

BLOODY RIOT IN ILLINOIS.

A MOB FIRED UPON BY TROOPS.

Maddened Strikers Attack the Militia at Lamont, Ill., and Receive a Volley in Return—Two of the Strikers Killed and Several Wounded—More Trouble Feared.

LAMONT, Ill., May 4.—About 10,000 strikers assembled at the depot here this morning with the intention of capturing the militia if any came. They afterwards went to Walker & Singer's quarries and routed the men stationed there. At 1:30 four companies of militia and a detachment of battery arrived from Joliet with Gen. Vance and Col. Bennett in command. They stopped at the Excelsior quarry and one company deployed as skirmishers the other three companies marching to the quarries, where the mob had congregated, to disperse them. The troops were met on the edge of the town by a mob of 300 or 400. Two companies under command of Col. Bennett formed the front and charged upon the main street with fixed bayonets.

The other companies with a detachment of battery formed the right and left on the side streets. The command "forward, charge bayonets" was given and the mob with wild howling and cheering met the main force with clubs and stones. As the troops advanced steadily the mob gave way to the sides of the street and hurled a shower of rocks at them; and one fired a shot. Col. Bennett ordered them to be dispersed and a number that refused to leave were charged upon with bayonets. One man, a Pole, was seriously stabbed. Further up the street the mob reformed and commenced hurling stones. A detachment sent to disperse them fired a volley and the rioters scattered. Two men were wounded and Andrew Stiles John Quayra were killed. The troops are now clearing the streets of the howling women and children. More trouble is apprehended. The troops will camp at the Singer quarries. The militia displayed the coolest bravery. It is reported that a woman and child were killed. A number of the strikers were badly hurt by the flying missiles.

The following official report from Adjutant-General Vance has been sent to Governor Engleby: Colonel Bennett removed his command, except one company, from Joliet to Lamont, arriving at about 9 a. m., and formed a line south of Lamont. Deputy Sheriff Potter conducted the troops into Lamont, near the Alton depot, where a crowd of about five hundred to fifteen hundred strikers were congregated. They were commanded to disperse and go to their homes by Deputy Sheriff Potter, but they would not obey. The strikers rushed toward the troops, throwing stones, Mayor Heffernan and one of two others were struck and slightly wounded. The air was full of stones. In self-defense the troops fired. Two strikers were killed and several wounded. Before the troops fired a pistol was fired from a house in front of the troops. The troops have passed on to their original destination at Joliet at the quarry. A great many people are on the streets now, but are quite tame. When the mob were charged at the point of the bayonet company A suffered severely. Sixteen men being hit by stones and one of them, Private George Bangs was badly hurt. The rear rank of the company faced about and opened fire. Company B was attacked on the right flank further north, and the first four of the company deployed across the road. As the mob persisted in the attack about ten shots were fired, and company A charged the mob which retired. It was here that the casualties occurred.

The troops have gone into camp and though there are large crowds lingering about, everything at present is quiet; but there are grave fears of a disturbance at any moment. It is claimed that the woman who was wounded accidentally advanced toward a soldier with a stone in her hand and seized his musket. He tripped her and in falling she fell against the bayonet.

Gen. Aizpuru and Others Taken Prisoners.

PANAMA, May 3.—Generals Aizpuru and Surovala and Doctors Vallorina and Carollies have been taken prisoners by Gen. Reys, commander of national affairs, and confined in the parliament house. Many other prisoners have been placed in the common prison. General Aizpuru was imprisoned for not having delivered the full quantity of arms. All was quiet last night, although much firing was heard on the outskirts of the city the night before.

Pittsburg Strikers to Return to Work.

PITTSBURG, May 3.—The employes of Brown, Hammond & Co.'s steel mill, who struck recently against working their terms by day, having received no aid from the Amalgamated association have decided to return to work Monday. This is the first break in the ranks of the Amalgamated association in this city.

The North's Strike at Adams Mass.

NEW ADAMS, Mass., May 3.—At Adams to-day fully 5000 people discussed the strike of the weavers. At Renfrew 3000 people are dependent for support on the payroll of the Renfrew company, which is \$4000 per month. In Adams in the other gingham mills where the weavers are on a strike also, 2000 people are employed and the payroll reaches \$25,000 per month. The hands in both mills will refuse to work unless the weavers are given their demands, which are 50 cents per cent, allowing one cent reduction from the old price.

Serious Railroad Accident.

CHICAGO, May 3.—This afternoon two freight trains on the Chicago, Milwaukee and St. Paul road, en route to Chicago, collided while rounding a curve. Conductor Brogley was instantly killed and Fireman Charles Brownell probably fatally injured. Both trains were derailed and demolished and several other employes seriously injured.

The Trunk Mystery at Pittsburg.

PITTSBURG, Pa., May 3.—The remains of Coruso, the trunk victim, were buried this afternoon in the Niondale cemetery. It is now believed he was chloroformed and placed in the trunk and afterwards died of suffocation. The fact that vomit was discovered in the trunk and the lungs were badly congested strengthens this theory. The detectives here have been unable to discover any clue that would lead to the clearing up of the mystery.

A Remarkable Escape.

Mrs. Mary A. Dalley, of Tunksanock, Pa., was afflicted with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs. in a few months. Free Trial Bottles of this certain cure of all Throat and Lung Diseases at Drug Store. Large Bottles, \$1.00

ANOTHER TENEMENT HOUSE HORROR

Eight Persons Burned to a Crisp and Fourteen Seriously Injured by the Burning of a New York Tenement—Terrible Struggles of the Inmates.

NEW YORK, May 3.—Shortly before 1 o'clock this morning there was an outbreak of fire in the crowded tenement house, No. 672 First avenue, near Thirty-eight street. Before the fire department reached the scene several of the inmates had leaped from the upper windows, being crushed into lifeless masses on the stone pavements, while others were either suffocated by smoke or burned to death within the building. Three alarms were promptly rung in and the entire ambulance corps of the city was sent for. There was but one dark and narrow hallway through the building for the use of the forty inmates, and the flames mounting up the stairs and spreading through the hallways, completely shut off all means of escape. The street in front of the burning tenement was quickly filled with an excited crowd, and the scenes as the half-maddened inmates leaped from the windows or were observed to fall back, overcome by smoke and flame, were appalling. The firemen were tardy in reaching the fire, owing to their having been called to another conflagration just previous, but once upon the scene they made strenuous efforts to rescue the inmates of the building. In the meantime men, women and children, half-naked, were rushing to and from in the tenement, struggling wildly for some avenue of escape. Everything was confusion for awhile, but the firemen soon had their ladders up and several streams of water playing on the flames. The lower story was occupied by John Humphrey's restaurant, from the range in which the fire is supposed to have originated. The firemen removed the wounded as quickly as possible, and they were placed in ambulances and taken to the hospital. The dead were carried to an adjoining building, where they were laid upon the floor. By two o'clock, a. m., seven dead bodies had been recovered.

One of the firemen got up to the fourth floor by means of a scaling ladder and handed down several persons from the roof by the window to firemen on the ladders below. One woman at the top of the house threw her baby out of the front window. Policeman Flaherty caught the child and carried it, somewhat injured, to a neighboring house, where it was cared for. The mother went back from the window and was not seen again. It is supposed that she was suffocated.

Meanwhile some firemen had turned streams of water upon the flames and it was soon possible for them to go through the house and search rooms. They carried out a dozen persons who appeared to be alive, although insensible. The bodies of five dead persons were carried into the coal office adjoining and laid on the floor. One or two of them were partly dressed; they had delayed to put on their clothes, before making an effort to escape. The appearance of all the bodies gave proof of a terrible struggle for life.

The hallways, being on fire, there was no possible way for escape by the stairs. When the inmates became aware of their danger windows, front and rear, were raised. Men, women and children uttered loud cries of distress which were answered by the eager crowd which gathered in front of the house, but which was unable to give assistance to the imprisoned inmates.

Eight persons are known to have perished. They were Joseph Humphrey, aged thirty-five, Henry Humphrey, nine months; Miss Elizabeth Hawley, aged twenty-five, Mrs. Christina Ennor, sixty-eight, Mrs. Mina Kretzmar, thirty-two, Richard Kretzmar, eleven, William Harley, Mary Blank, forty-five, sister of Mrs. Humphrey. With the exception of William Harley, who died this morning at the Presbyterian hospital, all were taken out of the building dead. Fourteen persons were seriously injured. At the time of the fire there were eight families in the house with a total of thirty-six souls. The direct cause of the fatality is attributed to the tardy arrival of the hook and ladder companies and the panic of the tenants. The coroner will hold an inquest.

THE MACKIN CASE.

His Trial Pronounced Unconstitutional by the Supreme Court.

NEW YORK, May 4.—A Washington special says that the noted case of Joseph C. Mackin of Chicago, who was convicted of illegal acts in connection with the ballot comes up for a rehearing this week before the United States Circuit Court sitting in Chicago. It is claimed that Mackin's trial was unconstitutional because he was convicted upon an information process instead of an indictment, as is provided in the constitution. The Supreme Court has just rendered a decision declaring it unconstitutional to make a sentence for an infamous crime on other process than indictment. A crime punishable by imprisonment for a term of years at hard labor is an infamous crime and the Supreme Court declares that any one so sentenced on an information is entitled to be released on habeas corpus.

Business Troubles.

F. C. Ryhiner & Co., bankers, Highland, Ill., have closed their doors. They were supposed to be worth upwards of \$150,000. They were largely interested in investing capital from Europe. Emanuel Appel, wholesale dealer in millinery goods, New York, has assigned, with \$2500 preferences, mainly to relatives. The liabilities are reported to be about \$30,000.

James W. Mordland, lately in the cigar business at No. 32 Central wharf, Boston, has gone into insolvency. He owes about \$600, with no assets.

Other cases of embarrassment are those of William A. Carey, engraver, No. 148 High street, Boston; the Worcester Galvanized Iron company, Worcester; Gibbs & Clark, clothing dealers, Fall River; William H. Salmon, grocer, New Bedford; E. F. Hines, dealer in men's furnishing goods, Attleborough; the Star Tea company (W. J. Miller, manager), Providence, R. I.; Edwin Betham, grocer, Naugatuck, Conn.

Collapse of a Brewery Containing 10,000 Barrels of Beer

PITTSBURG, Penn., May 3.—Wainwright's brewery caved in about three o'clock this morning. The structure was a four story brick building. In it were 10,000 barrels of beer and a lot of new and valuable machinery. The immense weight of the beer it is thought caused the supports of the floor to give way and the building collapsed from the roof to the cellar. The falling in of the walls crushed the beer barrels and torrents of the malt ran down the street and completely flooded the cellar. Loss \$10,000.

Educated and Experienced.

Hood's Sarsaparilla is prepared by C. J. Hood & Co., Apothecaries, Lowell, Mass., who have a thorough knowledge of pharmacy, and many years' practical experience in the business. It is prepared with the greatest skill and care, under the direction of the men who originate it. Hence Hood's Sarsaparilla may be depended upon as a thoroughly pure, honest and reliable medicine.

Dr. Gage's Singular Success.

Last week Dr. Gage was again in Montpelier and Burlington and a still greater throng of patients consulted him than at any preceding visit. His practice is among the best families who already realizing the efficacy of the Doctor's peculiar herbal treatment, send their friends from in great numbers. One well known Montpelier resident who had spared neither time nor money and who had traveled thousands of miles in quest of health had already most recently resorted to Dr. Gage's treatment; and a lady on Church St., Burlington, reports her cure after having been for weeks in the hands of the best physicians of that and other cities. Certainly Dr. Gage has abundant reason to be proud of his achievements. He came to Vermont an entire stranger, and by his courteous, honest dealings and skill has built up a practice second to none in the State. It is not strange that people were a little slow at first to accept of treatment, for the country has been overrun with unprincipled charlatans who have imposed upon and disgraced the community. It speaks well for the doctor that he has visited the leading cities in New Hampshire every month for years, where he publishes hundreds of sworn testimonials from well known citizens like the following:

Tris S. Appleton, Hubbard Bridge, N. H., makes oath: "My wife was helpless with spinal and other diseases; weight, 30 pounds; Dr. Gage cured her and never saw her; weight, 165 pounds."

C. L. Buffum, No. Monroe, N. H., total loss of power in lower extremities; also kidney disease; cured and the doctor did not see him.

Edmund Brown, Keene, N. H., child could not walk; spinal disease and nearly blind with scrofula cured and can run and play.

Alice Titus, Winchester, N. H., Scrofula "in eyes; 10 weeks in a dark room; cured."

Oliver Peason, Concord, N. H., wife, cured of ovarian difficulty and general female weakness.

Mary Smith, East Canada, N. H., dropsy and ovarian tumor (larger than a person's head); cured. L. Isaac Buttrick, Londonderry, N. H., wife cured of Scrofula, and son of deafness and catarrh.

A. Colley, West Andover, N. H., makes oath: "My wife had been given up with consumption; Dr. Gage cured her radically."

Ona Bishop, West Chester, N. H., wife, cured of Scrofula, and son of deafness and catarrh.

Frank Woodcock, Newport, Vt., stomach and chest and nerves and nervous prostration; gained 7 lbs. in first 20 days.

Levi Bart, Littleton, N. H., nervous prostration; cured.

See C. Hall, Boscawen, N. H., cancer on lip cured.

Miss M. J. Barnett, Walpole, N. H., cured of deafness and catarrh.

Amos Young, Derry Depot, N. H., catarrh and scrofula, so bad that an orifice was eaten through roof of mouth; cured.

See C. Hall, Boscawen, N. H., cancer on lip cured.
