QUEER TACTICS.

Oregon Lawyers Making a Business of Issuing Bogus Chinese Certificates.

It Costs a Pigtail \$120 to Get Into the United States, and Sometimes Considerable More.

PORTLAND, Ore., April 2.—If the investigation into the methods of the Chinese at this port and along Puget Sound, commenced by Special Treasury Agent Noyes is carried far enough it is said that some sensational revelations will be made. Customs Inspector Told of Vancouver, B. C., who arrived last night, says the steamer Haytien Republic has been carrying a large number of Chinese every trip and but a small proportion were sent back until the last trip, when 37 were deported. It is said that these Chinese all have certificates, which were procured from Portland and Salem, and notaries and lawyers in the two cities are in the business of furnishing them. The Chinamen sent their photographs, which were attached to bogus certificates. They pay \$50. The Haytien Republic charges them \$50 fare, and then they have to pay the agent \$10 to see that they get in all right.

The Tacoma Ledger this morning published a letter purporting to be instructions from the Gin Who company of Hong Kong to prominent persons of Portland, instructing them how to smuggle into the United States and take care of 67 Chinamen who came on the steamer Haytien Republic a week ago. The letter also states that the price to be paid the smuggler was \$6 a head, and, in three special cases, \$175 and \$25 were also paid to Mrs. Virgil Moor of Portland as soon as the Chinamen arrived. Five Chinese are now held at Astoria, awaiting deportation, it having been discovered that the names of five well known business men of that city had been forged to their certificates.

Arrested on Suspicion.

ST. PAUL, April 2.—It was learned here tonight that a man giving the name of Joe Reilly was arrested in Minneapolis this afternoon and locked up in the central police station, charged with the murder of John Swenson at Helena on May 15, 1892. Reilly came down from the northern Minnesota woods Saturday, and was seen by a man, who informed the detectives. He went to a lodging house on lower Washington avenue. Detectives went there in search of him, but he was not in. The officers, after a long search, found Reilly in a house of ill fame on First street. Reilly at first denied ever having been in Montana, but after a cross examination admitted that he was in Helena three weeks after the murder. He said he left Minneapolis with two friends to go to Helena, but they left the train before arriving in that city. It is believed that they were the three men who committed the murder. Reilly's description tallies exactly with that of one of the men given in the circular sent out by the Helena police. He is five feet ten inches tall, heavy set, with dark, shaggy eyebrows extending across the upper part of the nose, of swarthy complexion, and with a long, swaggering stride to his walk. Reilly claims to be a victim of circumstances. "I was arrested," said he to a reporter, "in Great Falls on the description of the murderer, but the cook, who was the sole witness, failed to identify me and I was given my liberty." Reilly gives as his reason for denying that he had ever been in Helena that he hoped to be let go and not be subjected to the trouble and inconvenience of being locked up and taken around the country for the purpose of identification.

Compromise Offered.

DALLAS, TEXAS, April 2.—A News special says: The more the actions of the Choctaw militia in the pending trouble is looked into, the worse they appear. Agent Bennett yesterday took Ben Spring's commission from him as Indian policeman, for participating in the attack on Locke's house. Agent Bennett has just left Good Land, bearing an offer of compromise to Locke. It cannot be learned what the terms are, as there is no telegraphic communication with either point. The matter will come to a head tomorrow.

Suffrage in Belgium.

BRUSSELS, April 2.—The socialists met in convention in Ghent today, principally to determine the attitude of their party in case universal suffrage should be refused them. This morning a thousand French socialists, led by the mayor of Roubaix and several town councillors, marched in a body to the convention hall. On all sides they were greeted

with the cry of "Long live the fourth hour!" Many of the delegates, however, were in favor of a general strike in case the restrictions upon suffrage should be limited by parliament to questions of plurality of votes for heads of families. If, however, parliament should grant a plurality of votes to property owners and holders of university diplomas, the general labor council will be charged to order a strike at once of all the laborers in the country.

A Remarkable Journey.

SEATTLE, Wash., April 2.—A remarkable journey was recently brought to a successful close by C. H. Hamilton, of Chicago, 22 years of age, who arrived here last night from Alaska. He traversed 1,500 miles on snowshoes up the Yukon river in Alaska and over the divide to Chilkoot in the dead of winter, being the first white man who has ever crossed these mountains at that season and lived. He is an employe of the Yukon River Transportation and Trading company, and left Seattle in July last on a trip with the company's expedition at St. Michael's, near the mouth of the Yukon. The expedition built a steamboat and started up the river with 350 tons of provisions and supplies. After steaming two weeks up the river, ice stopped further progress. As it was necessary to get word to civilization that the boat was frozen in, Hamilton volunteered to make the journey of 1,800 miles and started Nov. 25, with three sledges, 21 dogs and some Indian guides. He arrived at Chilkoot, eight miles above Juneau, March 20.

Little Marthaena Badly Hurt.

NEW YORK, April 2.—The shock which little Marthaena Harrison experienced from being thrown out of her baby carriage by a heavy express wagon, which also knocked down Mrs. Russell Harrison in front of the Fifth Avenue hotel on Friday, had a serious effect on the child. Little Marthaena had been undergoing electric treatment for nervous prostration which followed an attack of scarlet fever in the white house. Mr. Harrison says that his daughter's condition will delay her removal to the home of her grandfather, Senator Saunders, in Omaha, Neb.

Will Decide This Week.

WASHINGTON, April 2.—The coming week in the senate will witness the continuance of the debate on the cases of the senators appointed from the western states, with a probability that, before Saturday, a vote will be taken. There now appears to be little, if any, reason why the senate cannot adjourn as soon as it is notified by the president that he has no further communications to send it. It is possible, but not likely, that the Roach investigation may be called up by the republicans this week.

Citizens' Attention.

The meeting of the Wool Growers on the 17th, and of the Stockmen on the 18th, together with the other visitors, will bring a larger crowd than can ordinarily be cared for. The hotels and restaurants can feed the multitude but the matter of sleeping room is one that must not be overlooked. We must see that our visitors are made comfortable during their stay, and your committee requests that parties having spare room notify the undersigned, that arrangements may be made for the proper entertainment of those from abroad.

Annual Convention of Stock Growers' Association.

The regular annual meeting of the Montana Stock Growers' Association will be held at Miles City, beginning Tuesday, April 18, 1893, at 10 o'clock, a. m. As all questions relative to the stock interests of the state will be considered, it is important that there be a large attendance at this meeting, of not only members of the association, but stock men in general.

The railroads of the state will make a rate of one fare for the round trip, on the certificate plan, to all who desire to attend this convention. You are urgently requested to be present.

THE MINNESOTA LEGISLATURE.

Alum Baking. After the Alum and Ammonia Baking Powders.
A bill for an act in relation to the manufacture and sale of baking powders, to prevent fraud and preserve the public health has been introduced in the legislature at St. Paul. The bill is intended to prevent the adulteration of baking powders with alum or ammonia, imposing proper penalties to enforce the law, etc.

This shows an earnest desire on the part of our state representatives to protect their constituents.

The Chicago Tribune, referring to the question of legislation on alum and ammonia baking powders, says: "It deals in a direct manner with an evil that must be cut down."

Dr. Chas. W. Drew, chemist for the Minnesota State Dairy and Food Commission, in his elaborate report of 1892, gives a list of one hundred and seventy-three different brands of Alum baking powders alone—sold in Minnesota.

Following is a list of the more widely known brands that Dr. Drew, as well as other chemists of high standing, have examined and found to contain alum, and some of which contain both alum and ammonia. Many of the alum and ammonia powders are labeled and advertised as "absolutely pure" to mislead the public.

"Calumet," "Forest City," "Grant's Bon Bon," "Hotel," "Globe," "Puritan," "Snow Ball," "Government," "Palace," "Loyal," "Columbia," "Home," "Monarch," "Unrivaled," "Chicago Yeast," "Echo," "Zipp's Crystals," "Perfection," "White's Rose," "Hatchet," "Crown."

In addition to above list, there is a multitude of brands sold with a prize. It is safe to reject all baking powders sold with a prize as the tests show they are composed largely of alum and cost but a few cents a pound. Also refuse any baking powder sold for twenty-five cents a pound, or less; it is sure to contain alum.

Surely nothing but their cheapness could induce the public to experiment with these impure powders at the risk of health. Aside from the question of the health or wholesomeness of the condemned powders and viewed from this standpoint of economy alone, a pure cream of tartar baking powder like Dr. Price's from its greater known strength and unquestioned purity will prove more economical to the user in every way.—St. Paul Pioneer Press.

His Vocation.
Teacher—Don't you think you are crowding your son a great deal?
Father—No, sir, teach him everything.
Teacher—Are you fitting him for a lawyer?
Father—No, no, for an elevator boy.—Chicago Inter Ocean.

His Falling.
"He behaved dreadful at the swarty," said Mrs. Partington. "Acted like a perfect idiot."—Quips.
