As it happened more of those who voted for Mr. Morse had gone home than of Mr. Tata's supporters, and the latter gentleman was nominated by three majority. The nomination was then made unanimous. Mr. Tata's a lawyer in gone is majority. Tait is a lawyer in good standing. He is a stanch and working Republican. He is a pledged and impanilled Edmunds man. If we did not tavor his nomination, it was chiefly because we thought that another name would be a stronger one on election day. Wr. Tatt and his friends do not think so, and they may be right. It certainly becomes them to make every exertion to justify their choice at the polls, and we comes them to make every exertion to justify their choice at the polls, and we doubt not that they will do so. We trust that Mr. Taft will have the cordual support of the Republicans of Burlington and that he will be triumphantly elected.

It is understood that the Democratic candidate for senator from the south side of the river is canvassing for Republican votes by claiming that he will support Mr. Edmunds. It is eminently proper that Republican Chittenden county, the home and birthplace of Senator Edmunds. should turn the chances of Mr. Quinlan's election over to the Democrats. The campaign has thus far consisted of an alliance of the kickers and free pass men with the Democrats, and does any one suppose that a Democrat in the State Senate would vote other than in accordance with the programme already marked out. The bait does not sufficiently cover the hook. The nominations of the Republican county convention were made with great unan-imity, and any Democratic candidate must be blessed with an exceeding idea of his own importance to ask us to bolt of his own importance to ask us to bolt our own fairly made nomination to satisfy his ambilion. Mr. Edmunds is a Republican senator from Republican Vermont, and we should send to Montpoler for Chitenden county senators from our own party to re-elect him. The game is in our own hands if we are disposed to keep if there. We know that Mr. Wright is a Republican, that he is sure to vote for Mr. Edmunds—why turn our chances over to Boss Atkins. If the Republican party is worth anything, stand by it. If you are a Republican support your ticket. The New Stamped Letter Sheet.

It is said that the new stamped latter sheet about to be issued by the postoffice department promises to be a great convenience. It is a letter sheet, with the narrow places outside overspread with mucilage, so that the sheet may be folded and securely fastened. The letter ready for mailing resembles the style in use be-fore envelopes were invented. This the for envelopes were invented. This the government stamps in loose sheets and collectively in pads, and it will be put on sale soon at the leading postuffices throughout the country. As it can be produced at a very low figure and affords the same security as an envelope does, it is expected to take the place, to a great extent, of the postal card.
