## THE LEGISLATURE.

### Great Hilarity and Much Disorder Displayed in the Lower House.

Considerable Business Transacted in Both Branches. The Senate First General Session of All Business.

HELENA, Feb. 25.—The house only had one session yesterday. There were several reasons for this. One was that some of the members wanted to go home. Another was that there was a large number who have no special interest in the legislation that is hanging fire and would rather see much of it defeated. There was still another reason, and that was the disorder that prevailed at the one session and the evident inability of the speaker and the sergeant at arms to enforce discipline. Judge Tallant, of Cascade, was in a very talkative humor, and kept the speaker busy for awhile recognizing him on various and sundry motions. Bye and bye the speaker began to use his gavel to make the gentlemen from Cascade sit down, or rather compel him to stop getting up. This had no effect and the sergeant at arms was called upon. That officer protested mildly with the gentlemen from Cascade. It was his first opportunity during the session to show his ability to enforce order, and it was anything but a success, in the opinion of those who witnessed the attempt. The effect on the house was that it got a little more disorderly, the example proving contagious. One of the most sensible suggestions made during the disorder was that of Representative Kilgallon, of Silver Bow, to the effect that the chaplain be sent for and requested to pray. All the house accomplished in a two hours session was to set down on another report from the steering committee, and on a proposition to make a special order of the Granite county bill; and to pass three bills.

The joint assembly went through its regular daily formula of trying to elect a United States senator. There was nothing startling about the failure to do so, as everybody is used to it now. Ex-Mayor T. H. Kleinschmidt gained one vote, and W. E. Hall was complimented by getting a vote. Ex-Gov. Toole again got one vote, and A. H. Mitchell two. The leading candidates got about their usual proportion.

The senate yesterday passed a number of bills, among the more important being that to create the thirteenth judicial district, to locate a school for the deaf, dumb, blind and feeble minded at Boulder, and the house bill fixing the qualifications of those who may vote on questions involving the appropriations of money.

The special committee on the Broadwater county bill gave a hearing to the friends of that measure yesterday, and tomorrow the bill will come up for final action. Everything on the senate files that could be acted upon was cleared up yesterday, so that on Monday it will start in with a clean deck. In fact things are coming so easy for the "grave and reversed" that they had a little yesterday to have some fun with one of the members, and Senator Hoffman found time to tell his friends how he enjoyed the play at Ming's Friday night.

### New Hawaiian Flag.

COLUMBUS, O., Feb. 25.—A firm in this city has received an order from the provisional government of Hawaii for military clothing in all respects like that of the fatigue uniform of the United States army, to be shipped by steamer from San Francisco, March 14, for the use of the national guard. The order was signed by John H. Soper, colonel commanding N. G. H. The army consists of 494 men. A dark blue silk battalion flag was also ordered, similar in size to the United States regimental flag, but with the coat of arms of Hawaii on the blue shield in the center, surmounted by one star. In the center of this shield is another shield with three white and four red vertical stripes, bearing resemblance to the United States shield. Over this shield is the word "Hawaii," and the date of the revolution, "January 17, 1893."

### Political Dishonesty.

OTTAWA, Ont., Feb. 25.—Premier Davies, of Prince Edwards Island, created a scene in the commons last night by a terrible arraignment of the government for falsification of the record of the delegates' trip to Washington on reciprocity. Minister Foster reported that the United States would only grant a treaty of unlimited scope, with a uniform tariff made at Washington discriminating against Great Britain. Davies gave the lie direct to Foster by reading Blaine's report to congress on the matter, showing that the Dominion government would only accede to a treaty which included some national products, something which every Canadian knew the United States would never accede to. A list of manufacturers, said Davies, was also included in the treaty, which the United States would grant, and as to a uniform tariff, it was a pure fabrication. Shaking his hand in the face of the finance minister, Davies declared that while he Foster kept back the records of the proceedings from parliament, he was justified in calling him a falsifier for the pure purpose of deceiving the people, so that he and his colleagues might retain their situation. The report of Blaine proved the government guilty of deceit, falsehood, political trickery of the worst kind. He defied Foster to contradict and the minister did not.

### Fighting in Brazil.

VALPARAISO, Feb. 25.—From various sections in Rio Grande do Sul comes news of fighting. The federals have assumed the offensive, and appear to be making decided gains in the army. Two thousand federals are besieging the town of Santa Ana. A fierce fight was fought near Dom Pedro, yesterday. Many were killed on each side, but the result of the fight is not known. The federals who organized in the province of Corrientes invaded Rio Grande do Sul and skirmishes are reported all along the frontier. No decisive battle has been fought as yet, however.

### A Generous Fellow.

ETHIOPIA—Jack Wagner asked me to dance with him last night.  
Christina: It was very good of him. But he has always had the character of being the son of generosity. —New York Press.

### A Grievous Pleasure.

HIS: Aren't you pleased with the way my mistake is growing?  
SHE: Yes, indeed! I'm more vexed with it every time you call. —Brooklyn Life.

### Too Cold.

Mamma: Why don't you go outdoors and play?  
Little Daughter: I've lost dolly's mittens. —Good News.

### Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his liver was affected to an alarming degree, appetite fell away, and he was terribly debilitated in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg; doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at Wright's drug store.

### The Reason Why.

The Chicago, Milwaukee & St. Paul railway is the favorite:

It is the oldest and was first in the field.

Its train service is the very best.

It is the first to adopt improvements.

Its sleepers are palaces on wheels.

It runs elegant drawing room sleepers on all-night trains.

Its trains are lighted by electricity.

It runs luxurious chair cars on day trains.

It is the only line using the electric berth lamp.

Its dining car service is unexcelled.

Its trains run solid to Milwaukee and Chicago.

It is the best route to St. Louis and the south.

It is the best route to Kansas City and the west.

It runs four trains daily to Milwaukee and Chicago.

It runs two daily trains to St. Louis and Kansas City.

It is the government fast mail route.

It is popularly styled the "Old Reliable."

It furnishes safety, comfort and speed to patrons.

## WHY DO YOU SHUDDER?

One of the Strange Things that Happens to Every Man and Woman.

Few People Understand It. Fewer Realize What a Serious Thing it May Become.

All are Interested in What Follows.

What is a chill?

A cold wind blows and strikes your throat and you feel chilly, or strikes your neck and runs down your spinal cord; you shiver; a cold thrill goes over your entire system; you go on about your duties and perhaps think nothing about it. The next day you feel out of sorts and do not know why. Your head may not ache, you may feel no pain whatever, but you are not yourself. You do not understand it.

Let me tell you what it means. You have had a chill you have taken cold and it has gone to your kidneys. If you were sneezing or blowing your nose, you would know you had taken cold in your head. If your throat were sore, you would know at once what that meant. If you coughed, you would realize that you had a cold in your lungs. If your muscles were sore, you would know it was a rheumatic cold. But you have none of these troubles, and yet you are out of sorts. The chill, the thrill, that you felt, has become a cold and has gone to your kidneys. You do not feel any pain, but you do not feel well. If you neglect it, you will feel worse; later on you will feel miserable; finally you will become a chronic invalid or die, all because you neglect a chill.

What should you do? What should any sensible man or woman do? Take prompt measures to check the effects of the chill and get into sorts, into perfect health again. How? There is but one way. Use the only remedy, the only discovery which is ever known for these troubles, which is Warner's Safe Cure. You know very well, if you stop to think, that the highest medical and scientific authorities have unqualifiedly stated this, that while chills may come, will come, they can at once be overcome if a prompt resort is had to this great, this grand Safe Cure. Read what prominent men and well-known women have said in its praise:

Mrs. R. F. McMurray, resides on St. Paul's Ave., Staten Island. She says: "My mother, Mrs. S. A. Vanderbilt, and myself, owe our health, and I almost fear our lives, to Warner's Safe Cure. Recently I had a most severe attack of Grip arising from a cold, and the Safe Cure made me feel like a new person. Other members of our family, and also many friends and acquaintances, have received equal benefit, and all highly recommend it."

Dr. A. C. Clark, a prominent New York physician, gives testimony that is just as strong in the following words:

"I have never known a case of sickness arising from a cold or a chill, or any of the troubles that arise during this season, which has not been promptly and permanently cured by the use of Warner's Safe Cure. Its power at this time of the year is wonderful. I have seen women run down by care and overwork; men whose vitality was exhausted, and even puny children restored to perfect health through its use."

Rev. Henry C. Westwood, D. D., Providence, R. I., says: "Ten years ago I used Warner's Safe Cure, and derived so much benefit from it that I was voluntarily led to write a testimonial in its favor. Since then some of my friends have proved the great virtue of this remedy, and recently a relative has been much relieved by its use. I therefore beg leave to place more emphasis upon my opinion of this remedial agent expressed some ten years ago."

Mrs. J. F. Beale, residing at No. 363 Lexington Ave., said in the course of a recent interview: "About 8 years ago my illness began, being peritonitis, and general kidney troubles; in spite of the attendance of skilled physicians, my ailments increased; upon advice of some friends I began to use Warner's Safe Cure, and was cured entirely. I feel as well today as in early girlhood, and it is entirely due to this great remedy. Many of my old friends, to whom I have recommended the Safe Cure have been cured by its use, and their lives thus prolonged and their happiness assured."

Such testimony is beyond question. If you feel a chill or any of those signs of coming sickness, act at once, delays are dangerous, life and health will not permit of trifling.

Where to Stop in Helena.

Custer county people who visit Helena should stop at the New Merchants' Hotel. It is centrally located, run on both European and American plan, at popular rates. Good rooms, good table, and the YELLOWSTONE JOURNAL on file in the reading room.

## In Kansas

A man can go without socks, and his chances for becoming a congressman are above the average.

## In Montana

It is different. If you don't wear socks your chances are pretty slim for becoming anything. See that show window of socks at the store of

## CRABS

Is the name very appropriately given to shoes that lack fit and style. No matter how good the materials may be nor how strongly put together, if they lack these two essentials they are useless to the wearer. This is especially true of ladies' fine goods, for no lady who is willing to pay \$2.50 or more for her footwear will purchase a shoe that does not so conform to the natural shape of the foot as to be comfortable, and which does not show a sufficient gracefulness of outline to fit the head as well as the foot. This is just where we come in. We never put in a new line of goods until we are not only convinced that they are THEORETICALLY right, but also have proven by actual trials that they are PRACTICALLY so, and thus we are in a position to guarantee the fit of our goods.
