OUTRAGEOUS.

Deeds That Rival the Slaughter of Armenians by the Kurds.

Negroes Shot Down Like Dogs by Whites in the South--State Guards Ordered Out.

SAVANNAH, Ga., Dec. 25.--Special telegrams this afternoon from reliable parties from Quitman, Ga., throw a different light on the wholesale slaughter of negroes in that county. The dispatches say:

Never before in the history of Brooks county has there been so much crime and bloodshed as within the past week. News has just been received of outrages committed in the Morven district of this county that will almost equal the hideous crimes recently perpetrated upon inoffensive Armenians.

A few nights ago, Joe Isham, a well known white man, was shot down in the road at night by Dave Pike, a negro. His friends claim that it was without provocation but some of the citizens say this is not true, that Isham was trying to kill the negro, but the negro got the better of it. Isham's friends armed themselves and went in search of Pike. Not succeeding in this they went to the house of Sam Taylor, an inoffensive old negro who is the step-father of Pike, and threatened him that if he did not tell where Pike was they would kill him. Taylor affirmed that he did not know anything about it and he was immediately shot to death, several bullets entering his body. From Taylor's they went to the house of Eli Frazer. Frazer was carried down the road a short distance and when his wife found him he was lying murdered by the roadside. From Frazer's they went to the house of Harry Sherwood, an innocent negro, who was also foully murdered. It is reported that the murderers, after they had killed these innocent negroes, entered their houses and subjected their wives and daughters to the most cruel and barbarous outrages ever committed in a civilized community. A detailed account would be too horrible to appear in print.

The murderous gang is still at large and some of the negroes are leaving the community for protection. An inquest was held over the body of Sam Taylor and the coroner's jury returned a verdict of murder at the hands of Judge Tillman and Bill Alderman. Sheriff Thresher has made no effort to stop these outrages and he is being severely censured by the best class of citizens. All good people of the community deeply deplore the events and will endeavor to bring the guilty parties to justice.

ATLANTA, Ga., Dec. 25.--The latest news from the scene of the race troubles in Brooks county is anything but reassuring. Gov. Atkinson received a telegram this evening from Quitman, the county seat of Brooks, signed by the sheriff and several leading citizens, informing him that trouble had grown too serious for the local authorities to cope with and urging that he order out the militia at once. This telegram also conveyed the information that four men had been killed since the first slaughter yesterday. The government at once ordered the Waycross rifles and Valdosta videttes to the scene. Col. Varnado, of the videttes, answered promptly that his company was ready to march, but that the situation was too menacing for them to handle alone, and requested that the Thomasville guards be ordered to co-operate with them. It is supposed that these companies are now en route to the scene of the disturbance in Brooks.

Dislike the Bicycle.

The latest opposition to the bicycle comes from an utterly unexpected quarter--the Thames boatmen. "Shiver them bicycles; they've ruined my business! Instead of a hundred boats out on a fine Sunday, each with a young lass in the stern sheets and her beau at the oars, not 20 put out from the float. My old customers wheel over the bridges instead of running under them."--St. Louis Post-Dispatch.

The Discovery Saved His Life.

Mr. G. Gailboute, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at John Wright's drug store.

THE MAKING OF THIEVES.

A Significant Increase in the Number of Child Criminals.

There has surely been of late a very great and significant increase in the number of child criminals that are brought to our police courts. These are more of them, and they are much younger than they used to be, and they are vastly "tougher." Their manner shows plainly that the street has been their teacher, and that they have been apt pupils. Its method is simple and varies in Hell's Kitchen and in Jewtown only in the opportunities offered. To begin with, the boy idler in the street during school hours is there in defiance of law, whether the fault is his own or not, and he knows it. He is in the attitude of opposition, the normal attitude of the street. The policeman is his enemy, and the policeman stands for the established order of things.

Thus the groundwork is laid for whatever mischief comes along. It is not long in coming, rarely longer than the dinner hour of the first day. The boy is hungry. He wants something to eat. A boy's hunger is not like a man's, which can be appeased with promises. He wants something at once. If he is playing hooky, he does not want to go home to get it. Anyway there is no need to do so. The street can show him an easier way. A grocer's stand is handy, or a pie wagon; better still, a soda water wagon. The bottle is worth so much cash at the junkshop. The driver's back is turned. The boy "swipes" one.

It is not a very great crime, but it is the stepping stone to many greater. A horse blanket or a copper bottomed boiler may be the next thing. It is the first step that costs an effort, and that not a very great one, with the clamor of a hungry stomach to drown the warning voice within him that whispers of the policeman and the lockup. The friends he makes in the street soon help him to contempt for the one and a secret pride in the other.--Jacob A. Riis in Century.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at John Wright's drug store. Regular size 50c. and \$1.00.

Bounty Warrants.

I want to buy bounty warrants or wolf claims that have not yet passed to warrant. The large amount of outstanding and unadjusted claims of this nature, makes it extremely doubtful that the coming legislature will appropriate a sufficient sum for their payment, and the prospect is that they will go over for another two years. I represent an eastern capitalist who has got money for an investment of this kind and am prepared to pay the highest cash price for warrants or duly authenticated claims. Correspondence solicited. J. B. COLLINS, Miles City, Mont.

There Was One Difference.

Perhaps the best natured and at the same time one of the wittiest rejoinders in religious dispute was that made by Father O'Leary to an Irish Protestant. "I have no objection," said the latter, "to have the Virgin Mary treated with reverence, but only as a respectable, venerable woman, just such a one as my own mother." "Still," replied O'Leary, "you must allow there is some difference in the children."--Philadelphia Press.

Holmes on Shelley.

Shelley vaporized everything in his glowing crucible, but there was gold at the bottom of it. When I look at him, spreading the starry wings of his fancy over his chaotic philosophy, he seems like a seraph hovering over the unfathomable chaos, whose blackness is the abode of demons.--Autocrat of the Breakfast Table.

Hopeful.

"I am not sure whether she loves me or not," said Willie Wibbles. "Have you had any encouragement?" "Yes, indeed. I am informed that she wagers to me as 'it,' just as she does to her pet dog."--Washington Star.

The whiskers of a cat are supposed by some naturalists to be provided with nerves down to the tips, while others believe that the base of the hair is better fitted out with nerves than most other parts of the skin.

PRaise, ONLY, FROM ALL WHO USE AYER'S Hair Vigor

"Ayer's preparations are too well known to need any commendation from me; but I feel compelled to state, for the benefit of others, that six years ago, I lost nearly half of my hair, and what was left turned gray. After using Ayer's Hair Vigor several months, my hair began to grow again, and with the natural color restored. I recommend it to all my friends."--Mrs. E. FRANKHAUSER, box 305, Station C, Los Angeles, Cal.
