

Two Games Today At South Side Ball Park.

"I went beyond the three-mile time each day," he said. "Also, and got my nose encircled there while looking in the glass."

When he got back from Sandy Hook his nose was brilliant red. "Where did you get the rosy look?" his wife to him said.

FANS SHOULD ENJOY GREAT GAMES TODAY

East Liberty and Traction; Mining Machinery and Prints.

Another twin bill is listed for the fans at South Side park this afternoon unless it snows or rains or some other thing interferes with the games. At 4 o'clock the Traction team will play the fast East Liberty outfit, which they defeated here last Friday 7-0, and at six o'clock the Prints will line up against the Mining Machinery team. Both games should be very interesting.

The East Liberty team is confident that they will be able to get revenge for the defeat Friday and will be fighting all the way, while the Traction club is out to keep up the good record they have been making of late. McKinstry will likely get the hurling assignment for Traction while the visitors have three pitchers ready for the battle.

Printing Machinery is a big favorite among the Prints in the game at six o'clock. Bill Toothman may have a surprise package for the machinery. Just who will do the mauling in this game is a doubtful matter. Both Toothman and Kenhall have several new pitchers under contract and it will all depend who looks best in the warming up sessions this evening. Parker is very anxious to take a whirl at the machinery and perhaps Toothman will allow him to try his hand tonight. When Parker is feeling right he can pitch great ball and may be able to hand the opposition a defeat this evening.

Whichever who does the hurling this evening should be worth seeing. A large crowd is expected to be on hand for the games.

RAIN SPOILS SPEEDY GAMES

Big Storm on Saturday Makes Baseball Here Impossible.

Rain spoiled out two ball games at South Side park Saturday. The games between Traction and East Liberty, Monongah Glass and Mining Machinery had to be called off on account of a severe thunderstorm that visited the city shortly before noon. It spoiled a very fine afternoon for the fans, and great crowds would have attended the games if they had been played. The rain also spoiled the game at Traction park Sunday. The grounds were in such shape that play was impossible and the Monongah manager notified the Elm Grove team at Wheeling not to make the trip for the Sunday game. The City league game Saturday was not called off until the last minute as it was hoped that it could be staged about 4:30, but about 4 o'clock it was found that the field would be in very poor shape for a ball game and President Bolter of the City league called off the contest.

HOW THEY STAND CITY LEAGUE GAME TODAY.

F. M. M. Co. vs West Virginian.

STANDING OF THE CLUBS. Table with columns for Club, W, L, Pct. Monongah Glass 6 1 .857, F. M. M. Co. 5 2 .714, B. O. Co. 4 3 .571, West Virginian 4 5 .444, Orest 3 6 .332, Stevenson 1 7 .125

STANDING OF THE CLUBS. Table with columns for Club, W, L, Pct. Cleveland 60 21 .659, New York 62 33 .653, Chicago 55 36 .604, Washington 42 42 .500, St. Louis 42 47 .472, Boston 39 48 .448, Detroit 31 55 .360, Philadelphia 27 66 .290

GAMES TODAY. Chicago at Detroit. Washington at Philadelphia. Boston at New York.

READY FOR FINAL CUP RACE OFF SANDY HOOK

SANDY HOOK, N. Y., July 26.—Resolute and Shamrock IV. took sail stretching spins Sunday afternoon in the Horseshoe preparatory for what promises to be the final race for the America's cup today. The American yacht bent on a brand new mainsail, and after it was hoisted set an outer jib and went for a 20-minute sail in the bay. A nice eight-knot breeze was blowing from the northwest which would have been an ideal day for the racing machines. Shamrock IV got under way late and worked in and about the Horseshoe for some time. Once at their moorings the mainsails of the two racers were put under covers and the crews were permitted to rest for today's race, which is to be fought over a course 15 miles to windward or leeward and return.

It was learned last night that Capt. Andrew J. Anagnoste, the Seabright fisherman, who was engaged by Sir Thomas Lipton to sail the Shamrock and assist Captain Burton with his knowledge of local tide and wind conditions, will be aboard the challenger again today.

Some Local Sport Chatter

Trader is going to be some kalsomine kid. McKinstry is slated to take a shot at the East Liberty bunch today.

East Liberty manager says Holland is getting blamed in the papers for a bad play that was not his fault. When he ran far into the outfield after a fly and dropped it Friday, he was doing so at the direction of the third baseman who was calling the catch. We offer our apology to Mr. Holland, but from the stands it seemed a clear case of poor baseball judgment.

Lee King is going great guns for the Glants just now. John Evers has taken Lee in hand and is making him play some baseball.

Hard luck for the fans that it rained on Saturday as two of the best games of the season were scheduled at South Side park.

Phil Grimes will likely work the Traction game today. His work as umpire on Friday was all that could be asked. He seemed to miss one in the ninth when he called a strike on McKinstry, but we would not give a rap for an umpire that did not miss one once in awhile. McKinstry is a tall bird and perhaps that ball was not too high for a strike.

The United States is the greatest boxing center in the world—the greatest gold mine for promoters—and produces by far the greatest number of glove gladiators.

If every fighter knew, when he got in the ring, that somebody's hand—his or his opponent's—would be raised at the conclusion, the words "still" and "fired" would soon pass out of the boxing lingo.

A baseball game without an umpire to call 'em when they're over and to wave 'em out when they're tagged, would end up in a riot.

Anything we deem of a political nature will be handled through our advertisement department, strictly as advertising copy. Rates made known on application—Barber County (Kansas) Index.

Poland's pre-war industry. Warsaw.—The expenditure figures of the American Red Cross Commission to Poland show that in civilian relief work the greatest need and hardship was found in those parts of Poland which, before the war, were the most thriving and prosperous, namely, the textile manufacturing districts which center around Piotrkow and Warsaw. These two cities comprised over a thousand factories whose annual output of textiles was valued at 900,000,000 francs.

TRADER FOUR; CONSUMERS 0

Southpaw Again White-washes the Team from Downs.

"Chuck" Trader took his little bucket of whitewash and some other Traction company players and went out to Blackshore park yesterday afternoon there he put another coat of kalsomine on Kalsomine's Consumers. This makes three times the left handed twirler who came from Monongah has shut out the Consumers this year. Just as soon as they see Trader coming up there the official scorer can fix one column in the box score. No need to wait until after the game because there won't be any runs.

The Traction team bunched hits with none crew's errors and rolled up four runs in the sixth frame. The Consumers had a man cut down at the plate in the first round, this being the nearest they came to making a marker.

The score: M. V. T. ABR. H. P. A. E. Voight, ss 4 1 1 2 6 1, Hood, 2b 3 1 0 3 6 4, Anderson, 1b 4 1 1 14 0 0, Nieuhardt, cf 4 0 2 0 0 0, Harrick, lf 4 1 0 1 0 0, Ash, if 3 0 0 1 0 0, Dunn, 3b 3 0 0 0 3 0, Cochran, c 4 0 0 6 0 0, Trader, p 3 0 0 0 0 0

Hits apportioned, of Brathwood, 4 in 9 innings; of Trader, 4 in 9 innings. Wild pitches, Brathwood, 6. Umpire, Coates. Attendance, 1,000. Time, 1 hour 26 minutes.

Observations BY THE RAMBLER.

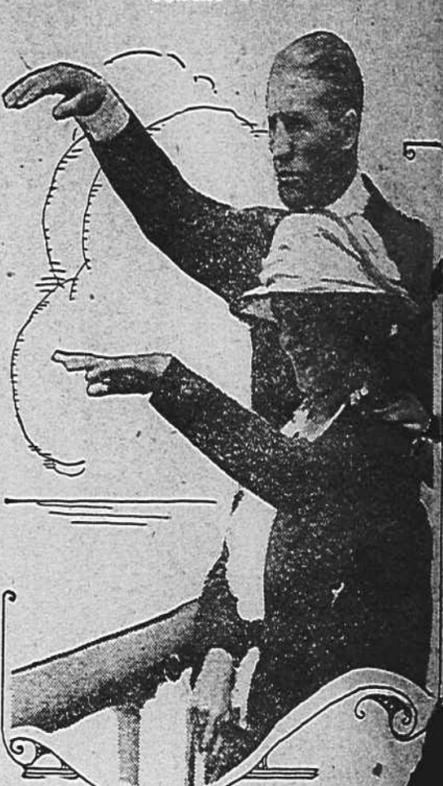

In my school-days, when I had shot on shaft, I shot his yellow of the 'selfsame flight. The selfsame way, with more adventuring both I oft found both.

Bassano's ingenious approach to the celebrated "touch" of three thousand ducats was duplicated with golf balls yesterday by Paul Sullivan, golf instructor at the Country club and resulted in so remarkable a co-incidence that all the other members of the foursome were called to witness the strange sight. In making a long drive toward the ninth hole, the ball, a Spaulding "50" bounded off the green into the tall grass and was found either lying beside the roots of a tuft of grass, or held in the air at a height of about four inches, but which position the player's ball was in, he could not determine without a consultation with the other players. For, lying on the ground was a Spaulding "50," and suspended in the air, direct above, was his fellow, an exact counterpart. The consensus of opinion, being that the upper ball was the one in play, the player drove from the grassy tee, and the other ball was treasure-trove, having been lost by another player.

Another curious play that was the cause of a lot of comment, was made when a ball rolled to the fence and was found resting against the bottom wire. A drive from either side might have sent the ball out of bounds. The player could not go outside the fence to make the drive. So the problem was solved by the player who mounted half way to the top of the fence with his back to the green, stooped down, made a half shot from the outside while standing inside, and drove to the patting green, making the hole in four.

A little more than a month ago, two letters were sent to New York from Fairmont, one addressed to

Carpentiers Return to Await Arrival of Stork

NEW YORK.—"Georgious Georges" Carpentier, European weight champion, and Mme. Carpentier sail for home on the Lorraine so the heir they are expecting will be born on French soil. Carpentier says he will return home to fight Jack Dempsey world champion.

William Grant Webster, Candidate for President New York, the other bearing the simple address, Fannie Hurst, New York. One was sent by County Clerk A. G. Martin to a man who had aspired to the biggest office in the gift of the American people, advising the candidate whose name had appeared on the primary ballot May 25 with the address "residence New York City" that 143 votes had been cast for him at the primary election. The other was sent by a reader of a New York paper to a woman who had gone to New York from a Western city a few short years ago, with nothing but brains, personality, and a determination to succeed in her chosen profession.

Within a few days the letter to the candidate for the presidency was returned stamped, "not in city directory." An answer has just been received from Fannie Hurst, to whom her letter had been forwarded at San Francisco, stating that the motion picture "Tumoreque" founded on some of Miss Hurst's stories of Jewish life in New York, and which had been mentioned summa cum laude by Dr. Frank Crane in a brilliant editorial, is running for the summer and fall at the Criterion theater in New York and will be released for country-wide distribution after the New York run.

No longer is it necessary to page Fannie Hurst, the erstwhile unknown woman from (where was it, Kansas City?)—It doesn't matter. She has arrived. But who is William Grant Webster, candidate for president?

NO FIRECRACKERS FOR SOLDIERS. NEW YORK.—Fire crackers which would have seemed time in comparison with the noise of a Big Bertha or a 15 were almost entirely missing from the Fourth of July celebration for soldiers at General Hospital 41, Fox Hills, Staten Island, but the celebration under the direction of the American Red Cross was a most enjoyable one. A reunion of former patients, a society circus and parade and many other features made up a day of real celebration.

"What did you marry him for?" "His money." "What do you want a divorce for?" "I've got it."—Houston Chronicle.
