PRICE FIVE CENTS

MILES CITY STARTLED!

Terrible Tragedy at Case, King & Wodzitzki's Store!

CUT TO PIECES

Every Man Should do His Duty--How will It End? -- More Developments Expected.

When we went to bed last night feeling that our little ones were tucked safely to sleep in their cozy little beds to dream happy dreams of Santa Claus we little thought that today we would find prices cut all to pieces at Case, King & Wodzitzki's. We were startled at the low prices on such things as rich china ware, dolls, picture books, even so many things we didn't know they kept. Elegant line of silk handkerchiefs and mufflers and cravats and scarfs. Then look at those all wool blankets, suits of clothes and overcoats cut in the latest styles and prices cut so low anybody can afford to wear them. Mens shoes ladies' shoes, children's shoes I. O. O. F. A. O. U. W. K. of P. F. A. A. M. wives can find a special present for their husbands. Then you can load the Christmas tables with a mountain of temptations and delicacies from every quarter of the globe. Whatever is eaten should be of the finest quality. If low in price so much the better, cheapness and quality are twins and everybody's pets at Case, King & Wodzitzki.

MORE SMOKE THAN FIRE

It's Easy to See Now That Mount Ranier is Not In Eruption.

The Seattle Party Had a Hard Time of It and Not a Ripe Strawberry Has Been Encountered.

SEATTLE, Wash., Dec. 26.—The following message came to Puyallup today by a homing pigeon sent by the Mount Ranier party:

CAMP MOUNTAIN VIEW, Dec. 26.

While crossing the Winthrop glacier yesterday Major Ingraham made a critical examination of the Blaine glacier, by which the way of ascent to the summit was to have been made, and found the ice and snow so broken up that an attempt to climb up would have proved disastrous. Consequently the summit was not attempted.

The expedition has been an entire success. It has demonstrated that while the mountain has been both smoking and steaming, the change is due principally to the tremendous avalanches and not to an eruption.

The new peak observed from Seattle is off Columbia's crest and was formed by spiral winds carrying the snow and whipping it into the cone-shaped peak described. The party will be home Friday.

SEATTLE, Dec. 26.—St. Elmos Pass, altitude 8,000 feet, 12 m. Christmas day.—The expedition has demonstrated beyond all doubt that Mount Ranier has been smoking. Yesterday while crossing the vast snow field dividing Elysian field and Winthrop glaciers, Major Ingraham suddenly shouted "see the smoke." The top of the mountain was fully five miles away and jets of steam like a geyser shot upward 200 feet or more and further to the right a column of densely black smoke rose from the crater in fitful curls to a height of several hundred feet.

Deep Snow in Dixie.

LOUISVILLE, Dec. 26.—Louisville is experiencing the heaviest snow storm that has visited this section in many years. Street car traffic is greatly impeded, some of the lines being compelled to abandon their service entirely.

PITTSBURGH, Dec. 26.—A snow storm began here this evening which bids fair to beat the record. Eight inches have already fallen almost completely stopping street cars.

MEMPHIS, TENN., Dec. 26.—Three inches of snow fell in some parts of Tennessee and Arkansas today the temperature falling 15 degrees in the last few hours.

TUSCALOOSA, ALA., Dec. 26.—This section was visited last night by a heavy snow storm and today there has been a rapid fall of temperature.

OMAHA, Dec. 26.—Throughout Nebraska light snow has been falling for the greater part of the day. In some portions the storm assumes almost proportions of a blizzard.

Cash and Money.

WASHINGTON, Dec. 26.—The cash balance in the treasury at the close of business today was \$153,837,154, gold reserve \$89,009,651. Up to date the withdrawals of gold from the sub-treasury at New York amounts to \$28,500,000 of which \$8,700,000 was for export. The receipts from customs so far amount to \$9,152,151; from internal revenue \$9,240,150; miscellaneous \$1,172,198 making a total of \$18,564,499. The expenditures during the month amount to \$25,341,000, leaving a deficit of \$5,771,501 for the month and for the five months and twenty-six days of the present fiscal year \$28,006,943.

Friendship.

"The fundamental difference between men's friendships and women's," says a cynical man I know, "lies in just this: Two men are friends because they like the same things; two women are friends because they dislike the same people."—Washington Post.

Cape Canaveral, in Florida, was named by the Spaniards from the abundance of flowers in the vicinity. The name means "Land of the Rose Tree."

The Discovery Saved His Life.

Mr. G. Gailloutte, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with a gripe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at John Wright's drug store.

A CALLER FOR MR. DE MEDICI.

An American Art Lover Who Proposes to See Him in Person.

There is a lady tuft hunter in an uptown boarding house who has the foreign title fever of the most pronounced type. She paralyzes the other roomers by the easy, matter of fact way in which she tells the names and titles of her distinguished callers. One night it was the Prince Bombastes Desdubert. The night before it was the "Dook" Indebto, and the next night it will be the Count Frenkivitch. She has been across our great salt water privileges several times and has contracted the broad gauge style of murdering the English language. There is reason to believe that she bewails her fate at having been born in plebeian America. The other evening while her parlor was filled with princes, potentates, "dooks," counts and bald heads in the absence of crowned heads she incidentally remarked that on her next visit to civilization she would get more works of art and among them a work of "Venus de Medici."

"You must be voree particulare and not let the Paris clever vendors sell you ze imitation," said a "dook" by way of precaution.

"Oh, I shall guard against that," she replied gaily: "I shall call upon Mr. de Medici himself. I can get letters of introduction to the greatest artists in Europe."

And then there was a silence like that before a storm, and the titled admirers of the tuft hunter could scarcely conceal their laughter.—New York World.

Notes on Domestic Economy.

The laughable and the pathetic are sometimes strangely mingled in little exhibitions of domestic economy—a plate of apples, for instance, with the defective parts cut out for the children; a small basket of homemade gingerbread, with one or two pieces of pound cake carefully disposed on the surface so as to appear to the best advantage.—"Autocrat of the Breakfast Table."

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la gripe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at John Wright's drug store. Regular size 50c. and \$1.00.

Bounty Warrants.

I want to buy bounty warrants or wolf claims that have not yet passed to warrant. The large amount of outstanding and unadjusted claims of this nature, makes it extremely doubtful that the coming legislature will appropriate a sufficient sum for their payment, and the prospect is that they will go over for another two years. I represent an eastern capitalist who has got money for an investment of this kind and am prepared to pay the highest cash price for warrants or duly authenticated claims. Correspondence solicited.

A FRIEND.

Oh, who does not deem a friend,
Above all other things attend,
To speak to us when we are sad,
To rejoice with us when we are glad?

To mingle with our friends on earth,
In joy or sorrow, we or mirth,
It is the meaning true of life,
We live within this world of strife.

But some people do not care to lend
And know no blessing of a friend,
But pass away the time till, lo!
Their days are gone and they must go.

To him who ever mishap attend
And lives this life without a friend,
Of all the mishaps we recall,
'Twere better not to have been born at all.

—Homesman in Burlington Hawkeye.

The Donkey Vanished.

In general we may say that the donkeys belong to a vanishing state of human culture, to the time before carriage ways existed. Now that civilization goes on wheels they seem likely to have an ever decreasing value. A century ago they were almost everywhere in common use. At the present time there are probably millions of people in the United States to whom the animal is known only by description. In a word, the creature marks a stage in the development of our industries which is passing away as rapidly as that in which the spinning wheel and the hand loom played a part.—Professor N. S. Shaler in Scribner's

PRAISE, ONLY, FROM ALL WHO USE AYER'S Hair Vigor

"Ayer's preparations are too well known to need any commendation from me; but I feel compelled to state, for the benefit of others, that six years ago, I lost nearly half of my hair, and what was left turned gray. After using Ayer's Hair Vigor several months, my hair began to grow again, and with the natural color restored. I recommend it to all my friends."—Mrs. E.
