

We concluded to close out our present stock of corsets as we will put in entirely new lines this fall and room must be made quickly for the new goods.

In order to accomplish this in the shortest time we have made a great \$1.00 sale, which includes all the corsets we have in the following brands.

- 500 Bone, a \$2.00 corset; sale price \$1.00
- Thompson's Glove Fitting, a \$1.75 corset; sale price \$1.00
- Warner's corset, a \$1.25 corset; sale price \$1.00
- R. and G. corset, a \$1.25 corset; sale price \$1.00
- Keep Cool, a summer corset, \$1.25; sale price \$1.00
- C. B. corset, \$1.20; sale price \$1.00

And so on through a list of favorites, all marked down to a price to insure a speedy distribution among the ladies of Miles City.

Other corsets, such as Model Form, have felt the knife and fall from \$1.75 to \$1.25.

The Imperial, a well known brand and worn by some of the most perfect figures in this city, now becomes a popular priced corset, and while its aristocratic shape has made the fortune of many a lucky wearer, the price tumbles to \$1.50; White, Grey, Black.

The Columbia has been too high priced for any but a well filled purse. It has been a great favorite with such as could afford it, but in this closing sale there are no favorites; all must dance to the same tune, so Columbia bows her proud head; \$2.40 any color. If the ladies of Miles City resemble a graduating class in Delsartean grace you will know our Columbia Corset is being generally worn.

Miss Minnie Cappel, a former resident of Miles City, was recently awarded the silver scholarship medal in the seminary at Kingston, Ill.

Kenneth McLean yesterday moved his family into town, and took up his residence in the property which he recently purchased from Carl Woditzki.

Steve Wood.  
Cottonwood or pine, cut in stove length. Leave orders at Case, King & Woditzki's. \* P. G. WHITED.

Dr. Adams the dentist has accepted an offer made to him by the people of Glendive and will go there as soon as he can arrange his work so as to leave.

To-day has been exactly what the visitors call a Livingston day; the wind blew great gusts, the dust flew in clouds, the wind at one time having reached a velocity of 43 miles an hour.

A CENO is the only safe anesthetic by which teeth can be extracted; bores and fellows lanced without pain; reference, either of the city physicians. Used by Dr. Adams.

Mrs. A. Laney and Miss King, sister of H. R. King, departed on the flyer this afternoon for a two months' eastern trip. They will take in the Chicago fair and then visit friends and relatives in Kentucky.

H. S. Spaulding stopped over at the stockyards yesterday with two carloads of horses from Genesee, Mont., bound for the Minnesota transfer, and after feeding and resting the animals, he left again on No. 5 last night.

Quartermaster Getty yesterday sold at auction at Fort Keogh nine head of condemned government mules, which realized from \$11 to \$40 each, the most of them selling for \$20 or less, and some of them were good animals.

No. 2 this afternoon was hung up at the depot ten minutes on account of freight train No. 56 getting stalled while endeavoring to back in on the siding to let the former pass. The wind was so strong that the engine was overmatched.

No. 3 (the flyer) had a hard pull from Glendive this morning, but managed to come in only about ten minutes late, but the work had been so heavy that it was necessary to coal and water both, which caused the loss of another ten minutes.

A. M. Cree came in from the north side yesterday, having been very successful in driving down the sheep recently purchased in Oregon by Mr. Snell and himself. They will be opposite this city in a day or two, and may be ferried across at this place.

Mrs. John S. Truscott came home on last night's No. 1 from Philadelphia, where she has been visiting friends and relatives. She was accompanied by Miss Louisa Truscott, sister of John and Harry Truscott, who will probably make Miles City her future home.

Butler & Potter have purchased an elegant buggy team, and now take nightly drives with them. They are not very large in size, so much of their anatomy have been put into ears that the remainder of their body was neglected, but they get there just the same.

A male quartet consisting of George Robbins, H. H. McCorkle, Al. Furstnow and Mr. Salisbury of Ekalaka serenaded a number of residences in the city last evening, and rendered several selections in a highly creditable manner, greatly to the enjoyment of those who heard them.

It is guaranteed to give perfect satisfaction or money refunded. Price 25c per box For sale by John Wright.

The Sunday Game.  
It is probable that a comical game of ball will occupy the grounds on Sunday. The "back numbers," under the captaincy of Clerk Zimmerman to-day challenged the regular nine for a limited number of innings, probably five or seven, and declared that they can do the latter up. Of course the "deti" will be accepted, and the old-timers will make it kind of interesting for the regulars. Both nines will be announced to-morrow.

**Badly Wrecked.**

This morning the wind blew a pretty stiff gale, and during its prevalence the residents of the north-east portion of the city heard a loud crash. Looking toward the grounds of the Miles City Base Ball and Athletic association it was discovered that the noise was produced by the falling of the grand stand and a portion of the fence.

In looking over the wreck it was found that the stand had tipped over, the back not suffering any material injury, but the seats and roof were somewhat mashed, and it will require considerable work and some new lumber to replace it. Three panels of the fence on the east side, about half way between the stand and the northeast corner were blown bodily down, one post being broken off. The grand stand had no foundation, being placed on blocks on the ground, and the fact that it turned over is not surprising.

**Officers Elected.**

The ladies society of the Episcopal church met at the residence of Mrs. W. S. Snell yesterday afternoon, and had a most pleasant meeting.

This being the annual session of the organization, the election of officers was necessary, and resulted as follows:  
President—Mrs. W. S. Snell.  
Vice-Prest—Mrs. W. H. Trowbridge.  
Secretary—Mrs. N. P. Osgood.  
Treasurer—Mrs. W. L. Avery.  
Directors—Mrs. J. M. Holt, Mrs. H. G. Potter, Mrs. C. S. Whitney and Mrs. Fannie McGurk.

A vote of thanks was tendered the retiring president, Mrs. J. S. Towers, for the able and efficient manner in which she has during the term of her office, conducted the affairs of the society.

**Half Rates to Cleveland via B. & O. R. R.**

For the benefit of those desiring to attend the International Conference of Epworth League at Cleveland, O., June 29th to July 2nd, the Baltimore and Ohio R. R. will sell tickets at low rate of one fare for the round trip. Tickets will be on sale at B. & O. offices west of Pittsburgh and Bellaire, and at ticket offices of principal railroads of the west June 28th and 29th, and will be valid for return journey until July 3rd inclusive. The round trip rate from Chicago will be \$10.00. Pullman sleeping car accommodations may be reserved and all desired information may be secured upon application to L. S. Allen, Assistant General Passenger Agent, Grand Central Station, Chicago.

**Wool Matters.**

F. A. Lisk yesterday loaded at Terry three cars of wool, containing about 35,000 pounds, and consigned the same to Fennel Brothers & Childs, Boston, the same being from the clips of Renn Brothers, August Renn and E. E. Batchelor.

Mr. Lisk and A. M. Cree left on last night's train for Rosebud station, and will to-day load three cars of the latter's wool for shipment to Boston.

George Newman, agent for McNaughton & Co., yesterday shipped to that firm two cars of wool, from Hach & Steadman's clip, one car being loaded at Hathaway and the other at Forsyth.

James Weare, son of R. G. Weare, is reported to be very sick at the ranch near Ekalaka. Last night about 12 o'clock a messenger came in for medical assistance, and an hour later Edgar Weare and Dr. Redd started from this city. This morning Tommy, the youngest brother, also went out with the messenger. Jimmie has been troubled somewhat with rheumatism during the past spring, and he was recently attacked with the measles. It is learned that the latter disease settled on his lungs, and made a very serious complication.

The "back number" baseball nine turned out for practice last night, and had an excellent time. County Clerk Swerdiger has a "good eye" generally, but this morning he had a streak of mourning under the right eye, occasioned by too close combat with a ball, while Will Savage has a bad leg from a similar cause, but still they will both be strictly in it on Sunday.

**Band Concert.**

Prof. Reichardt spent yesterday in town, arranging for a concert on next Sunday evening, by the Twenty-second regiment band, and finally concluded to come over. It will be a promenade concert in the park, and will commence about 6 o'clock, so as to complete the program of seven selections in time to permit those who desire to do so, to attend church at 8 o'clock. The band will

consist of eighteen pieces, and the music given will be of the highest order, making the entertainment a thoroughly acceptable one.

**Sheep Shearing Contest.**

John F. Williams and Frank Moreland Yellowstone county sheep shearers, are after the Marquis brothers, who made the big record at Mingsville, with a 800 challenge. The Yellowstone boys don't believe that the other fellows did 200 sheep each in one day, and by the way, the JOURNAL has learned from Charley O'Neill that the report published, that this Mingsville record had been beaten at his sheep camp is not true—so the Marquis brothers still hold the championship.

The Billings Gazette gives the circus a roast, which induces the belief that the Gazette man bought "one of those large Columbian sticks of candy" for a nickel and got "worked" on the change. Country people should always have the exact change when dealing with circus men.

**Deserving Praise.**

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. John Wright, Druggist.

**From the World's Fair to Washington and the East.**

Do you contemplate going to the World's Fair? Of course you do—every one does. But you will not end your journey with a visit to the fair. You will want to go back to the old home in New York, Ohio or Pennsylvania. You will, perhaps, want incidentally, to go to Washington, call on the president to inquire after the "plum" crop, in fact make a swing around the whole circle, take in Cincinnati, Pittsburg, Wheeling, Washington, Baltimore and New York. That would make a splendid trip if taken over the Baltimore and Ohio railroad. Over no other railroad route in all the east, can there be found more delightful and varied scenery than over the famous B. & O. It is the only direct route from Chicago to Washington. Leaving Chicago, on the finest and fastest trains in the world, vestibuled from end to end, lighted by the famous Pin-tach gas, protected by Pullman's anti-telescoping device, and a perfect block system, you are rapidly whirled over a splendid road-bed and down through the grand old states of Illinois, Indiana, Ohio, Pennsylvania and Virginia, away up among the mountain fastness of the Alleghenies, past hundreds of historic battle-fields and places of note. You cannot conceive of a grander trip on all the American continent. If you contemplate visiting the old home in the east, you should not fail to travel by way of the Baltimore and Ohio railroad. For information as to rates, time of trains, sleeping car accommodations, etc., apply to L. S. Allen, Asst. Gen. Passenger Agent, "Rookery," Chicago, Ill.

Strevel, President, and marked "Bids for Brick, Stone and Rock," and delivered before noon of July 20th, at which time they will be opened at the office of the Secretary. H. E. WILEY, Secretary.

**That Terrible Scourge.**

Fever and ague, and its congeners, bilious remittent, besides affections of the stomach, liver and bowels, produced by miasmatic air and water, are both eradicated and prevented by the use of Hostetter's Stomach Bitters, a purely vegetable elixir, indorsed by physicians, and more extensively used as a remedy for the above class of disorders, as well as for many others, than any medicine of the age. A languid circulation, a torpid state of the liver, a want of vital stamina, are conditions peculiarly favorable to malarial diseases. They are, however, surely remedied by the great preventive, which, by invigorating the system and endowing it with regularity as well as vigor, provides it with a resisting power which enables it to withstand disorders, not only of a malarial type, but a host of others to which feeble and ill regulated systems are subject. The Bitters are as safe as well as searching, and have widely superseded that dangerous drug, quinine, which palliates but does not eradicate malaria.
