CHANCE FOR BAYARD

An American Citizen Under Sentence of Death in Canuck Land.

"Moonlighters" Establishing a Reign of Terror in "Down-trodden Ireland."

The Status of Politics in Minnesota, Chances for the Governor.

St. Paul, Sept. 13.—"Senator, are you really a candidate for governor?" said a dispatch reporter to Senator Doran to-day. "Now, that's a leading question. Can't you wait and see what to-morrow will bring forth?" "Can Ames poll his party vote outside of Ramsey and Hennepin?" "I think he could if he was nominated." "Do you think he will be nominated?" "Well, now, he is a very strong man and may be nominated if the convention thinks best," and the Senator placed emphasis to the latter part of his remark. D. W. Loller, a Doran man, will probably be temporary chairman of to-morrow's convention.

St. Paul, Sept. 13.—The Minneapolis Evening Journal says: "It was learned to-day that the platform in the interest of Ames has already been prepared. It takes strong ground in favor of giving to farmers and producers of the state better security in transportation rates and warehouse systems. To this end it will be made a vigorous reform of the present tariff laws. It takes stronger ground on the labor question than any convention ever has and goes beyond anything which labor organizations have yet demanded. The anti-saloon movement it expresses pronounced opposition, characterizing it as a revolutionary crusade against classes. It makes a broad attack against the Republican policy which has controlled the state for twenty-six years and demands a change in both rulers and policy. President Cleveland's administration is endorsed." Ignatius Donnelly was in the city this afternoon. He said: "I think that there is no doubt that the state is solid for Ames. A split in Dakota county means nothing. One delegation is for him and the majority of the other is in his favor. That talk of Dorans. It only means that he is anxious to keep the chairmanship of the state central committee. He has no idea of opposing Ames to beat him and I know that to be true. We are on top."

St. Paul, Sept. 13.—The Democrats of Stearns county elected a Kelley delegation to the state convention. Wright county Democrats in convention at Buffalo elected Kelly and Doran delegates. Kelley and Doran carried the Winona convention. FRENCH, Dak., Sept. 13.—Republicans of Highmore county have declared for Judge D. C. Mead, for the territorial council. The Democratic caucus will be held to-night and C. Price of Highmore, will secure the delegation for the territorial council. St. Cloud, Minn., Sept. 13.—The Democratic county convention met to-day. State convention delegates were not instructed but are for Kelly and Doran. Bruener New was nominated for judge of court; Mose Brugger was unanimously nominated for treasurer; D. G. Calhoun for county attorney and John Seapp for register.

Other Lands Than Ours.

DUBLIN, Sept. 13.—Moonlighters broke into a house in Tralee, County Kerry, last night, and overpowered the inmates and with drawn swords searched the premises for arms. They found nothing but a sword which had been carried by one of the family ancestors in the revolution of 1798, and which had been carefully preserved as a family relic. The moonlighters took the sword away. Most of the tenants of the O'Flaherty estate near Longford, have accepted the offer of their landlord to sell them all holdings at a price equal to the sum of sixteen years' rent. As none of the tenants on the O'Flaherty estates have had their rents fixed under the land act of 1881, the purchases will be based on the 1881 rents.

LONDON, Sept. 13.—Lord Randolph Churchill announced in the house of commons this afternoon, the appointment of a royal commission of inquiry into the necessity of civil service reform in the Irish government.

HAVRE, Sept. 13.—The English fishing boats arrested by the authorities were taken into custody for infringing the law which forbids foreign fishing vessels to enter French ports, except when compelled by stress of weather or want of provisions. It is denied that the arrests partake of the nature of reprisals for arrests of French fishermen in English waters.

VIENNA, Sept. 13.—Latter particulars from Baden show that fifteen persons were crushed to death and thirty severely and one hundred slightly injured during the panic in Pilgrimage church.

WASHINGTON, Sept. 13.—P. W. Wear, superintendent of the Yellowstone National Park, in his annual report to the secretary of the interior, calls attention to the laws of the Park and says they are entirely inadequate for its protection. He suggests that a law be enacted by Congress establishing a court within and for the Park, with exclusive jurisdiction of all misdemeanors and with power to examine and hold to bail, persons charged

with felony, to be tried by the nearest court having criminal jurisdiction. Wear reports that the roads and bridges in the Park are in good condition, hotel accommodations are good and ample, and transportation facilities excellent. The Yellowstone National Park Association have leased hotel sites at Mammoth Hot Springs, Fire Hole, Upper Geyser Basin and Grand Canyon and contemplate erecting good hotels at these points. A fine large hotel has already been erected at Morris Geyser Basin. The report says that there is more game now in the Park of every kind, than was ever before known. Elk, antelope, deer and mountain sheep are plentiful. The condition of the stock, building fences, roads and bridges have been materially improved. During the year the disbursements were \$39,000.

Thomas E. Benedict, of New York, to-day filed with the secretary of the interior his official bond in the sum of \$100,000, as public printer, which was approved. Mr. Benedict takes charge of the office to-morrow morning. Gen. Phil Sheridan, in a few days will go to Leavenworth, Kan., to attend the shooting competition between the regular army. A reporter asked him about the fate of Geronimo. "I do not yet know whether any conditions were attached to his surrender. There is no doubt what ought to be done with him. He is entitled to no mercy or consideration. If he cannot be dealt with summarily he will probably be removed east of the Mississippi, to Florida, perhaps, the very place where he does not want to go. The Dry Tortugas would be a good reservation for him."

Reversed the Decision.

OTTAWA, Sept. 13.—The supreme court to-day delivered judgment in the appeal of the attorney general of British Columbia against a writ issued by Judge Henry, in chambers, for the discharge of the convicted murderer Robert Evan Sproule, on the ground of illegality in his trial. The appeal was granted. The chief justice expressed the opinion that Judge Henry had no authority to issue the writ appealed against and went on to show that the application for a discharge of the prisoner should have been refused by Judge Henry.

The counsel for Sproule considers it likely that the United States will appeal the case to the privy council, the condemned man being an American citizen. The American counsel here will forward full text of the proceedings to the supreme court at Washington. Sproule at present stands respited until the 18th inst., but a further respite will be asked for.

Reported Lost.

CHICAGO, Sept. 13.—The Gracie Barker, which was originally intended for a pleasure yacht, was built at Grand Haven in 1878, and was owned by Captain Vanderhoof, of Charlevoix, Mich. She had been running between South Haven and Muskegon with passengers, and could accommodate 250 people. From the best information she had 100 people on board. The Barker had not arrived at Muskegon at 2 o'clock this afternoon, according to a special to the Chicago Evening Journal, a fact which partly confirms the fear that the vessel is lost.

Railroad Matters.

ELLENDALE, Dak., Sept. 13.—The Manitoba company let the contract for grading the road from here to Ludden to Winston Bros., of Minneapolis, to begin Friday. The right of way grant says trains will be running in November.

NEW YORK, Sept. 13.—The Philadelphia papers to-day have reports of a probable change in the Northern Pacific directory at the coming election. It is understood that N. P. Hollowell and one of the other Boston directors will be dropped.

Brick Moulders Play Hog.

CHARLETON, Sept. 13.—Strenuous efforts are being made to patch up the damaged houses in a rude way and to make them water tight and allow residences to be occupied and business to be resumed. Considerable excitement has been caused by the refusal of the brick moulders to work for less than \$5 a day. At a special meeting of the city council to-day, Mayor Courtenay reported that the amount of the relief fund to this time is about \$200,000.

All on Account of Maria.

ANOKEA, Minn., Sept. 13.—E. A. Barnstrom, of Butte this county, committed suicide at the residence of his son-in-law, John Satterstrom, in Isanti county, yesterday. He had trouble with his wife, who had left him and instituted divorce proceedings. He was 65 years old and had several children.

Mine Disaster.

SCHANTON, Pa., Sept. 11.—The Marvin shaft colliery of the Delaware & Hudson Canal Company, was the scene of an extensive cave-in this morning, by which it is feared a number of men lost their lives. How many it is impossible to say, suppositions varying from six to nine.

Six Million Lost.

EAU CLAIRE, Wis., Sept. 13.—O. N. Ingram closed a contract with the Chippewa logging company to-day, by which he puts in six million logs on the tributaries of the west fork of the Chippewa.

LEECH LAKE, I. T., Sept. 13.—The Indian commission has made a treaty with the Pillager Indians which provides the cession of the Leech Lake reservation to the United States and the sale thereof in tracts of forty acres each, under sealed proposals, at the highest bidder for cash. The proceeds derived therefrom to be placed

to their credit in the treasury of the United States, and to draw 5 per cent. interest, which interest is to be annually expended for their benefit. They will be removed to the White Earth reservation.

A Petrified Tree.

Wants a Trial of Speed.
