Mrs. Wm. McGrath and children, of Hathaway, left on last night's train for Illinois, to remain for the winter.

Go to the Parlor Restaurant for your Thanksgiving dinner.

The county treasurer's office will be open to-day until noon.

Go to the Parlor Restaurant, Main street, opposite Basinski's, for your Thanksgiving dinner.

Rev. F. E. Bostwick will spend a few days in the city next week. During his stay he will hold a Sunday school institute.

The finest dinner in the city will be set to-day at the new Parlor Restaurant, Main street, opposite Basinski's.

Wm. Courtenay reports the sale of twenty lots south of the railroad track yesterday at a good figure.

Don't forget Anna Turner's Thanksgiving dinner at her restaurant. Everything you call for.

George Geddes left town yesterday for his ranch up Tongue river, where he will stop for a few days preparatory to his departure for New York.

The new Parlor Restaurant for ladies and gentlemen opens to-day with a grand dinner. Go there and get a fine meal.

W. McGrath, of Hathaway, whose arm was broken some time back, arrived in town yesterday for the purpose of obtaining further surgical advice.

Parlor Restaurant, Main street, opposite Basinski's, for finest meals in the city.

The annual Thanksgiving services of the Presbyterian, Methodist and Baptist churches will be held in the Baptist church at 7 o'clock this evening. Some choice music has been prepared for the occasion; also other appropriate services.

Go to the Art Gallery and get a gold watch or a fine oil painting for \$1.

John Tudor reports the loss of a map of Ireland on Tuesday night and feels satisfied that someone is now roaming round at large with the said map concealed on his person.

Auction at Harmon's.

Business has been so slack of late, or in other words, the city has been so

orderly that the various court officials of the county will in all probability eat crow to-morrow in place of the time honored turkey.

Leave orders for C. R. Weaver's coal at Brill & Osgood's butcher shop.

The White Elephant looms up in great shape on Main street.

Why do the consumers want Comstock's coal? Because it is the best.

The new musical box which has been for some time expected by W. E. Savage arrived yesterday, and is a magnificent instrument of the kind. It does not contain quite such complicated machinery as did the last one, but on this account it will be more easily kept in order.

Apples by the barrel at Flaharty's.

The carpenters and plasterers are all busy now finishing up work for the season preparatory to laying up for the winter. Those engaged in these two branches of trade will probably belong to the small minority who will work to-day, but the fine weather we are having is too advantageous for that kind of work to permit of any lay off.

Everybody to get bargains should attend the auction sale at Harmon's.

To show how this Indian scare has been exaggerated, we learned to-day from C. Kitty, the mail carrier from up Tongue river, who arrived in town last night, that he has just passed through the district where the reported excitement took place, but neither heard nor saw anything to even excite his suspicions until meeting the soldiers who were sent from the fort.

Go to the auction at Harmon's for all kinds of dry goods, clothing and gent's and ladies' furnishings.

Ben Heiserman arrived in town yesterday, bringing with him forty head of choice milch cows for Mr. Rogers, who has been making preparations to start a dairy for the benefit of the residents in town. With so large a supply of dairy stock there ought to be no difficulty in furnishing good milk to the public, and we learn from Mr. Rogers that he will be ready to-morrow to make contracts for delivering the lacteous fluid to anyone desirous of obtaining the pure article.

Don't fail to attend Harmon's auction and get bargains.

A. F. Igon left town last night for Billings.

Goods at your own price at Harmon's auction.

Thanksgiving day is a great thing for the public, but very hard on the poor turkey.

Another good time at the Rink to-night.

The energetic granger on Tongue river is still doing some ploughing, the recent rain having softened the earth to a depth of three or four inches.

The greatest blessing of the present day is Peterson's Lightning. Every one should have a bottle in the house. It is truly a household panacea.

W. Leonard made his first appearance last night at the Opera House as leader of the orchestra. Billy is an old Miles City favorite and has a brilliant reputation as a musician, and his many old friends are glad to note his arrival.

The entire stock of dry goods, clothing and furnishing goods is now being sold at auction at Harmon's. To get bargains, go there.

We have the pleasure of announcing the marriage of the Hon. Leslie Sulgrove to Miss Sophia C. Dettmer. The ceremony was performed yesterday at Indianapolis. Mr. Sulgrove will probably spend a few weeks in the east with his bride and will then return to Miles City, where his many friends will have an opportunity of congratulating the happy couple in person.

Those that are suffering from headache, neuralgia and all pains and aches should use Peterson's Lightning. It never fails.

The sheep herder in the employ of A. M. Howard, of Rosebud, who was poisoned on Tuesday, is doing well owing to the timely arrival of medical assistance. This may possibly serve as a warning to some of our readers, who, like the sheep herder, may be unaware of the fact that a tin vessel is not a proper receptacle for food of any kind which contains an acid in its composition.

J. Scott arrived in town last night.

Brill & Osgood have moved their meat market to the south side of Main street, opposite the United States land office.

Party gloves and flowers at Nathan's.

Music and dancing at the Rink to-night.

George Hawley, W. M. Richards, Sunday Creek; H. H. Hill, Chicago; M. L. Williams, Pumpkin Creek; W.

M. Bigham, G. N. Lowe, Cheney, W. T.; Mrs. H. Vanderpawvert, Etchetah, and Nathan Hoekett.

WILLIAM COURTENAY.

Comparing to Encounter Disease.

The prevalence of malarial disorders being dependent upon vitiated conditions of atmosphere and water is, in certain regions, of course, inevitable. The grand question, therefore, presents itself to every resident of a fever stricken locality, "What means shall I adopt to escape the dreaded scourge?" For a quarter of a century Hostetter's Stomach Bitters has been the embodied answer to this question. In thickly populated, and sparsely settled districts alike, in town and in country, it has afforded constant protection against malarial infection to those who have used it. It eradicates and prevents, with equal certainty, fever and ague, bilious remittent, dumb ague and ague cake, and nullifies also the pernicious after effects of using persistently the hurtful alkaloid sulphate of quinine. It also remedies, with thoroughness, dyspepsia, liver complaint, constipation, debility and rheumatism.
