DISTRICT COURT PROCEEDINGS

INFORMATIONS ARE FILED CHARGING FOUR MEN WITH FELONIES.

No Jury Until January

Six Petitions in Juvenile Delinquency Are Heard Before Judge Crum—Five Children Declared County Charges—Fred English, Charged With Second Degree Assault Given Suspended Sentence of One Year.

District court was in session on Monday, Tuesday and Wednesday of this week and quite a few cases were finally disposed of and a few were continued for the term. Informations against 4 men charged with felonies were filed, six petitions in juvenile delinquency were heard and five children were brought in to be declared dependent on the county, besides hearings of demurrers in a number of civil cases, etc.

Jake Suelly was indicted on two counts, both of which allege abuse of the daughters of his wife by a former marriage. He was arraigned on Tuesday and entered a plea of not guilty on Wednesday, Judge Crum holding him under \$5,000 bonds on each count until his trial which will probably not be had until in January as it is doubtful if a jury will be called before that time. As he was unable to furnish bail he was remanded to the custody of the sheriff.

Jess Smith who has been held in the county jail in default of bail for the past three weeks on a charge of stealing a cow was arraigned in district court and on information filed by County Attorney Jeffries was charged with three separate offenses of similar nature each offense constituting a felony. He demanded an immediate trial which was refused on the grounds that no jury was in attendance at this session and his case was continued for the term. His bail was fixed at one thousand dollars and as he was unable to give the same he was left in the care of Reverend Millard.

Fred English who was held to answer in district court on a charge of second degree assault appeared and changing his plea of not guilty and waiving time for the passing of sentence was sentenced to the penitentiary for one year. The sentence was suspended and the prisoner paroled during good behavior and the bondsman released.

The fourth man to be arraigned on a felony charge was Ted Grahman who had been bound over to the district court for carrying concealed weapons within the corporate limits of Roundup. He entered a plea of guilty and was fined fifty dollars and costs of prosecution which he paid and wended his way back to Lewistown where he holds a job as civil engineer for the Great Northern.

Six petitions in juvenile delinquency came up for hearing. The youngsters charged were, Wm. Russell, Norman Day, Lewis Gast, Henry Krone, Jessie Wilkinson and Edith Dean. All the delinquents were paroled and placed in custody of their parents with the exception of Jessie Wilkinson who was found practically homeless and was declared dependent and placed in the care and custody of the probation officer until her majority. The cases against Wm. Russell and Henry Krone were sufficiently serious to warrant the judge in signing orders for their commitment to the State Industrial School at Miles City but the execution of the orders is held in obedience giving the boys a chance to prove that they intend to do better in the future. All the officers in town were instructed to arrest Henry Krone if he comes back to town from the homestead of his parents where he was sent with instructions to attend school. Norman Day was instructed to attend school and the probation officer was instructed to enforce the order. Wm. Russell was instructed to keep off the streets at night under penalty of taking the Miles City trip.

News Snapshots Of the Week

Congress hall, in Philadelphia, home of the national congress about a century ago, was rededicated with an address by President Wilson. Provisional President Huerta of Mexico claimed that in the national election for president not enough votes were cast to elect. Miss Nancy Lelshman, daughter of the former American ambassador to Germany, wed the Duke of Croy. Governor Ammons of Colorado called out the state troops in the miners' strike. Chauffeurs of New York city's mail wagons struck. A channel was cut through Cucaracha slide in Culebra cut in the Panama canal, thus actually making a complete waterway between the two oceans. Leon R. Taylor, aged thirty-one, was made acting governor of New Jersey when Acting Governor Fielder resigned.

MAIN STREET REALTY CHANGES
Three Parcels of Main Street Property Changed Hands the Past Few Weeks.

Activity in Main Street property in Roundup is indicated by a number of real estate deals which were made during the past two weeks, the considerations showing a substantial increase in the value of the property.

Al Shaw sold two lots on the corner north of the store occupied by A. Shaw & Co. to Anderson & Berven, the consideration it is said having been \$4,500.

Jack Lowe and Martin Rauch bought the Mint saloon property, paying therefore the sum of \$3,350. This property was owned by the P. J. Callahan estate, the sale to Lowe and Rauch being confirmed by Judge Crum in district court this week.

The third piece of property to change hands was the J. F. West building and lot now occupied by N. Butler. This was purchased by Mat Polch. The consideration has not been given out.

Lewis Gast was paroled in custody of his mother. Edith Dean was committed on her good behavior during her term of probation and the judge promised to dismiss her case at the next term of court.

Three of the Suelly children and Isabelle and Donabelle Fossman were declared dependent children and were ordered into the care and custody of the probation officer. All of these children are provided with good homes in the city.

An order was issued by Judge Crum, committing Andrew Carpenter, a mentally deficient child whose father lives near Musselshell to the State Home for the term by agreement.

The divorce action of Mrs. Geo. Herr against Geo. Herr was set for a hearing in chambers at Forsyth on the 11th day of November. It is possible, however, that Judge Crum will stop over here on that day as he will then be returning from Lewistown where he goes to hear some cases in which Judge Ayers is disqualified by reason of having been interested in them prior to his election as judge.

The court adjourned on Wednesday without setting time for the next term tho it is probable that it will be held some time in the first part of January 1.

COUNTY'S STRONG BOX FILLING UP

COUNTY TREASURER'S OFFICE FORCE NOW BUSY ISSUING TAX RECEIPTS.

Some Heavy Taxpayers

N. P. Land Co. Heads List With \$40,015.95 and \$15,165.28 for Mineral Reservations, a Grand Total of \$55,191.23—Twenty Taxpayers Pay Over \$1,000—Taxes Become Delinquent After November 30th.

Taxpayers time is here again and the office of the county treasurer presents a busy scene these days, and it is bound to present still busier scenes between now and the last day of this month after which taxes become delinquent. Musselshell county will collect in taxes this year approximately \$275,000.

The railroad companies operating in the county naturally are the heaviest taxpayers, and the Northern Pacific, altho not having any mileage in Musselshell county tops the list by reason of its vast land holdings. On its mineral reservations the N. P. Land Co. is charged up with \$15,165.28, this being the first time that an attempt has been made to collect taxes on these. The N. P., however, will resist payment of the item pending a decision of the Montana supreme court on a case brought up from Park county on a similar point.

All taxes not paid by November 30th become delinquent and a ten per cent penalty will be added thereto. If not paid before January 1, the property will be sold to satisfy the taxes.

TAMMANY DEALT CRUSHING BLOW

NEW YORK GIVES FUSION MAJORITY CANDIDATE A PLURALITY OF MORE THAN 110,000.

SULZER IS RE-ELECTED

Republicans Are in Control of New York's Assembly—Progressive Vote Falls Off Heavily in Maryland and New Jersey.

NEW YORK, Nov. 5.—Each successive recapitulation today affirmed the crushing defeat of Tammany in yesterday's elections. The organization was only engulfed in a plurality of more than 110,000 votes with which the fusionists elected John Purroy Mitchell, mayor of New York City, but in many up-state districts a severe rebuke was administered to the Tammany democracy that has been in control of the state since the days of Governor Hughes.

William Sulzer, deposed by Tammany's exposure of his unlisted campaign contributions was re-elected to public office, less than three weeks having intervened since he was removed from the governor's chair. He will return to Albany in January as a member of the assembly. Many of the legislators who voted to impeach him met defeat, with the result that he will sit in an anti-Tammany house.

On the basis of incomplete returns it was estimated that the next assembly will be composed of 85 Republicans, 17 Progressives and 48 Democrats. Many of the latter were said to be men of progressive or independent tendencies.

Reserved Mayoralty Figures.

The fusionists won the mayoralty contest in New York with a plurality almost as large as that which the Tammany chieftain, Charles F. Murphy, had said yesterday would elect Edward E. McCall. Returns were still lacking from a few districts early today, but a Mitchell plurality of 110,000 to 115,000 was certain. The hero of Brooklyn showed a vote of 58,000 toward the plurality or more than half of the advantage which spelled Tammany out, while Manhattan gave Mitchell a plurality of 20,000.

With much reduced pluralities, but by a safe margin, the fusionists elected William A. Pendergast comptroller of the city and George McAny president of the board of aldermen. They kept out of Tammany's hands the presidency of the three principal boroughs Manhattan, Brooklyn and the Bronx, and thus increased the anti-Tammany majority on the board of estimates, which controls the city expenditures. The fusion vote on the board will be 14 to Tammany's 2.

Fusion Aldermanic Board.

A fusion majority in the board of aldermen was elected. The Democratic congressmen were elected in the city—from the 13th and 20th districts. From the former George W. Lof was chosen to succeed the late

DEMOCRATS WIN IN BAY STATE

BOSTON, MASS., Nov. 5.—The extent of the Democrat landslide in yesterday's state election was not fully realized until after a recapitulation of the figures today. Then it was found that Lieut. Governor David I. Walsh had been elevated to the governor's chair in a four-cornered contest by a plurality of 53,691. This is the largest plurality ever accorded a Democratic candidate for office.

Complete returns give the vote for governor as follows:

David I. Walsh, Democrat, 180,386; Charles S. Bird, Progressive, 126,677; August P. Gardner, Republican, 116,314; Eugene N. Foss, Independent, 20,817.

PROGRESSIVES SUFFER HEAVY LOSSES IN NEW JERSEY

TRENTON, N. J., Nov. 5.—Late returns indicate that James F. Fielder, (dem.) for governor has a plurality over Stokes (rep.) of 20,000, and his vote may go above that figure.

The democrats have elected five of the eight state senators chosen yesterday, which will make the next state senate, with the holdovers, stand 12 democrats to nine republicans.

The vote cast for Everett Colby, progressive, will not exceed 40,000, as compared with 145,410 received a year ago by Roosevelt for president.

Fielder's vote in the returns at hand is running slightly below that received by Woodrow Wilson a year ago, which was 178,289.

Stokes' vote probably will exceed 150,000, as compared with 88,838 received by Taft last year.

Estimates from Hudson county, Fielder's home county, show that Fielder has carried it by 20,000.

Stokes apparently has carried Essex county, the home of Colby and also the home of former Senator James Smith Jr., and former Democratic State Chairman Nugent, whom Fielder on the stump accused of working against him.

PROGRESSIVE VOTE FALLS OFF HEAVILY IN MARYLAND.

BALTIMORE, MD., Nov. 5.—Owing to the long cumbersome ballot, returns from yesterday's election in Maryland was incomplete this morning. The indications, however, were that Blair Lee, Democrat was elected to the United States senate by a plurality of about 30,000 and that the Democratic state ticket would do nearly as well.

The Progressive vote fell off heavily. In Baltimore it was less than 7 per cent of the vote cast for Roosevelt last year.

The street and alley committee were empowered to expend \$100 on the improvement of Third Avenue from Third Street East to the Elevator road.

It was decided to ask for bids for graveling of Third Avenue between Main street and First Street west and also between First street east and the elevator road.

The communication from Dr. Pigot in reference to the condemnation of the present city jail was read and referred to the Health and Public Improvement Committee with instructions to make investigations and report at the next meeting.

The petition for a permit to build a crosswalk across Main street between blocks 20 and 21 of the original townsite approximately at the center of the said blocks, was granted.

The Fire, Light and Water Committee was instructed to lower the water pipes and mains on third street west wherever necessary to prevent freezing.

Sam Anworth, emulating his friend Mart Cagney, last night accumulated a jag of such magnificent proportions that he lost control of his facial muscles to the extent that his false teeth dropped out and up to this sad time he has been unable to locate them in spite of diligent search. The expense is bearable but the fact that it confines him to a liquid diet is a state of affairs that may have serious consequences.

The Dunbar Male Quartette and Bell Ringers who are to appear here on Monday evening, November 17th as the first number of the Redpath Lecture and Entertainment Course offered to the people of Roundup this year, enjoy an international reputation and is one of the highest priced attractions of the bureau. Their work has been favorably reviewed by the best dramatic critics on the London, Paris and Berlin papers. It is not often that Roundup has an opportunity to see anything of a class of entertainment of the standard offered by the Dunbars and their coming here should be taken advantage of by everyone.
