States' Politics.

DAKOTA DICKERS.

HURON, Dak., Sept. 25.—Democratic chieftains are arriving to attend the Democratic territorial convention next Wednesday. The convention itself will not be so large as that at Yankton, but a greater gathering is expected, since the number of delegates will be accompanied by hundreds of visiting politicians. The convention will consist of 351 delegates, apportionment being two delegates at large for each county and one delegate for every 2,000 inhabitants. Nearly every county has been organized so that the full strength of the convention will not fall short of the total apportionment. Judge Becker, secretary of the central committee, telegraphs that he will arrive Sunday morning and remain until the close of the convention. Nearly a dozen names have been proposed for delegates. Those that are now seriously considered are D. W. Marratta, United States marshal, Sam'l McCormick, of Grand Forks, secretary of Dakota; S. W. Sheuf, register of the Watertown land office and receiver of the Huron land office; Judge W. H. Becker, secretary of the central committee; George D. Engle, of Aberdeen, and Wan. Lane, of Huron. It is said Marratta is favored by President Cleveland. North Dakota politicians who arrived last night thought Judge Becker would go into the convention with the largest number of pledged delegates. "I have positive information," said one of the members, "that over sixty delegates are instructed for Becker and that 105 are friendly to him." Resolutions will be declared for admission as a whole.

"BLACK JACK" AT PITTSBURG. PITTSBURG, Sept. 25.—A crowd of 6,000 packed the music hall this evening when Gen. John A. Logan opened the gubernatorial campaign. The speaker was received with the greatest enthusiasm.

NEVADA NOMINEES. CARSON, Nev., Sept. 25.—The Republican state convention today nominated C. C. Stevenson for governor, S. E. Davis lieutenant governor and G. D. Edwards for judge of the supreme court.

Other Lands Than Ours.

BEACH A WINNER.

LONDON, Sept. 25.—In the sculling race to-day between William Beach, of Australia, and Wallace Ross, of New Brunswick, for \$500 a side and the championship of the world, Beach beat his opponent, winning by two lengths.

MACKAY'S NARROW ESCAPE. SOFIA, Sept. 25.—It is stated that when Prince Alexander was still in power, Mr. Mackey, the American millionaire, offered to advance a large loan to the Bulgarian government.

NO MORE CHOLERA. VENICE, Sept. 25.—The authorities here have stopped issuing cholera bulletins, as the sanitary condition of the city is satisfactory.

STARRING TOUR. LONDON, Sept. 25.—Miss Fortescue and her theatrical company left London this morning for New York.

SEVEN TONS OF GUNPOWDER. GLASGOW, Sept. 25.—Six persons, including three Glasgow magistrates, were suffocated to death to-day while viewing a monster blast at the Loch Fine stone quarries. Seven tons of gunpowder were used in the blast.

SUCCESS OF PETROLEUM FUEL. ALEXANDRIA, Sept. 25.—An engine specially constructed to use petroleum fuel is successfully drawing trains on the railroad between this city and Cairo. It is estimated that a yearly saving of \$250,000 in the cost of fuel would be effected by this railway by the success of petroleum over coal.

Roaming Reds.

FORT KROGH, Sept. 25.—The northern Indians are prowling over the country, stealing horses, robbing cabins and doing any other mischief which their natures prompt. A rumor was in circulation to-day that Mike Bruno, who resides about eighteen miles from Fort Benton, had been killed. Messengers have been sent to ascertain if true. The Indians visited his cabin a short time ago and took everything he had. Three troops of cavalry from Fort Assinaboine captured a few days ago seven horses and a lot of wearing apparel which had been stolen from some ranch men. As far as can be ascertained the Indians, who are undoubtedly from across the line, have stolen and driven north fully 200 head of horses.

P. O. Address, Canada.

HARTFORD, Sept. 25.—Investigation of Gen. M. Bartholomew's affairs is going on. Some trusts which were thought to have been disturbed are found intact and the orphan asylum is said not to be out a dollar. Facts which have so far come out show the following irregularities: Holyoke water power company, not quite \$200,000, for which its officers say they have ample security; Charter Oak

life insurance company, \$127,000, for which Bartholomew subsequently gave securities, now unmarketable; Florida construction company, \$400,000; Union manufacturing company, paper amounting to \$125,000, of which it is now said Bartholomew has got the proceeds; this, however, is contradicted by a near friend of his; Hartford silk company, \$160,000. Strong efforts are being made to save the Schuyler Electric company; Bartholomew's endorsement is on over \$100,000 of their paper.

Capital Notes.

WASHINGTON, Sept. 25.—The post-office at Wans, Lawrence county, Dak., was discontinued to-day. Ella M. Keenan was re-appointed postmistress at Montevideo, Minn.

Capt. W. S. Johnson retired from United States army, will be tried by court martial in this city on Thursday next on a charge of duplicating his accounts. This is the second instance of the court martial of retired officers. The Sunday Gazette will announce to-morrow, the discharge of twelve printers and binders and six clerks from the government printing office. The discharge is made necessary by reduced appropriation.

Lieutenant General Sheridan left Washington to-night for Fort Leavenworth, Kan., to witness the annual contest for places on the army rifle team. The state department authorities still very earnestly insist that no such treaty as that just published at Ottawa has ever been seen in the department. Whatever has been suggested as to the treaty, on this subject nothing in definite form has been considered here. There is naturally some feeling that this alleged treaty has been given out in Canada before the rough draft of it has been submitted to our state department.

Railroad Racket.

ST. PAUL, Sept. 25.—October 15th the Omaha road will put into effect the three cent reduced rate and is now making up its rate sheet. The fact of the Omaha carrying the war into Africa by the reduction to three cents in Dakota, will have a tendency to force the Northern Pacific and Manitoba roads, the Milwaukee will also make the reduction on its Fargo Southern line, and the Minneapolis & St. Louis on its Watertown branch, all these will force a reduction of rates on the Northern Pacific and Manitoba railroads.

ST. PAUL, Sept. 25.—October 17th is the day arranged for the first through Chicago passenger trains on the Burlington & Northern. The trains will start from both St. Paul and Chicago at the same time, and extensive preparations will be made for the opening.

ST. PAUL, Sept. 25.—A rumor comes from Milwaukee to the effect that C. Pryor, formerly of the Milwaukee has been tendered the position of general manager of the Northern Pacific. This, though, officials of that road emphatically deny.

Good Leather.

ST. LOUIS, Sept. 25.—In view of the probability that the Chicago club will win the league pennant and that the St. Louis Browns will capture that of the American association, Mr. Von DerAhe, president of the latter club, has sent a letter to A. G. Spaulding, president of the former, challenging him to play, after the season is over, a series of five, seven or nine games for the world's championship.

Coal Mining Syndicate.

WINNIPEG, Sept. 25.—A. McLeod and John Stewart, extensive ranchers have just returned from St. Paul, where they formed a company, with Dennis Ryan in the directorate, to develop anthracite coal mines in the Rocky mountains. Experienced engineers and 100 miners will be sent into the mountains at once. Large contracts have been secured from the Canadian Pacific.

A Belle of Antiquity.

WILMINGTON, Del., Sept. 25.—Four negroes and two white convicts were whipped at New Castle to-day. Three negroes were given ten lashes each and one five for petit larceny; the whites, Harry Smith and Frank Hall, received twenty lashes each and were stood one hour in the pillory, for horse stealing. The whipping was light and some 2,000 persons were present.

Fire Losses.

The building was owned by Pat Carney, valued at \$1,500 and was insured for \$800. The fire is supposed to have originated from the explosion of a lamp which was left burning in the store.

Could Not Reach Canada.

PORTLAND, Me., Sept. 25.—Wm. E. Gould, the defaulting cashier of the First National bank, was arrested to-night by the United States marshal and brought before United States Commissioner Ford, who committed him to jail in default of \$50,000 bail.

The Noted Historian.

NEW YORK, Sept. 25.—Justin McCarthy, who arrived here this afternoon on the White Star steamer Britannia, was met down the bay by a reception committee on a revenue cutter. He comes as a literary rather than as a politician, and intending to lecture on the "English House of Parliament;" "the Irish National Cause,"

"English Politics," and one or two other subjects, and to give Americans a fair view of things on the other side. Mr. McCarthy spoke of the warm friendship which Gladstone and Parnell had for each other and that Parnell believed implicitly in Gladstone's power to give the Irish people what they sought if he lived.

The Bartholdi Statue Inaugural.

Republican Vigilance.

The political "pot pourri" on Tongue river in the vicinity of Cutler is just now assuming sufficient proportions to assure a deep interest in November on the part of both parties. That a good, fair, honest vote will be cast is to be sincerely hoped for, but the various candidates must see to it that they are represented by some reliable party who will watch their interests. Unquestionably this section is decidedly Republican, but the Democrat, true to his principles of cunning connivances of all sorts, particularly that of a liquid persuasiveness, is even now alert there, and the Republicans must get right up and rustle. While each side of a victory, it behooves each one to be watchful and energetic in his efforts for the welfare for that party which in November next will carry the proud emblem of Republicanism victorious throughout all Custer.

A pleasant ride was had yesterday by a JOURNALIST behind the fast team of the Model Grocery, with Alex Graham holding the reins.
