Verdict for Dr. Pierce

AGAINST THE Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and

malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription "published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the hum-ble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of tained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such faise and defamatory matter with the intent of injuring his business furthermore, that no alcohol, or other hajurious, or habit-forming, drugs are, or wer were, contained in his "Fa-vorite trescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients what-

times. like the engine on a steamship, a cop of milk and a piece of combread," me condensers to turn the exhaust into.
