

WOULD CREATE 6 VICE-ADMIRALS

Senate Passes Bill to Prevent Foreign Naval Commanders Outranking Americans.

NOT TO FOLLOW SENIORITY

Would Choose Ablest Officers—Amendment Proposes Retirement Age 65 Years Instead of 62.

Washington, Feb. 18.—Six vice-admirals for the American navy would be authorized under a bill passed today by the Senate after an extended debate, in which senators related how in Mexican waters might have to take orders from a ranking foreigner. The navy has been appealing for years for revival of a higher grade than rear admiral.

Secretary Daniels was highly pleased by the Senate's action and expressed confidence to-night that the measure would pass the House promptly and be signed by the President.

"The ablest, best and most resourceful officers will be chosen for the new grade," he added, "not necessarily the present seniors in rank."

Under the terms of the Senate bill four vice-admirals on the active list of the line would be appointed within one year after the measure becomes law, the other two to be named as soon as practicable.

Considerable opposition to the bill developed, but it lost force upon the acceptance of an amendment by Senator Lodge, to provide that the number of rear admirals and vice-admirals should not exceed the present number of rear admirals on the active list, while his is.

TO SET PRECEDENT.

Another amendment adopted, submitted by Senator Bristol, would fix the retirement age at 65 years instead of 62, as provided in the original bill introduced by Senator Bryan of Florida.

Urging this amendment, Senator Bristol declared that he had endeavored repeatedly to increase the general retirement age to 65 years and that this bill presented an excellent opportunity for Congress to set a precedent.

During the discussion of the condition in Mexican waters, it was pointed out that joint operations by the foreign powers represented there would result in the American navy with six battle-ships and a rear admiral surrendering command to a British vice-admiral with two cruisers. Senator Overman declared that this humiliation would result merely because the United States navy had no grade of vice-admiral.

Senator Thomas of Colorado expressed contempt for such a custom, declaring that it reduced the science of war to a mere "punctilio." The proposed vice-admirals would be appointed from the officers on the active list, who have served with credit in the grade of rear admiral in command.

The pay would be \$11,000 on command or beyond the continental limits of the United States and when not on duty \$5,000.

FIGHT FIRE AT 32 BELOW

Men Trapped in Burning Building Are Rescued by Means of Rope

Union, N. Y., Feb. 12.—A business section suffered a three-hour fire to-night when the Hotel Mack, a three-story brick structure, was entirely destroyed. In the building was a grocery store owned by C. R. Hewitt & Sons, and a rooming house occupied the upper floors. The flames cut off exit by the upper hall and while several persons got out by means of the fire escape at the rear of the building, two men were trapped in the front of the building. Henry Fox found a J. Burns in the hall overcome by smoke and dragged him to a front window on the third floor. The ladders of the fire department were too short to reach them. A fireman climbed as high as possible and threw a rope to the men. Fox climbed down safely, but Burns, who had partially recovered, was overcome by smoke and dropped to the pavement. He was badly hurt, but recovery is looked for.

The thermometer registered 32 degrees below zero which made fighting the fire extremely difficult. It is believed that an overheated furnace started the fire.

125 ARE AT BANQUET

Commissioner Titcomb and Others Speak before Addison County Fish and Game League

Middlebury, Feb. 13.—The mid-winter meeting of the Addison County Fish and Game League was held in the Grange hall here this afternoon. The members present numbered about 100. On account of the lateness of the hour of opening due to delayed trains, only the ordinary routine of business was transacted. Other business, including election of officers, will be taken up at the regular yearly meeting in June.

The annual banquet was held at the Addison House at nine o'clock. About 125 persons sat down, and during the dinner a musical program was given by Hope's orchestra of Middlebury. President B. W. Menden was toastmaster at the post-prandial exercises. B. C. Johnson of Williston reported state selections, including election of officers, by several members.

State Fish and Game Commissioner John W. Titcomb of Lyndonville gave statistics from his department, showing that the annual production of the fish and game industries in the State are now a little more than a half a million dollars, and explained laws passed by the Legislature favorable to the industries and to the game of State and county fish and game leagues. Dr. A. E. Lambert, dean of Middlebury College, spoke on the same birds and other birds of the State. He spoke as a representative of the Audubon society of the United States. Congressman Frank L. Greene of St. Albans was expected to deliver an address but was detained in Washington by official duties, and Vice-President William A. Lawrence and H. W. Smith of Addison, also on the program for speeches, were detained at home by illness. Lieutenant-Governor Howe of Burlington was also prevented from coming, being occupied in Burlington on State business. Addresses were made by former Commissioner of Agriculture O. L. Martin of Plainfield and Judge James B. Donoway of Middlebury.

TWO MORE PEACE TREATIES SIGNED

Paris with Switzerland and Costa Rica bring total to 12.

Washington, Feb. 13.—The 12th of Bryan peace treaties was signed late today when Secretary Bryan, for the United States, and Minister Calvo, for Costa Rica, affixed their signatures to an agreement which provides for the investigation of all misunderstandings between the two countries which cannot be adjusted by diplomatic means.

This latest treaty, identical with one signed last month with Bolivia, while providing that hostilities shall not be commenced during the period of investigation makes a provision for the maintenance of the status quo as to military and naval armament during that period.

Earlier in the day a similar convention between the United States and Switzerland was signed.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given it to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can readily realize that I am able to do so much as I do. Whoever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 3140 N. Tullip St., Richmond, Pa.

Women have been telling women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ailments. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

W. H. GILPIN HEAD OF STATE PRESS ASSOCIATION

St. Albans, Feb. 13.—The first meeting of the Vermont Press Association since the summer of 1911 opened at the Owl club assembly hall in this city this morning. The 1912 meeting took place in Burlington.

About 20 editors and publishers were here this morning and the train of the day brought several others, including one newspaper woman, Mrs. Fred N. Whitney, of the Northfield News, fully 50 members being present during the day and evening. These were several printers and representatives of various supply houses.

An informal meeting of the printers was held at the Owl club hall this morning when cast systems, the printing of town reports and other matters of interest were discussed.

At the meeting it is afternoon at the Owl club the following program was given:

"The Press and Legislature," W. H. Gilpin, of Montpelier; "Problems of the week," W. H. Gilpin, of Burlington; "Editors Should Keep out of Politics," LeRoy, Frank E. Howe, of Bennington; "The Cost of Printing," W. J. Bice, of St. Johnsbury; "Editorial Courtesy," L. P. Taylor, of Morrisville; "The New Freedom of the Press," John T. Cushing, of St. Albans; "Advertising," Howard C. Rice, of Brattleboro; "The Price of a Newspaper," Col. H. E. Parker, of Brattleboro; "The Insurance Rate," M. G. Reynolds, of Burlington.

Walter H. Gilpin of Barton was elected president, and Luther B. Johnson of Randolph secretary-treasurer. Vice-presidents from each county were elected as follows: Addison, W. H. Wheeler of Vergennes; Bennington, O. R. Bennett of Manchester; Caldonia, J. E. Apsch of Lardwick; Chittenden, Levi P. Smith of Burlington; Franklin, John T. Cushing of St. Albans; Lamoille, L. H. Lewis of Lytle Park; Orleans, Miss Sara Parker of Randolph; Otsego, Miss Smith of Newport; Rutland, C. W. Humphrey of Pointing; Washington, Mrs. F. N. Whitney of Randolph; Windham, Howard C. Rice of Brattleboro; Windsor, Joseph W. Sault of Ludlow.

FEDERAL JURORS NAMED

Will Serve at Term of United States District Court to Open Here February 24.

Rutland, Feb. 13.—The following jurors have been summoned by the office of the United States marshal in this city to serve at the regular February term of the United States district court which will open at Burlington, February 24.

Grand Jurors—L. A. Allen, G. F. Collier, Archie O. Ferguson, of Burlington; E. A. Bliss of Underhill; Guy H. Bush of Shelton; B. H. Combs, East Ferrisburgh; John H. Donnelly, Henry Smead, of Vergennes; C. N. Richardson of Johnson; J. A. Foster of Waterbury; S. C. Green, H. L. Reynolds of St. Albans; Arthur Ladd, E. J. Parker of Grand Isle; Carlos Martin of North Ferrisburgh; B. E. Morrill of Huntington; H. H. Parker of Montgometry; R. A. Rogan of Swanton; W. H. Rice of Essex Junction; H. J. Clayton of Barre; F. G. Stone of Montpelier; G. W. Whitman of Winooski; Stanton Williams of Chittenden.

Petit Jurors—Charles R. Hanson, Ernest A. Brodie, W. H. Buckley, James Dolan, Fred Howe, Herald Stevens, Edward W. Walker of Burlington; F. E. Bigwood, E. H. Horton, Winooski; S. W. Bliss of Swanton; George A. Cheney, Morrisville; W. S. Cook of Westford; H. G. Gates of Essex Junction; W. H. H. Green of St. Albans; A. C. Humphrey of Underhill; C. E. Jackson, Ralph Putnam, B. A. Smith of Montpelier; E. E. Joslyn of Waterbury; S. H. Hanson of North Ferrisburgh; L. H. Lewis of Hyde Park; A. W. Lyman of Milton; Stephen E. Noonan of North Ferrisburgh; H. R. Olmstead of Franklin; Leslie Pike of Isle La Motte; Charles Riddle of Johnson; W. N. Root; F. B. Smith of Charlotte; F. H. Sheppard of Richmond; Frank Talbot of Williston; L. P. Tracy, Walter B. White of Vergennes; C. H. Whitcomb of Essexburgh; W. W. Wigham of Alburt; Joseph Williams of Jericho.

Wanamaker Flyer Entered for Flight Across Atlantic

Formal application for entry in the Daily Mail competition for a prize of \$50,000 offered for the first successful flight across the Atlantic in an airplane was filed to-day.

The Lanley aerodynamical laboratory of the Smithsonian Institution, the club announced, has offered Mr. Wanamaker the facilities at its disposal for the testing of aeroplanes, motors and motors, including a large wind tunnel for the testing of aeroplanes models at any speed up to 50 miles an hour.

The Aero club was notified today by the Pacific Aero club that the officials of the Panama-Pacific exposition are ready to file a bond for the \$50,000 offered as prizes in the aeroplane race around the world, to be later increased to \$100,000.

In reply the Aero Club of America, Inc. was announced, has advised on preliminary steps to be taken and expressed its hearty co-operation to carry the project to a success.

EXPECT GRAND JURY IN ST. ALBANS CASE

St. Albans, Feb. 13.—State's Attorney G. P. Ladd of Richmond was in the city to-day and late in the afternoon the day was at the all cloistered with Elmer Runtow and William Dennis, the boys charged with the murder of Chin Kim. Apparently there are no developments of importance in the case.

Mr. Ladd has not made application yet for a grand jury but it is probable that will be the action he will take in the case. If he does make such application it will be for the first day of the March term of Franklin county court, which will open March 10.

Deputy Sheriff L. P. Martin took six men to the city dump this morning to search for the watches which the boys say they hid there but they could not be located. There appears to be some doubt in the minds of the officers as to whether the boys were telling the truth about where they put the stolen property.

\$10,000 BLAZE AT ROCHESTER

Rochester, Feb. 12.—The residence of M. and Mrs. E. L. Pierce was totally destroyed by fire yesterday. About 100 in the morning a dish of gasoline, which was being used for cleaning, was accidentally ignited and attempts to extinguish the blaze scattered the flames, which had gained such headway that the local fire company was unable to check them. Strenuous efforts by volunteer fire fighters and a good supply of water with absence of wind served to check the spread of adjoining buildings and almost all of the furniture was saved. This residence, known as the "Old Home," was a landmark, and many guests who have partaken of the hospitality of the owners regret its passing. The loss of \$10,000 is partially covered by insurance.

MRS. BOND ON STAND TELLS OF ALLEGED ASSAULT

Oklahoma City, Okla., Feb. 12.—Mrs. Minnie E. Bond told a jury in district court here to-day of indignities which she declared, she suffered at the hands of United States Senator Thomas P. Gore of Oklahoma and described in detail an attack which, she alleges, occurred in a Washington hotel March 24, last, the basis for the suit on trial in which Mrs. Bond asks \$5,000 in damages. Three other witnesses, Dr. J. H. Earp, Kirby Fitzpatrick and T. E. Robertson, also testified in corroboration of Mrs. Bond.

Mrs. Bond was on the witness stand the greater part of the day. A grilling cross-examination failed to shake her testimony in any material feature.

According to Mrs. Bond she met the senator in Oklahoma several years ago and went to Washington last spring when her husband, Julian Bond, was a candidate for appointment as internal revenue collector there. She visited Senator Gore in the interest of her husband's candidacy several times at his office, she said, where on two occasions she charged he seized her.

Because of the number of men about the Senator's office she refused, she said, to make further visits there and by mutual arrangement met him at her hotel March 24, when, she alleges, he caught hold of her, threw her across the bed, and in her efforts to free herself her eyes were poked, her face scratched and her hand lacerated. On cross-examination she said her health has been impaired as the result of the alleged attack.

Mrs. Bond was closely questioned by attorneys for Senator Gore as to her acquaintance with politicians in Oklahoma, laying the foundation, it is believed, for the introduction of testimony in support of their contention that the suit is the result of malice and covin. The senator is a candidate for re-nomination at the Oklahoma primaries in August.

CHINESE GET INTO UNITED STATES BY DESERTING SHIPS

General Caminetti of the Bureau of Immigration in his first annual report, submitted to-day to Secretary Wilson, recommended certain modifications of the Chinese exclusion act, and expressed the opinion that great care should be taken with the seaman's bill pending in Congress.

General Caminetti made no reference to the general question of Asiatic immigration, other than a comment on "aliens employed on vessels" and what he says is the danger of Chinese and other Asiatics getting in unlawfully by serving as seamen and deserting.

The employment of aliens on vessels entering ports here, he says, "has always led, directly or indirectly, to numerous and flagrant violations of both the immigration and the Chinese exclusion laws." He pointed out that during the year between 35,000 and 40,000 Chinese sailors entered ports here, and the rule of giving bond for shore leave, which is honored in the breach as much as in the observance. He contended that the law should require all Asiatics lawfully here to have a certificate of identification, by which the "introduction of the Asiatic into the country by surreptitious methods would soon become too expensive to be profitable."

As to Japanese immigration, he expressed doubt as to whether the "photograph" brides after having gone through a marriage ceremony by proxy, recognized as legal in Japan, are really entitled to admission. He says he does not believe "any such marriage is binding upon the United States in the administration of immigration laws; and also that there is no treaty with Japan, or other arrangement whatsoever, that provides for the recognition by the United States of the so-called marriage of a woman in Japan with a man who may be in the United States at the alleged date of the same." He says there seems to be need of repetition and emphasis of the statement in the former commissioner general's report, which declared that the practice of admitting such women "opens the way for the introduction into continental United States of large bodies of common laborers—females, it is true, but none the less competitors of the laborers of this country; and this practice must necessarily result in constituting a large native-born Japanese population—persons who, because of their birth on American soil, will be regarded as American citizens, although their parents cannot be naturalized."

Despite the fact that everything possible under existing law is being done, said Mr. Caminetti, to prevent the entry of Chinese not entitled to be here, "Chinese laborers are constantly gaining admission, in the guise of minor sons of merchants, students, natives, or sons of natives."

"No one would dispute the propriety and advisability of permitting young men of the Chinese race to obtain a higher education in this country," he adds, "provided the privilege is so safeguarded as to prevent its abuse. But this claim of a student status, now adopted much more frequently than formerly, is often used as a mere cloak for the introduction into

"Staying" Quality

WHEN you buy a horse the important thing is—what will he do, and can he keep it up; not merely what is his price. A horse always looks like a horse, but what is in him cannot always be seen.

This also applies when selecting a fertilizer; they all look alike—but looks don't tell whether they are able to start a crop and keep it growing. Those that won't do it you do not want at any price.

A good fertilizer, like a good horse, has "staying qualities" and these qualities are possible only when the plant feeding elements are rightly balanced, with the right proportion made soluble and ready for rapid assimilation by the plant when it most needs them. When it wants to grow fast it must feed fast, and having made a good growth, must be fed to maturity. A good fertilizer will not forsake the crop half-way through its growing period.

BOWKER'S FERTILIZERS

are built on a quality basis; they are made to feed fast and also to hold out; they are made to bring the bushel cost low and the quality high.

In our recent Potato Contests, fifty-three crops in fifty-three different parts of New England, raised by fifty-three different farmers averaged 326.2 bushels per acre. Weather and cultivation differed in each instance; the only condition that was alike in every case was the use of Bowker's Fertilizers. Can you beat such a record? Not with any other fertilizer.

Apply your horse-buying principles, and good "horse sense" in buying your fertilizers. All your life you have known Bowker's Fertilizers and their reputation—this year give your crops a chance to show what they can do in quantity and quality on Bowker's. Your profit can come only from your yield—therefore, you must have able help in the soil. This, Bowker's will give you—and through its use you get quick action and profitable yields.

Only a quality fertilizer can produce a quality crop.

Our Local agents will supply any quantity you desire. If, however, none are in your section write us for further information. Also, ask for our book "Plant Food." No advertising in it. It is helpful and it is sent free.

BOWKER FERTILIZER COMPANY

43 CHATHAM ST., BOSTON.

CHINESE GET INTO UNITED STATES BY DESERTING SHIPS

Washington, Feb. 15.—Commissioner General Caminetti of the Bureau of Immigration in his first annual report, submitted to-day to Secretary Wilson, recommended certain modifications of the Chinese exclusion act, and expressed the opinion that great care should be taken with the seaman's bill pending in Congress.

General Caminetti made no reference to the general question of Asiatic immigration, other than a comment on "aliens employed on vessels" and what he says is the danger of Chinese and other Asiatics getting in unlawfully by serving as seamen and deserting.

The employment of aliens on vessels entering ports here, he says, "has always led, directly or indirectly, to numerous and flagrant violations of both the immigration and the Chinese exclusion laws." He pointed out that during the year between 35,000 and 40,000 Chinese sailors entered ports here, and the rule of giving bond for shore leave, which is honored in the breach as much as in the observance. He contended that the law should require all Asiatics lawfully here to have a certificate of identification, by which the "introduction of the Asiatic into the country by surreptitious methods would soon become too expensive to be profitable."

YOUTH DENIES HE CONFESSED MURDER OF CHINAMAN

St. Albans, Feb. 12.—Contrary to the general expectation, no preliminary hearing was held in city court to-day in the case against William Dennis and Elmer Runtow, charged with the murder of Chin Kim.

The State's Attorney G. P. Ladd of Richmond was unable to come to the city to-day on account of illness. What action he will take in the matter is not known, but it is said that the case probably will be brought before the grand jury rather than that the boys will have a preliminary hearing in city court.

In an interview with a Free Press reporter to-day Dennis said that he did not commit the crime with which he is charged. He said he was working for J. J. Hunt that day, going to the Bay with a load of manure and coming back with a load of hay. When asked if he had not confessed that he committed the crime he said: "We did not—at least I didn't."

When Mr. Hunt was asked in regard to the matter he said that both of the boys had been employed by him occasionally and that the day Chin Kim was murdered Dennis worked for him (Hunt) all day drawing wood. About five o'clock in the afternoon he took the team to the barn of the Standard Oil company on Aldis street. What he did after that time Mr. Hunt did not know.

OBSERVE 16TH ANNIVERSARY OF LOSS OF MAINE

New York, Feb. 15.—At 9:35 o'clock to-night, the exact hour at which, sixteen years ago, the battleship Maine was blown up in the harbor of Havana, Cuba, Ralph H. Parker, department commander of Spanish War Veterans, placed a wreath at the base of the Maine monument at the entrance to Central Park. Gathered about the statue were fifty veterans of the war with Spain, which followed the destruction of the battleship.

During the afternoon Rear Admiral Charles D. Sigbee, who was in command of the Maine, unveiled in the Seventy-first regiment armory a memorial tablet to the officers and men who perished on board the Maine.

SERVICES AT HAVANA.

Havana, Feb. 15.—The United States War Veterans held services at the American club to-night in memory of the Maine. Many prominent Cubans attended as well as members of the diplomatic corps, including the French minister. The secretary of agriculture, General Emilio Nunez, delivered an eloquent address. The municipal band of Havana gave a concert.

STOVE WITH FROZEN WATER FRONT EXPLODES, INJURING WOMAN

Rutland, Feb. 12.—Mrs. Roy Tugsey of Wood avenue was seriously burned in peculiar manner to-day when the water front of her kitchen range exploded a she lit a fire, not knowing that the water pipes were frozen. Mrs. Tugsey was alone in the house when the accident happened but neighbors heard the explosion and put out the fire caused by the accident before the arrival of the firemen who had been summoned. The woman was taken to the hospital.

Mrs. Tugsey's burns extend all over the front of her body except her face, but flame and scalding water having been thrown upon her. Pieces of steel from the stove penetrated her flesh and the room was lit with bits of the stove. One of the tiles was blown through a hole in the dining room and then threw through the ceiling of the latter room into a bed chamber upstairs.

Fire at Jeffersonville.

Jeffersonville, Feb. 12.—The residence of Mrs. W. H. Griswold was completely destroyed by fire this morning about 10 o'clock. Most of the contents of the house were saved. The fact that there was a wind at the time prevented the spreading of the flames to nearby houses. The house was well covered by insurance.

William Marconi has succeeded in lighting an electric bulb at a distance of 10 miles by a wireless current.

ST. ALBANS MEN ORGANIZE ASSOCIATION

St. Albans, Feb. 12.—At a meeting of the city hall this evening the organization of the St. Albans Business and Professional Men's association was effected with the election of the following officers: President, Dr. E. A. Hya; vice-president, H. M. Drenan; secretary, treasurer, Bruce R. Corlies; executive committee, W. H. Verce, William Dool N. E. L'Ecuyer and M. D. Armstrong. Regular meetings will be held the second Thursday in each month. A rest room will be opened as soon as furniture arrives.

CLUBBING LIST.

The Free Press and Other Periodicals at Low Rates to One Address.

The Weekly FREE PRESS can be obtained in combination with other leading periodicals at low rates. The present unnecessary correspondence we will state that after the subscriber has been notified of a change of address, or anything concerning the receipt of the other periodicals, should be sent directly to the office of that periodical.

The Weekly FREE PRESS and any one of the following periodicals will be sent to any one address in the United States for one year at the prices annexed:
