARKERSBURG, W. Va., April 1.—Resolution calling for the release of Eugene V. Debs and indemnity for all political prisoners were passed by the convention of the West Virginia Federation of Labor now in session here. The resolutions were passed during the morning session which was taken up for the most part with the presentation and discussion of the resolution. They will be sent to President Wilson according to a statement made by W. M. Rogers, president of the State Federation of Labor. A copy was sent to Debs who is confined in the Atlanta penitentiary where he is serving a ten year sentence for violation of the Espionage act during the war. The Old Cry. It doesn't make any difference what happens, somebody is bound to arise to whisper that it is crooked. We overheard this man talking on a street car yesterday. There's nothing the human family enjoys better than being suspicious of somebody or something.—Detroit Free Press.

JAMES FORK SCHOOL

There was a community meeting here March 23. The pupils gave a short but interesting program followed by an address by Superintendent D. A. Ward on Taxation. There were about forty adults present. The following committee on improvements was elected: Mr. C. Davis, chairman; Mrs. Rupert Mapel, secretary; Mrs. Lough, Mr. Jordan, Mr. Gleason, Mrs. Gleason, Mr. Sanders, Mr. Hornjak and Mr. Clelland. For April 14 the teachers are planning an out door program, consisting of patriotic marches, community sing, May pole, races and recitations. The Boy Scouts of James Fork is a leading organization at present. Quite a little interest is created. Mr. Davis is chief scout master. There are about fourteen members. The boys go on a hike and camping trip every Wednesday night. They have also made quite an up to date hot bed and expect to have plants for sale in the near future. The eighth grade pupils of No. 9 who graduated were: George Gleason, 17.4; Harvey Clelland, 16.6; Katherine Gleason, age twelve years, 80.1; Julius Hornyak, 80. The eighth grade pupils of James Fork school gave a surprise party for their teacher, Mrs. Rupert Mapel at who graduated were: George Gleason. Quite a few people were present and a very pleasant evening was spent in games and music. The pupils presented Mrs. Mapel with a lovely hand painted vase. Refreshments were served. Something more than a century ago paper was so dear in England that butchers used to give their customers the meat wrapped up in a large vegetable leaf.

and who refuse to give their fair share to carry the "Y" along.

While the task that is before the workers this afternoon and tonight seems to be a gigantic one, nevertheless the members of the Red and Blue armies are not afraid and will tackle the job with confidence. "It can be done," is the motto and it is a fight to the finish. Don't forget to report at the "Y" at 6:30 this evening. Supper will be served at that time, a short report session will be held, final instructions given and a roll will be out to work until late tonight for victory.
