The West Shore has improved steadily since the first copy of the weekly was issued, and it is now the handsomest illustrated weekly in the United States. Its pictures of western scenes are of special interest, its general contents are interesting and valuable. Every house on the Pacific coast should receive the West Shore regularly. L. The firemen's dance has come and gone. Anxiously have all the dancers of our city looked forward to the opening of the firemen's athletic rooms with a masquerade. While in most cases anticipation is greater than realization, it was reversed in this instance. The attendance was large, being much greater than could have been expected, a large delegation from Fort Keogh joining in the joys. The costumes were more taking than usual, for while they lacked the extravagance of former masquerades, originality was displayed to the fullest extent, making a more pleasing display than do the stately robed princes and kings. The music was of course good, and the decorations were all the hall would stand. The boys rustled hard, and have made a success of their dance financially and otherwise. None attended the dance who can not say that they received a full measure of pleasure.

To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, yet gently, when co-tive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

A New Typewriter.

Attention is called to the advertisement of the Parish Manufacturing Co. of Parish, New York, who are in the field with a new style typewriter which they claim to be the very best machine in the market. Its arrangement is very similar to the Remington, embracing all the good features of that machine and having some few very decided improvements. It is probable that a Parish machine will be placed on exhibition at the JOURNAL office before long.

Nature in Convulsion.

Is terrific. Volcanic eruptions, cyclones, earthquakes are awfully and tremendously picturesque, but scarcely desirable to emulate in action and effect by the administration of remedies which produce convulsion and agony in the abnormal portion of the human frame. Such is the effect of the old fashioned violent purgatives happily falling more and more into disuse, and of which Hostetter's Stomach Bitters is what some, pleasant and far more effective succedaneum. They weaken the intestines—the Bitters invigorates them. They left the bowels inactive, because incapacitated by causing feebleness. The Bitters, on the contrary, and because it enables, not forces, them to act—a tract and fortunate difference—perpetuate their activity and regularity. The liver is

beneficially stimulated, as the kidneys also are, by this medicine, which easily conquers, also, malaria, nervousness and rheumatism.

Advice.

"Keep your head cool—your feet warm—your liver active, and trust in God," was the advice of a celebrated physician to a patient. You can regulate the action of your liver, kidneys and bowels by using De Witt's Sarsaparilla, an absolutely reliable blood purifying remedy. For sale by W. E. Savage, druggist.

Great Scott!

Dyspepsia

Does not get well of itself. It requires careful, persistent attention and a remedy that will assist nature to throw off the causes and tone up the digestive organs till they perform their duties willingly. Among the ailments experienced by the dyspeptic, are distress before or after eating, loss of appetite, irregularities of the bowels, wind or gas and pain in the stomach, heart-burn, sour stomach, etc., causing mental depression, nervous irritability and sleeplessness. If you are distressed by any of these troubles, try Hood's Sarsaparilla. It has cured hundreds, it will cure you.
