Lecture To-Night.

A rich treat is offered our people to-night in the lecture to be given by Prof. Wylie, territorial superintendent of public instruction, at the school house. The subject will be the Geological Formation of the Early Periods as Shown in the Yellowstone Valley, and as he is perfectly at home in his subject, his handling of it will prove both instructive and entertaining to those who attend. There will be no charge for admission, and all are cordially invited to attend.

District Court Proceedings.

FALL TERM—THIRD DAY.

After announcing the opening of court yesterday morning, Judge Coburn dismissed both the United States and territorial petit juries. Notice was then given that any motions by members of the bar would be heard, which advice was followed by Judge Cullen, in cases of James M. Dance, Franz John Maney and William Grimes vs. the Northern Pacific railroad company, stating that the motions of the attorneys of plaintiffs for a removal to the United States court in each of the above cases would meet with no opposition.

John J. Coleman vs. J. W. Johnson as sheriff of Custer county—plaintiff's attorney desired, that inasmuch as the evidence and arguments were heard at the spring term, and held under advisement by the court, it would be proper to hear anything further in the premises, that the case might be settled at once and Mr. Coleman allowed to enjoy the fruits of the decision, and Monday next was fixed by His Honor as a time to fully determine the matter.

Henry T. Allen vs. Abernethy Grover, et al., on motion of William Green, attorney for plaintiff, default was entered for defendants; amount of judgment, \$385.80.

There being no further business, court adjourned until 2 o'clock p. m. The United States grand jury filed into court at 3:30 p. m. and the following indictments were presented by their foreman, Horatio S. Howell:

George W. Fox, unlawfully using the United States postoffice at Livingston, Gallatin county, Montana territory, for the purpose of sending through the United States mail counterfeit money of the United States. The defendant, on arraignment, plead not guilty, and date for trial will be set as early as practicable.

Nicholas Dilli, for the malicious and felonious cutting and stabbing of one Keating at Tongue river bridge, during the early part of last summer, held for trial, also pleads not guilty, and trial will follow that of Fox.

Neither of the above defendants have the means of employing counsel and an attorney will be appointed by the court to appear for them.

Judge Coburn then addressed the United States grand jury as follows: I see by your report that you have enquired into all matters that have been submitted to you, and it is my opinion that you have discharged them as required by law; I know of nothing further now that will require your investigation, and will, therefore return to you the thanks of the court for the diligence you have exercised in your labors and will bid you farewell. By calling at the office of the United marshal he will arrange with you satisfactorily as far as your fees are concerned.

Business for the day being concluded court adjourned until 9 o'clock to-day.

The following case is set for trial before the United States court to-day: United States vs. Melville A. Cochran, and answer to be filed in case of United States vs. Martin and Wilson by United States Attorney DeWitt.

COURT NOTES.

Both stoves were going at full blast in the district court room all day yesterday, which made it very comfort-

able to all. Phil makes a first class janitor.

Silas Hanson has been held under bonds of \$500 to appear as a witness in one of the United States cases.

Augustus P. Flannagan was summoned to appear before the grand jury as a witness yesterday afternoon.

Total number of cases before the United States grand jury, five, and out of this number, three indictments were returned into court by Judge De Witt as "not true bills."

In Memory of Ulysses S. Grant.

Address of the Fort Leavenworth Monument Committee:

At a meeting held at Fort Leavenworth, Kan., August 3, 1885, it was resolved to erect a monument to the memory of General U. S. Grant on the Fort Leavenworth Military Reservation. A committee of five gentlemen from each of the states of Kansas, Missouri, Iowa, Nebraska, Colorado, Texas, Arkansas, and all states and territories west of the Mississippi, including the Governors of each of these states, and five officers of the Regular Army stationed in the Department of the Missouri, was provided for. This Committee is to have charge of the work of collecting funds, preparing plans, and erecting the proposed monument, and was authorized to appoint all necessary sub-committees.

The idea of erecting a monument to the memory of the distinguished soldier and statesman meets with hearty approval by all classes of citizens of the west. The selection of the national grounds at Fort Leavenworth is deemed particularly appropriate for such a purpose.

The Committee appointed appeals to the people of the states and territories west of the Mississippi for contributions in aid of the object in view.

It is proposed that, in all cases where a fund is raised by the special efforts of any body of citizens, civic, military or religious, as by the Grand Army, the schools, any religious organization, the railroad employes, the regular army, etc., that the fact shall be specially acknowledged, in a memorial stone bearing a suitable inscription, placed in the proposed monument.

The undersigned, a special committee appointed to act until the General Monument Committee is formed, issue this address in order that the work of raising funds may be immediately commenced. The committee representing the state of Kansas has already been named, as follows: Governor John A. Martin; Col. M. Stewart, department commander G. A. R.; State Superintendent J. H. Lawhead; Bishop W. X. Ninde, of the M. E. church, and S. F. Neely, Mayor of Leavenworth. The other state committees will be announced as soon as possible. NELSON A. MILES, Brigadier General, U. S. A. JOHN A. MARTIN, Governor of Kansas. T. T. CRITTENDEN, Ex-Governor of Missouri. E. N. MERRILL, Member of Congress. S. F. NEELY, Mayor of Leavenworth.

How to Beautify the Town.

Thomas J. Bryan & Co. appear in our advertising columns this morning in a card setting forth the utility of the windmills for which they are agents. The very meagre test that has been given the windmills in town this summer has shown conclusively that they are just what are needed for this country; our water supply is abundant and never failing, but the difficulty heretofore has been to raise it to the surface and deliver it continuously; with the power supplied by these mills a constant stream can be raised and distributed wherever wanted, or stored for future use in an elevated tank. In the few places that they have been put up this summer the condition of the vegetation shows a marked benefit. In Mr. Leighton's yard, where the grass was thoroughly cured before the water was introduced upon it, there is now a rich, strong growth of new grass, giving proof of what may be done in beautifying residence property by lawns and flowers.

Last evening about 9 o'clock, as Sergeant Bentley, of troop G, Second cavalry, was walking along Park street, he stepped through an unfinished sidewalk in front of the new theatre building and broke both bones of one of his legs. He was at once picked up and carried into George Rhode's hotel and Dr. Redd was summoned.

There was quite an unusual amount of loud talk and cursing on the streets Wednesday night, and was kept up until quite a late hour Thursday morning. Look out boys, they are going to be more strict hereafter, both with your conduct and fine. Pleading guilty is growing very old.

Montana Mention.

Ducks are plenty at Benton.

Butte carpenters work on Sunday.

Opium joints are being raided at Helena.

The Sweet Grass Hills still possess attractions for the prospector.

Returning tourists from the Park say that the travel in there this year is enormous.

A young sheeny named Mendelsohn has been arrested at Helena charged with forgery.

A powerful dredge boat has been built at Benson for use on the upper Missouri river.

Four tons of timothy to the acre was cut on McClellan & Leaming's ranch on the Shonkin.

Special Land Agent Gunn is in Montana, looking up fraudulent entries and illegal fencing.

Butte thinks the Helena races were a fraud on the public and promises a squarer deal at their meeting.

Capt. T. P. Fuller has sold his residence at Helena, and will make a trip to Minnesota with his family.

Young Howard who shot himself with suicidal intent while in the Park, is pronounced out of danger.

W. M. Oakley, formerly of Bozeman, is one of the proprietors of the Butte Town Talk, soon to be issued in an enlarged form.

Tom Irvine is the Custer county vice president of the Montana Pioneers' association. X. Beidler represents Dawson county.

It is claimed that valuable prospects have been made at Anaconda, and that the locality will soon take rank as a first class camp.

Scarlet women have found a lodgement at Timberline, to the serious detriment of the morals of the young miners, whose wild oats are still in the seed.

It is rumored that Frank Smith, proprietor of the Tivoli saloon, has skipped out leaving a number of creditors to mourn his sudden departure. —Helena Independent.

Bozeman mourns the fact that her people spent over \$6,000 at the Helena fair. It is presumed the bulk of it went on the wrong horse, and would not have been circulated if the excursionists had stayed at home.

George Thomas, the enterprising proprietor of the Empire mills, is east purchasing a roller plant for his mills. This is a move that will prove very acceptable to the people of this community and will result to Mr. Thomas' benefit. —Bozeman Chronicle.

Time last week at Portland, Oregon, where probably a hundred thousand dollars was up on the race; was made as follows, in four heats: 2:32, 2:31, 2:32, 2:31. The time made at Helena last Saturday in six heats is as follows: 2:30, 2:27, 2:33, 2:32, 2:32. The average time made at Portland was 2:32, that made at Helena was 2:30. —Helena Herald.

It is said that Colorado and New York millionaires are arranging for the purchase of extensive placer and quartz mines in Cœur d'Alene, and will expend a large amount of money in their systematic and thorough development. Several hundred miners will be given employment, and it is estimated that fully ten thousand more persons will be added to the country before the expiration of twelve months.

Mining operations at Cooke are booming. Several owners are having ore shipped and others are making preparations to do so. Elias Sperling has discovered very rich ore at a lower level in the mine in which he is interested and his mine is now reckoned as one of the best in the camp. M. M. Black has also made a very rich discovery on the Black Warrior. Mr. Gassett is going to Butte in a few days to make arrangements for a concentrator. —Bozeman Chronicle.

E. W. Wynne, secretary of the racing association, received a telegram this afternoon from Helena, saying that Dan Flowerree would give \$100 towards a purse for Doncaster and Rancho to be trotted on the first day of the Butte meeting, no other horses to be permitted in the race. Other Helena men have signified their desire to contribute to the purse. There is a good deal of feeling between the friends of the two stallions and much dissatisfaction over the ruling of the judges at Helena; many claiming that Doncaster fairly won the race although it was awarded to Rancho. Mr. Wynne is now in correspondence with Helena gentlemen. There will undoubtedly be a race arranged between the two horses and hundreds will come from Deer Lodge and Helena to witness the contest. May the best horse win. —Butte Miner.
