

LOCAL DEPARTMENT.

BOZEMAN NATIONAL BANK.

President C. H. COBB, Vice-President F. W. ALLEN, Cashier J. H. DUNN, Treasurer J. H. DUNN.

THE CITY CHRONICLED.

(From Friday's Daily)

Tomorrow is all-pay-tax day. S. Dutch returned from Billings last night and says that town is lively.

The new school house should have a bell. Landlord Libby is preparing to-day to remove into the Northern Pacific hotel.

John Magnie says that the Holland company is the best he has ever played in Montana.

Nelson Story's bank will be a national one to-morrow, under the title of "National County National Bank."

Lovely & Webb yesterday removed to the large brick store, formerly occupied by Kleinschmidt Bros., in the Courier building.

The building vacated by Lovely & Webb will be occupied by Elias, the pawnbroker.

We are pleased to learn that Mrs. Ed. Keris, who has been quite ill with rheumatic fever, is a great deal better.

County Treasurer Sloan is taking more cash over the counter than any merchant in town to-day, but we are in hopes before the end of another week he will be paying out just as lively.

We would judge from the large number of turkeys sold in Bozeman that nearly everyone eat turkey and cranberry sauce yesterday. We trust that next year our citizens will be able to purchase these birds from our farmers.

There are plenty of men in Bozeman now, who will wish that they had secured a coal mine or an interest when such properties were cheap. Bozeman's coal mines are attracting wide attention and this business will soon be a high industry in Gallatin valley.

John Lockey left last night for Dubuque, Iowa. John expects to be gone several weeks, the business being in the hands of Mr. George Barnaby.

Before departing Mr. Lockey closed the purchase of a half interest in Enoch Hudson's coal mine.

Some one perhaps inadvertently perpetrated a joke on the Park addition to Bozeman last Wednesday by dropping at the Presbyterian parsonage a box of good things, marked "Rev. Stevenson, West Gallatin." We do not mean to say the joke is too far fetched, but it places the Park addition a little too far from the balance of the city.

The enticing, captivating, exasperating game of trick whist seems to be the all absorbing game among the lovers of that kind of sport. The science of the game consists in holding the highest cards and woe to the one who is short on trumps and suit.

George Gillespie, the young and indiscreet person who forged an order on William Black, has been bound over in the sum of \$300 to appear at the next term of court. As George is not likely to obtain the amount it is possible he will remain in jail all court sittings.

As will be seen elsewhere, a reward is offered by Mr. Joseph Leighton for evidence which will convict those who are mutilating the old government telegraph line, which he recently purchased, as the line will be operated in the early spring. Those who are tampering with either the wire or poles should desist at once, or they will be made to suffer the consequences.

Sam Sullivan, brother of Frank Sullivan, agent for Winston Bros., at this place, and a brakeman, whose name we could not learn, were seriously injured yesterday afternoon on the Wickes branch railroad. It seems they were under the engine cleaning out the ash pan, when some cask came down the hill, striking the engine and running over them, cutting off both of Mr. Sullivan's legs above the knee and one leg of the brakeman. We have not been able to obtain any further particulars.

During the present month we have received more letters of inquiry regarding Bozeman and sample copies of the CHRONICLE than in any previous month of the year. This fact shows, conclusively we think, that Bozeman is becoming better known in the east and will receive a large addition to its inhabitants next year.

Real Estate Transfers for the Week. J. H. Dewings to E. F. Kidd, mining property Clark's Fork; consideration, \$200.

G. A. Huston to Frank Thompson, et al, mining property Clark's Fork, \$400. G. A. Huston to Frank Thompson, et al, mill site Clark's Fork, \$1,200.

G. A. Huston to Frank Thompson, et al, mining claim Clark's Fork, \$200. Bowen & Crane to George Huston, mining claim Clark's Fork, \$400.

Hewitt Bros. to P. S. Rountree, mining claim Clark's Fork, \$2,000. Henry Summers to E. S. Sperling and C. Steinberger, mining claim Clark's Fork, \$100.

Charles Doty to James B. Martin, mining claim Emigrant Gulch, \$250. Cooper & Dickerson to M. B. Whittier, lots in Park addition to Bozeman, \$100.

W. W. Alderson, et al, to G. W. Mar- dis, lots in Fairview addition, \$425. M. H. Sanders to T. J. Gregg, lots in Rose's third addition, \$1,100.

(From Saturday's Daily)

Miles City is to have another artesian well dug.

J. Schreiner has established a branch store at Townsend.

Wm. Munter has removed from Church street to the house recently occupied by Thos. Lewis.

Judge Daves informs us that the police court business is depressingly dull.

Our genial friend Ed. Elliott, of T. C. Power & Co's, is preparing to take a trip east for a few months.

Charley Baker returned from his ranch yesterday and will remain in Bozeman during the winter.

F. W. Van Allen, the jeweler, has decorated the front of his store with two handsome signs.

Stebben, Post & Mund's bank at Billings will be changed to a National bank on January 1st.

Arthur Marston lost two horses and a mule the other day and up to date has been unable to find them.

It is reported that the firm of Dave Noble & Co., of Cooke City, have been attacked by Geo. Carter.

The Minneapolis Journal received this morning, contains a long and interesting letter from its Bozeman correspondent.

Morrissey's Hibernicon will play in Bozeman on Sunday night and at Fort Ellis on Monday night.

Owing to a pressure of outside business we have not been able to devote as much time to the paper to-day as usual.

Another music carnival is under way. Get your suits ready and prepare for a grand time between now and the holidays.

Phil Rountree is now at Emigrant Gulch, where he has guided his friend Sam Yardley, of Billings, who will undoubtedly make some investments.

The Brotherhood of Locomotive Engineers had their dancing party at Livingston on the 23rd, notwithstanding no Bozemanites could attend.

It is said that one of the piers of the Bismarck bridge has sunk over six inches and it is thought the bridge will have to be rebuilt.

Major Eaton, of Cooke City has gone to Chicago to receive medical treatment, being troubled with a partial paralysis of one side of his body.

The Elmer smelter at Cooke City will be started up as soon as possible. The delay was caused by a leakage in the ditch, which supplies the works with water.

Aime Mallin arrived from Cooke City yesterday having brought down a prisoner, who was charged with obstructing the highway.

T. C. Power & Co., have been expecting a car load of sleighs. To-day they received word that the sleighs had reached Dillon, having been misrouted over the Union Pacific instead of the Northern Pacific.

Hurry up your caucus and nominate somebody for Speaker. We are getting tired of seeing the stock of Cox, Randall Carlisle, quoted so often, all in turn going up or down as some new congressman comes upon the scene. In our judgment Randall is on solid ground. He is between two Cs (see lead).

J. Scully, who has for some time been connected with the firm of Highsmith, Scully & Co., will leave on Monday for Fredrickton, Canada, to spend the winter with his parents. It is rumored that he intends to bring back a wife with him. We hope that the rumor is true.

We notice that the bondsmen of Contractor Hunt, of Miles City, have withdrawn from his bond and that the new school house is now a stand still. Architect Vreeland of this place has charge of the work and informed us that he was necessary to tear down all the work that Hunt had done.

The singing class of Prof. Rutan intend giving a grand concert sometime during this month at the Palace Theatre. The exercises will consist of singing, also farces, and the class is putting forth every effort to make the affair a success.

It is said that the advance agent of O'Neil's combination is a fraud and that he claims to be an advance agent in order to swindle hotels and newspapers. It is great satisfaction for us to say that his plan did not work, as far as this office is concerned.

* C. B. DeGroat, of the Hewitt Mussettes is in town arranging for the appearance of his company which will be here on December 12th and 13th. This company have their own music and the performance consist of music in every shape. Their performances are very highly spoken of.

D. J. Bailey, representing the North-western Masonic Aid Association of Chicago, is in the city soliciting membership. To those who desire to furnish protection to their families in case of death, there is no cheaper plan of insurance. Several of our citizens have been members for years and all unite in recommending this association as solid and substantial.

A subscriber walked up to us to-day and renewed his subscription with a cash payment, remarking that he could not go along without the CHRONICLE. So it goes. Such words encourage us to renewed efforts and we intend that the CHRONICLE shall be the leading paper in Eastern Montana, as it is now the most popular.

A bright little three-year-old asked his mamma who made the big mound of snow to which mamma replied, "Oh, little three-year-old said he would build a mountain of snow as big as God's, and into the back yard he went and commenced his task. After laboring faithfully for an hour he came in and said: "des Dod got pretty tired before he got through."

E. S. Topping, the historian of the Yellowstone, was interviewed in St. Paul on the 22d while en route east. Mr. Topping is the author of the "Chronicles of the Yellowstone," which first appeared in the Bozeman CHRONICLE and which will shortly appear in book form. As a history of Eastern Montana, a reliable index of former happenings, the work is one of deserved merit and should meet with a ready and large sale.—Inter Mountain.

(From Monday's Daily)

Katie Putman is on her way to Montana again.

Our citizens can now see the advantage of having the streets gravelled.

Mr. Tate leaves to-night for a visit to his native home in Missouri.

The Holland troupe are stopping at the LaCleds.

Isn't this delightful weather? Wonder will it stay this warm all winter?

Assessor Smith returned from visit east.

Andy Cowan and wife leave to-night for a visit to their old home.

Sovi, Batchelor & Co. sold, to-day, three locations in the Emigrant Gulch district.

Judge Luce, who has been quite ill for several days, was able to be out and see himself to-day.

Three men appeared before Judge Daves this morning. Business is brightening.

Mr. A. M. Holter, of Helena, to-day purchased the "Little Mac" mine at Emigrant gulch.

A crazy man, brandishing a large knife terrorized the women residents of Church street yesterday.

A party of St. Paul gentlemen are expected here to-morrow, looking for a site for smelting works.

Rountree & Quaw are in correspondence with an Englishman, who wishes to purchase acre property adjoining Bozeman.

T. C. Power & Co., heard from their car loads of sleighs, which have been referred to the N. P. railroad and will be here in a few days.

Sam Turner, after a pleasant visit among old-time friends and acquaintances, leaves to-night for his home in western Oregon.

Mr. Trimmer is delivering to-day the bird-eye view of Bozeman. It is a very fine and accurate piece of work, something that all need and should send to their friends.

Mr. E. S. Topping, author of the "Chronicles of the Yellowstone," writes us from St. Paul, stating that he will have his book published in that city and that he will return to Bozeman in three weeks.

Allice Beulah, daughter of John A. and Mate A. Farnsworth, aged seven years, five months and seven days died in Deer Lodge, November 30, 1883, of diphtheria. Mr. and Mrs. Farnsworth were formerly residents of Bozeman.

Our genial friend, Wm. Fly of Central Park, advertises in this week's issue a grand ball at his place on December 25th, 1883, Christmas day. We can insure all attend a hearty welcome and a jolly good time.

Nelso Lundwall, for several years composer on the Courier returned from California yesterday. He will remain in Gallatin county and probably engage in farming.

The man supposed to be crazy, who raised such a scare on Church street, was promptly arrested by officer Herolden and this morning fined. He ought to have been more severely dealt with.

The Presbyterian society will organize a fair. We understand that Mr. Sam Lewis has kindly volunteered his room on Main street for the purpose. It is large and conveniently located for the purpose.

W. S. McKenzie is in receipt of a letter from Hon. W. O. P. Hays, physician, in which he says his patient is in about the same condition as he was two weeks ago, weighs ninety-three pounds and partakes of a most nourishing meal as previously.

Twelve Gallatin county gentlemen mostly ranchmen, leave to-night for Missouri, Kentucky and North Carolina, for a short visit to their native soil. The majority of them have not been back since coming to the valley and undoubtedly will enjoy a good time.

Ben. F. Gibson and Robert Jones, of Central Park, leave to-night for a winter's visit among friends and relatives at Sauerst, Kentucky. They both deposited the customary subscription paper and want the CHRONICLE sent to them so that they can keep posted on Montana news.

Messrs. J. B. Lewis, T. Berry and C. T. Gage, of Fargo, returned to Bozeman Saturday after having looked over the Territory for mining property without purchasing. They left for Fargo this morning and will return in thirty days, expecting to purchase property in the celebrated Clarke's Fork region.

Phil Rountree returned from Emigrant gulch this morning. While there he let the contract for a 100 foot tunnel into the mine he recently purchased of the Howell Bros. Phil bids fair to become a millionaire shortly and none has worked harder or deserves prosperity more than Phil. Bozeman could not do without him.

If you want to have the reputation of being a wise man, talk but little, keep your eyes and ears open and when you do talk manage to say something which you have heard drop from the lips of some wise man. You can keep your mouth shut and look wise and you will soon get the name of being a discreet, sensible person. Many a man has ruined his prospects by saying too much at the wrong time and in the wrong place.

Our friend Kherman, of the Tribune says that Livingston furnishes Bozeman with whiskey, and may, perhaps, be called upon for water. Your water you had better keep, Brother E., but if we need wine, we will have no hesitations in calling upon you.—Chronicle. We are encouraged to believe that with "line upon line, line upon line, * * * here a little and there a little," we may be able to persuade the good people of Bozeman out of their Quixotic notions, so that neither the first nor last mentioned item may be required.—Tribune.

By the death of Thos. R. Edwards the office of District Attorney, for this judicial District, becomes vacant and a successor will have to be appointed. It is a power resides in the Governor of Montana and we presume an appointment will be made at an early day. While of course no District Court will convene for some time, yet the services of a District Attorney are likely to be required any time in the prosecution of offenders at preliminary examinations and as an adviser on all legal matters affecting the county.

Carliste Elected.

WASHINGTON, D. C., Dec. 3.—Special to the CHRONICLE.—Carliste has been elected Speaker of the House.

Morrissey's Hibernicon.

Mr. Morrissey called at our office this morning and informed us that the reason his troupe failed to appear last night was advertised, was owing to the fact that a Livingston truckman, after the train arrived, refused to move his baggage unless he received double pay for it, having agreed upon a reasonable price something before; hence the showman was obliged to cancel his engagement here, but will appear at Ft. Ellis to-night.

A Grand Ball. On Wednesday night the youth and beauty of Bozeman gathered at Speith & Krug's hall, and enjoyed until the "wee sma hours" unalloyed pleasure. Good music was in attendance, the hall decorated tastefully and magnificently by the members of the Knights of Pythies order, ready when any and every "choice" benefit the ball was given. One hundred tickets were sold and nearly that number of amusements to turn out.

This famous troupe arrived from Helena this morning and will play in the Palace theatre to-night. This troupe has been praised by the papers in every town they have played. The name of Geo. Holland should be sufficient to induce every lover of amusements to turn out.

Bozeman will be treated during the next four nights to a fine performance as has ever visited our city. "Lord Dundreary" especially is a laughable and popular piece and rendered by Geo. Holland and said to be equal to Southern and is surely the best man we will have an opportunity to see.

A Large Funeral. The funeral of Hon. Th. R. Edwards which occurred yesterday, was a very large one. At one o'clock p. m., the remains of Bozeman preceded by the Silver Cornet band, and followed by the hearse and body left the Masonic Temple and marched slowly to the M. E. church. At the church which was crowded, Rev. Geo. Comfort, chaplain of Gallatin lodge of which the deceased was a member, delivered an able and affecting sermon, after friends were permitted to view the body and then it was taken to the masonic cemetery preceded by the masons and followed by a very large number of carriage.

At the grave his brethren performed the last solemn rites and considered to the grave the remains of their worthy brother, and though no relatives were present, many friends watched the casket as it was lowered into the earth, with heavy hearts. The coffin was a very handsome one trimmed with masonic emblems. Several very pretty floral gifts were placed upon the coffin by ladies, while the body lay in the lodge room.

Obituary. Thomas Reed Edwards, district attorney of this judicial District, died this morning at 8:29 o'clock, but little hope had been entertained of his recovery for several weeks. In the discharge of his duty at the last term of court, which was all criminal business, he worked very hard, discharging his duties with signal ability and when court adjourned, he was about worn out and took to his bed with an attack of asthma. Soon after his death he was laid out in his study, where he died, and was buried in the cemetery.

Ben. F. Gibson and Robert Jones, of Central Park, leave to-night for a winter's visit among friends and relatives at Sauerst, Kentucky. They both deposited the customary subscription paper and want the CHRONICLE sent to them so that they can keep posted on Montana news.

Some days ago the city was alarmed by the report that a case of small-pox was in the boarding house at the depot and a quarantine was established immediately. We are pleased to state that the quarantine has been raised and the little boy who was said to have been afflicted is now out at play and no apprehensions are felt. This has led many to doubt whether it was a case of small-pox or not and the fact that the little one is so well and out and no other indications of its spread would lead to that conclusion. At all events the community are now at ease over the matter.
