task-mate outbarst after their marriage, Hurtsmiline had selical file wife's arm with such inconsiderate violence, that her bracket ametasping out into the delicate filesh, consing a painful wound and in indelible soir. Themse showing the party tenth in such wise that Libwyshlood girls were seep and and models the with its 2 Father's just behind. And the with the 2 Father's just behind. And the with the constraints of the most unreasonable forty, could strike down the mainly squire, shocked, shamed, or forestimes exchanged, Mis. Taffey remarks.

BURLINGTON, VT., FRIDAY MORNING, OCTOBER 9, 1868.

What is the fellow?"

"A battle, my child."

Where the stream toms, may fail,
Where the stream was may be beguled
And the stream was may be beguled
And the strated bour may quali;
Where the fless are gathered on every hand,
And rest not day or night.
And the feelbs little sizes must stand
In the blancase of the fight."

"What is breath, father?"

The rest, bay child,
When the strife and the full area for,
The magel or God, who, calm and midd,
Says we mad light to many.
Who, driven way the termin hand,
Hills the disc of the battleway;
Takes the branes and open from our fail

NUMBER FIFTEEN.

however, on all political questions, to be fully in accord with the advanced Regulileanism of the people of Vermont, his place being clearly among the Radical Regulileans of the Senate said of the country. In our Bouse of Represen-tatives, and in our State Senate be was one of the most useful members, and we will be the methods of regislation, who is more theroughly and consistently Republican in his principles, or who gives greater promise of usefulness as a Senator, than Mr. Edmunds. The State will hunor itself, as well as honor a worthy public servant, in giving him a heavity re-election.

Agriculture in Common Schools.

As thoughtful men survey the precent state of agriculture, and discovering the necessing for an improvement, one of about for the means of establishing some permanent system which and team their passessing for an interior passes in face and a collection of pictures which had been in their passes in the interior passes in the interior passes in the interior content of them, a very send passed to establishing some permanent system which shall lend forward the whole agricultural community to singler and a greatment system which the fathers, they must be interested, intellectually, in the permanent of the passes of agriculture, and the common schools, framework to shall be common schools for maching this distribution of extent of their fathers, they must be interested, intellectually, in the process of agricultural owners in the common school furnishes the only means of reaching this great mass of miritor.

The Ream was the early advocate of the turns of the common school furnishes the only means of reaching that greatment the common school furnishes the only means of reaching that greatment the common school furnishes the control of the common school furnishes the control of the common school furnishes the control of the common school furnishes and the common school furnishes the control of the common school furnishes the control of the common school furnishes the control of the common school furnishes and the common school furnishes and the common school furnishes the control of the common school furnishes the control of the common school furnishes and the common school furnishes and the common school furnishes the control of the common school furnishes the control of the common school furnishes the control of the common school furnishes and the control of the common school furnishes the control of the
