THE STOCKMEN.

Everything in readiness for Today's Convention. Many Visitors.

It is doubtful if there has been in recent years as many strangers in town in attendance upon the annual meeting of the cattlemen's convention as are now in the city, and the interest in the meeting is fully equal to the attendance. The register of arrivals at the Macqueen house speaks very plainly, and in addition there are many other guests quartered in different parts of the city.

The most important delegation, however, arrived last night in the shape of a special train from the east, consisting of six cars, all representing railroad companies engaged in the range traffic, of which the following is a list, including their occupants:

Two cars, the first containing S. L. Moore, general freight agent, with M. H. Murphy, Joseph Rosenbaum and Paul McCormick as guests, and the second containing Supt. Dorsey of the Yellowstone division, and Supt. J. E. Phelan of the Missouri division.

General Manager J. R. Hastings and wife, General Freight and Passenger Agent W. J. C. Kenyon and wife, and Live Stock Agent F. A. Sears.

General Manager W. F. Merrill, General Freight Agent Thomas Miller and General Live Stock Agent John Eyer of the B. & M.

General Manager S. R. Ainslie, General Freight Agent J. B. Cavanaugh, and the following guests: Vice President J. F. Faithon and General Manager A. R. Jones, of the Street Stable Car company, and General Manager H. E. Barber of the Twin City stock yards.

General Superintendent C. C. Hughes and General Live Stock Agent Hugh Chittick, and the following guests: Will Forrest of Clay & Forrest, Charles Robinson, of Clay, Robinson & Co., and wife.

Everything is now in readiness for the meeting and it will be called to order at 10 o'clock this morning.

The district court for the April term was opened yesterday morning at 10 o'clock, and the following business was transacted:

1291 John Westpeter vs. W. E. Harris, time to prepare and file affidavit on motion for new trial extended to May 1st by consent.

1298 Louis King vs. The Miles City Irrigating and Ditch company, stay of proceedings extended to June 1, 1903, by consent, including time to prepare papers on motion for new trial.

1329 Green Mountain Stock Raising company vs. W. E. Savage, treasurer, court gave notice that a decision would be rendered this morning.

1336 R. H. McDonald et al. vs. Harn Swartz; set for April 19 at 10 a. m.

1337 M. Bolles & Co. vs. George Landre and J. H. Locke; dismissed on motion of plaintiff.

1372 Ed W. McGehee vs. N. A. Wolf; dismissed as settled on motion of plaintiff.

13 State of Montana vs. Charles A. Baker; judgment reversed by order of supreme court, and set for trial April 25, 1903, at 10 a. m.

106 Estate of Robert Ferguson; it was ordered that all property of the estate be turned over to W. J. Ferguson and the bond of the administrator discharged.

97 Estate of George W. Blanck; final report of administrator, C. H. Lous approved and allowed.

115 Estate of Clara R. Blanck; same order.

Court adjourned until 9 a. m. Tuesday April 18, 1903.

Good Looks. Good looks are more than skin deep, depending upon a healthy condition of all of the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered, you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alterative and tonic and acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at Wright's drug store, 50 cts. per bottle.

The Petty Courts. Justice Gibb had considerable business to do yesterday, from punching holes to committing those miserable offenders who will fill their frames with whiskey and then defy the law.

The first matter investigated was the fight in Eichenberg's saloon on Saturday night. E. D. Morriveau was called first, but as there was no evidence of his having been criminally engaged in the

francs he was discharged. Not so, however, with his partner, John Peter Riley. The latter was brought into court, and stated that his true name was John W. Kaufman. He made the plea in his own behalf that he was too drunk to know what he did that night, but after informing him that drunkenness was no plea, the court sentenced him to 30 days in the county jail.

The Episcopal Dinner. The ladies of the Episcopal church have arranged the most minute details for the comfort and convenience of their guests today, and will be pleased to see any and all who desire to patronize them at the Robbins & Lenoir building today, either at dinner or supper. The dinner will be ready for service at 12 o'clock, noon, and the supper at 5 p. m., and the tables will be kept liberally supplied with everything obtainable as long as there is any demand. The meals will be 50 cents each, but to accommodate those who only desire a light lunch, ice cream and cake will be sold at 25 cents. The proceeds of the dinner will be used to assist in the payment of new seats for the church, and such a worthy object should be well patronized, especially in view of the fact that the bill of fare is such as to insure full value for the money.

More Cattle Transactions. On Saturday Stock Inspector Smith received a telegram from Bob. Guy at Junction, informing of the arrest of a man at that place, who was supposed to be wanted for complicity in a cattle stealing transaction. The officer went up, and finding that he was not the man wanted, ordered his release.

Sim Roberts, who lives on White Beaver, below Big Timber, was arrested by Inspector Smith last week, upon a charge of stealing a steer belonging to A. S. Campbell of Big Elk, and was released upon giving bonds in the sum of \$1,000.

Any cow hand that has ever worked in California, New Mexico, Colorado or Wyoming knows that Al. Furstnow is recognized as the best saddle hand in the country. He is working now for Robbins & Lenoir, and they have on sale a number of his saddles made during the winter. Drop in, next door to the Stock Growers bank, and see some fine leather work.

There were more soldiers in town on Sunday night than have been seen in Miles City for many months, and they spent considerable money, but managed to keep the police pretty busy for several hours, and at one time about 10 o'clock it looked like there was going to be a free fight in one of the Main street saloons, but it was nipped at the bud.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25c per box. For sale by John Wright.

Editor Burton of the Livingston Herald is a visitor during the conventions. Mr. Burton, as editor of the Buffalo Echo, made a gallant fight against the Wyoming rustlers, but was finally compelled to dispose of his paper for what he could get, and leave the field. Such are the hard lines that a newspaperman strikes sometimes.

J. L. Harrison came in from Wolf Point on Sunday, and will remain during the stock meeting. Mr. Harrison has recently arrived from Texas, and has taken the general management of the Home Land & Cattle company's Montana interests, succeeding C. M. Jacobs, who leaves the employ of the N-N.

Dr. Adams, the dentist, who has spent the last six months in the east for the purpose of more thoroughly equipping himself with the latest methods of dentistry, and the use of the latest improved instruments, is now back and is nicely located in his old office above the post-office and ready to begin work Monday.

John E. Light received a telegram yesterday from his partner, Mr. Middleton, at present in Helena, stating that the supreme court had denied their appeal in the Sam Russell murder case and affirming Judge Milburn's sentence of 25 years in the pen.

The west is the place to find leather workers, but in Miles City the place to find leather workers in saddles, harness, bridles, cuffs, packets, and fancy work, is at Robbins & Lenoirs. You can't miss the new swinging sign.

HO, FOR THE FUN.

Everybody should see the sport at the Stockyards Today.

Every arrangement has been completed for the general sports at the stock yards today, and the success of the entertainment is assured.

The cowboy band will parade the streets in a mess wagon, and will furnish plenty of music free of charge.

When the grounds are reached the exercises will be conducted as advertised, and Messrs. Dick Ingersoll, Wash Croft, John Carter and Bruce Moore have been selected as judges, while Luke Sweetman will act as whipper.

Everybody should attend, as the exhibition will certainly be worthy of the time consumed.

The entries for the races were not closed last night, and will remain open until the horses are called up for the start this afternoon.

Two Brick Yards. The amount of prospective building to be done in Miles City this summer has had the effect of stimulating all branches of the building trade, and as a consequence there are now two brick yards in active operation.

Sam Stone has his old yard in pretty good condition, and is laying in grates, so that he can burn coal principally, and figures on burning about 500,000 or 600,000 brick.

J. W. McMahon has arrived from Red Lodge, and begun work upon his new yard, just above Stone's place, and will soon have about fifteen men at work, with the intention of supplying as many bricks as may be required by anybody.

The N-N, or Home Land and Cattle company's trail outfit crossed the Yellowstone Sunday morning and proceeded down the trail. They will drive to Sheridan, Wyoming, and then ship to the Pan-handle, in Texas, from whence they will drive back five or six large herds of steers. The outfit consisted of about 325 saddle horses, six wagons and the necessary quota of men, under the foremanship of Frank Stevens.

Commissioner Haynes yesterday commenced the work of improving the court house park, and during the day Jim Kelly was engaged in playing up that portion between the court house and the track. It will then be harrowed and levelled up, after which it will be sown in grass. It will soon be a beautiful piece of ground, especially when the shabby old wood and coal houses disappear.

Jay W. Sweetser has filed with the county recorder a notice to the effect that he has diverted and claims 1,000 inches of the water of Big Porcupine creek for the purpose of irrigating the S1/2 S E 1/4 and S1/2 SW 1/4 of section 21, township 7 north of range 33 east.

A patent was filed yesterday conveying from the government of the United States to Charles F. Brandt 100 acres of land in section 10, township 6, north of range 43 east.

Treasurer Savage has already a number of inquiries regarding the purchase of the \$10,000 school bonds recently voted by district No. 1, and anticipates no trouble in placing them at par or a small premium.

Charles Trott, a native of Great Britain, yesterday declared his intention of becoming a citizen of the United States, subscribing to the necessary oath before Clerk Zimmerman.

Alex Prenatt, the representative of the Street Stable Car company, returned on Sunday evening, having been east since last November, and will remain during the summer.

Bids Wanted. Sealed proposals will be received by the undersigned up to noon of April 24, 1903, for improvements on the Baseball and Athletic Association's grounds. Specifications can be seen by applying to

Full of Peril

Are those disorders which, beginning with an apparently trivial inactivity of the kidneys or bladder, terminate in Bright's disease, diabetes and cystitis. The first two not only interrupt the functions of the renal organs, but destroy their structure with as much certainty as tubercular consumption does that of the lungs. Hostetter's Stomach Bitters, an excellent diuretic, promoting the activity of these organs without over exciting them, thus averting the deadly maladies in which their inaction is so prone to culminate. The removal from the blood of impurities which the kidneys should but do not, when inactive, secrete, is another beneficial effect of this incomparable medicinal stimulant and purgative. The Bitters is, in all cases, too, a fine restorative of vigor and aid to digestion, remedies malarial disease, and banishes liver complaint and constipation.

Finally I read about hives being cured by Hood's Sarsaparilla, and decided to try this medicine. Before half a bottle was gone I was almost cured, and now, being on the second but
