A Mysterious Shooting - Big Gale in Maine - Great Fire in Chicago - An Editor Arrested.

Woman Burned to Death - Chicago Markets - The World's Fair - Miscellaneous Intelligence.

A Wisconsin Blaze.

MILWAUKEE, Nov. 15.—An Oshkosh special to the Evening Wisconsin says: The lumber yards of Stonehiller & Co. and A. D. Rock are burning, and a fire has broken out in the Morgan block, near by. The flames are beyond control, and the mayor has telegraphed to Fond du Lac for aid. The loss of several hundred thousand dollars is anticipated, as the wind blows a gale. The fire, which for a time threatened great destruction, and caused telegrams for aid to be sent to Fond du Lac, Ne-nah and Milwaukee, although burning for five hours during a terrific gale, was finally mastered, after a terribly hard fight. The fire broke out in the yard of Stanhiller & Co., about noon, and, although it worked down stream towards the other mill and factories slowly, it burned over a large territory and consumed a large amount of lumber. It was checked at the leeward extremity of G. W. Pratt's lumber yard, his mill being saved. Had it got into the lumber yard and saw and door factory of Radford Bros., just beyond, there is no telling what extent of damage it might have done. Three dwellings of employees were burned and about thirty families forced to move because of their proximity to the fire. The severest loss is on G. W. Pratt, whose entire yard was consumed. Loss, \$75,000; insurance, \$20,000. Stanhiller & Co.—Loss, \$10,000; fully covered by insurance.

The World's Fair.

WASHINGTON, Nov. 15.—Senator Vest and Congressman Carlisle and Casey Young called, with Commissioner General Morehead, on the Austrian minister, with a view of securing, through the Austrian government, a transfer of the late Vienna electrical exposition to the world's exposition at New Orleans next year. The Austrian minister evinced the greatest interest, and promised his best endeavor to further the plan. A visit to the department of state was made, where it was learned that the foreign affairs of the world's exposition, which, under act of congress, are in charge of this department, are in a most satisfactory and encouraging shape. The department has received a large number of letters from various foreign countries, evincing the utmost interest and a desire to exhibit at the New Orleans exposition.

Important From Commissioner Fink.

NEW YORK, Nov. 15.—The order of Trunk Line Commissioner Fink, calling upon the various railroads to stop the sale of first and second class tickets to points west of Chicago, that had been issued by some northwestern railroads, went into effect this morning, and is nearly all offices in town these tickets were turned to the wall. The cause that led to the issuance of the order is understood to have been the extent to which the scalping business is being carried on and the high commissions

paid agents by western roads. The move is made, it is said, in the hope of compelling these roads to co-operate with the pool.

Large Chicago Blaze.

CHICAGO, Nov. 15.—2:40 p. m.—The general offices of the Illinois Central railroad, in the five-story block, corner of Michigan avenue and Randolph street, are now on fire and will be completely destroyed. The fire will likely be confined to this building. The general offices in the third and fourth stories, containing all or the greater portion of the stock, were destroyed. The goods in the basement of Reed, Murdock & Fisher, wholesale grocers, were damaged to an unknown extent by water. The Illinois Central office was saved by a fire wall. Loss on stock \$200,000, and on building \$25,000; insurance on stock \$235,000, and on building, \$45,000.

SHEEP—Receipts, 2,500 head; shipments, 500 head; market steady; inferior to fair, \$2.25@3.25; good, 3.75; choice, \$3.75; Texas \$2.25 to \$3.50.

President Lincoln's Remains.

CHICAGO, Nov. 15.—The story is published here this morning, in an apparently authentic form, to the effect that the body of Abraham Lincoln had been secretly removed from the sarcophagus at Springfield, to prevent the possibility of any further attempt by grave-robbers. The story is to the effect that the removal was made within a few days; that after the attempted desecration of the grave a few years ago the body was placed in a lead-lined, airtight cedar casket, and placed in another portion of the monument, and that its location is known only to a few immediate friends.

They Didn't Ride.

GALVESTON, Tex., Nov. 15.—A Sour Lake (Tex.) special says: Twelve tramps were noticed about the depot last night. The agent, suspecting they intended to rob the incoming train, wired the superintendent, who put a posse of armed men aboard at Liberty. As the train pulled into Sour Lake the tramps rushed for the express car, but were halted by a score of Winchester rifles. The passengers, especially the ladies, were almost panic-stricken. Valuables were hurriedly secreted or thrown away. The gang, however, were unarmed, and asserted that they only wished to steal a ride.

Big Gale in Maine.

LEWISTON, Me., Nov. 15.—The Evening Journal dispatches say that the recent gale took the form of a cyclone, in Oxford and Franklin counties. The damage done in Oxford county was \$100,000, and in Franklin county \$50,000. Houses and barns were destroyed and cattle killed. The damage is heavy throughout southern Maine, and much lumber land is damaged; lots on Androscoggon and Sandy rivers were totally destroyed. In Kingsfield two thousand acres are destroyed.

A Mysterious Shooting.

KITTERY, Nov. 15.—The mysterious shooting last night of Thomas Burrows, a farmer, creates great excitement. His wife states that he went to the barn, and a few minutes after she heard several shots. She then saw him crawling toward the house, bleeding, and she fled to her neighbors. Burrows was afterwards found dead in bed, with two bullet wounds in his left leg, one in his side, and one in his head.

The Comm's.

LONDON, Nov. 15.—Dr. Stocker was announced to speak at Memorial Hall to-night, on "Christian Socialism." Although the admission was by ticket, a large number of socialists took possession and created great disorder. They booed Dr. Stocker and unfurled red flags. The "Marseillaise" was sung and a platform carried, with cheers, for "the next revolution." Stocker was finally obliged to retire. The meeting afterward dispersed.

The Fargo Railroad Nuzzle.

FARGO, Nov. 15.—The injunction suits of the Fargo Southern against the Manitoba road have been adjourned from the 10th to the 23d, and will be heard at Fargo in place of Grand Forks, before Judge Holmes. Upon an order from Judge Holmes the Star

prisoners arrested at Wahpeton for interfering with work upon the Fargo Southern, were before a magistrate this afternoon, and admitted to bail in the sum of \$500 each.

Bad for the Canadian Pacific.

NEW YORK, Nov. 15.—A dispatch says that 5,000 of the 10,000 men hired by the Canadian Pacific Railroad Company at \$2 per day to work on the road north of Lake Superior have arrived in that city absolutely destitute, and have instituted 3,000 actions against the company for wages and damages. The men are all French Canadians, and great indignation is expressed by their compatriots.

A Hunting Party Lost.

WINONA, Minn., Nov. 15.—Much anxiety exists here over the unaccountable absence of Ferd Pietset, jeweler, and Charles Schaeffer, his partner, who were hunting across the river, on Tuesday. It is feared they were drowned in coming home in the evening in a high gale. Several searching parties have been out, but without success.

Points From "Fares."

PARIS, Nov. 15.—It is stated that the Marquis Tseng has declared that he came to Paris merely as an act of courtesy to Prime Minister Ferry. Hertson, minister of commerce speaking at a banquet, said that French chambers of commerce would soon exist in all the great commercial centers of the world.

For Sweet Charity's Sake.

PHILADELPHIA, Nov. 15.—At a meeting in the mayor's office, to raise funds for the relief of the sufferers by the Shenandoah fire, \$6,567 was subscribed, including an unexpended balance of \$2,510 of the fund raised for sufferers by the western floods last spring.
