The Illinois Legislature meets to-morrow. The Governor's message will be largely devoted to Chicago, including an elaborate review of the military occupation of it.

San Francisco, Nov. 14. Loring, who was murdered with others, in the Arizona stage, was a popular author and journalist. He was on his way East, intending to lecture on Arizona, and expose Collier's Indian peace negotiations, when he himself fell a victim to Apache treachery.

At Watsonville, on Tuesday night a robber named Black, stopped Mr. King and demanded his valuables. King handed him his watch, and at the same time shot him dead.

The appellants in the case of Laura D. Fair have twenty days to file their brief. The people have the same time to respond. It is doubtful if the decision will be rendered before the first of January.

Indianapolis, Nov. 16. The three negro murderers of the Park family, near Henryville, Indiana, were taken from the jail at Charleston, at 2 o'clock this morning, by a mob of one hundred and fifty persons, who were disguised, and hung half a mile from the town.

Baltimore, Nov. 13. In the United States District Court to-day, the case of John W. Field (elected) against the Baltimore City Passenger Railway, the plaintiff recovered \$10 damages. In consequence of this decision colored men are now admitted into all the street cars of the city. Field had been ejected on account of his color.

Foreign Intelligence. London, Nov. 13. Pigott, proprietor of the Dublin Irishman, has been sentenced to imprisonment for eight months for publishing articles of an inflammatory nature in that journal, during the trial of Kelly for the alleged trial of constable Talbot.

A formidable plot of the Bonapartist Generals, headed by Henry, to arrest Thiers and proclaim an Empire, has been discovered. The plotters' papers are in the possession of Thiers, who is confident of the failure of the conspiracy.

New York News. New York, Nov. 15. Giles E. Cradock, of the Panama Steamship Company, was struck by a malicious sailor on board the steamship Guatemala with a telaying pin, on the 23d ult., by which he was fatally injured and died the next day. Malley, the murderer, was arrested.

There were nine offerings of bonds to-day, amounting to \$1,397,000 from 110-10 to 111-87. The awards will be \$10,000,000 from 111-37 to 111-87.

Panama dates of the 21st inst. have been received. The Assembly of Bolivia has rejected the Federal Constitution.

The Federal Constitution of President Morena of Ecuador, is untrue. Archbishop Pino and Bishop And of Guatemala, were both expelled from that place for meddling with the late revolution.

A heavy earthquake occurred at Iquique and the interior of Peru on the 5th of October. Considerable damage was done to the buildings in Iquique, and there was a great panic among the people. Its effect was more disastrous in the interior, where the towns of Pica and Matilla were destroyed, and where there is scarcely a house left standing. Fire succeeded the earthquake at Pica. At Yari-paca the church, parthenon, eighteen houses and the dam of the river were destroyed. The towns of Guazquezima and Paclia also suffered severely. Very few lives were lost. The steamer Panama felt the earthquake at sea. Arauquica had shocks on the 4th and 10th, but no buildings were damaged.

The English ship Welford, from Calao for Germany, was totally lost off Cape Horn. The crew were saved.

There was an earthquake on the 25th ult. at Bijo, Chili, but it was not serious. The small pox was spreading at Santa Rosa, Chili, and it had also broken out among the southern Buenos Ayrean troops.

It is officially announced that the German steamer Franklin, at quarantine, has only cases of cholera on board. There were twenty-eight deaths on the voyage, and nearly everybody on board were more or less affected. Most of the cases are serious, and further deaths are probable. A rigid quarantine is enforced and every effort is made to alleviate their sufferings, but care is taken to prevent the spread of the contagion.

I have been determined to make the Apollo Hall Democratic Reform Organization, under whose auspices the late campaign was principally conducted, the leading institution of the Democracy of New York. In the new organization all political elements of the Democracy are to be embraced. Those who have been prominent in connection with membership. Since the election honest men are fast leaving Tammany, whose power seems to be completely overthrown. It is understood that Samuel J. Courtney will be Chairman of the committee of the new organization. The Reform leaders are receiving hundreds of communications from prominent Democrats in the West, and the interior of the State, urging the formation of a new organization upon a reform basis, and rejoicing in the downfall of corrupt Tammany.

Telegrams from London report that the settlement of the new United States loan is proceeding favorably, and the rate of discount thereon has advanced to 13-1/2-17-3 per cent. Money was easy in an open market at three per cent.

Rev. Henry Ward Beecher preached a political sermon this evening, in the course of which he spoke of the indifference of intelligent citizens toward political matters. He characterized the corrupting tendencies of the civil service as an organized and standing threat against the liberty of the nation. Every custom house in the land, said he, is a bribing shop; that if places of trust shall continue to be put up for sale as they have been, this government cannot exist long.

A Series of Murders. St. Louis, Nov. 12. A horrible murder was committed near the Osage Mission, Kansas, on the night of the 6th inst. The facts elicited at the coroner's inquest are as follows: John P. Flanagan, the perpetrator of the crime, and who has met with pecuniary losses, resolved to dispatch himself and family, and on the 6th inst. procured some chloroform, and during the night administered it to his wife and two little girls, aged ten months and two years. About 10 o'clock in the morning Mrs.

Flanagan awoke from the stupor produced by the chloroform, and discovered her husband in the act of driving a ten penny nail in the head of one of the children, and, flying to the rescue of her babies, she found them expiring from the effects of slow poisoning with a half-pint and half, she succeeded in disengaging her husband, and gave the alarm, when he was taken into custody. A letter was found tucked into the vest of the deceased, dressed to some of his relatives, in which he states that in consequence of his mind being in such a condition that he could do nothing, he had determined to kill himself and family, excepting his own children.

This morning a family named Parks was found murdered in their house near Henryville, Indiana. The family consisted of Cyrus M. Parks, his wife Isabella, his son John, aged ten years, and daughters Eveline aged seventeen, and Ellen, aged fifteen years. All of them were terribly beaten and crushed with some blunt instrument, the brains of Park's wife and son were scattered about the room. They were lying in beds. The daughters were found sitting in the kitchen alive but delirious and fatally hurt.

Affairs at Salt Lake. Salt Lake, Nov. 20. The United States District Court resumed its sessions this morning, Judge McKean presiding.

The case of The People vs John Keding, for assault with intent to kill; James Harrington, for murder; John Allen, for murder; Daniel H. Wells, for lewd and lascivious cohabitation, were passed by consent of the counsel in the cases.

In the case of Brigham Young, for lewd and lascivious cohabitation, the Hon. Charles H. Hempstead moved that the trial be continued to the March term. The prosecuting attorney objected to this, remarking:

"We only know through the newspapers that he has passed beyond the jurisdiction of this court, or at least out of this judicial District, when he is under the recognition here to appear from day to day and not to depart from the court without leave. If the gentleman desires a continuance in that case, I will demand a showing on affidavit."

Mr. Hempstead rejoined that his client was not absent and did not intend to absent himself from the Territory, but being in ill health, he had gone south, as had been his custom for several years past; and further, that on this occasion he had gone with the entire approval of his counsel, and whenever the case might be set for trial, he (Brigham Young) would be personally present in court to answer any and all charges that might be brought against him. Mr. Hempstead concluded by assuring the court that Brigham Young had not fled from the Territory nor the jurisdiction of the court, nor did he intend to do so. He will be here, said Mr. Hempstead, any time that his presence may be required, relying on his counsel to make the statement that I now make. He is not desirous of coming here in the middle of winter—or coming here in cold weather, because his health is feeble. If the interests of the public service require it, he will be here at any time required by your Honor. The counsel for the prosecution objected to a postponement, saying that the court was ready now. Judge McKean stated that he would not at present fix any particular day for the trial, but would hold that under advisement.

In the cases of William Hickman, Hosea Stout, Maurice Meachem, William Kimball and others, for murder; Henry Lawrence, H. B. Clawson and Ormus E. Bates, for lascivious cohabitation, a continuance was granted till next Monday.

An indictment against Clawson, who is Superintendent of Zion's Co-operative Mercantile Institution, was found to-day.

In the case of Thomas Hawkins, Mr. Baskin asked for a writus to consign the prisoner to the penitentiary, and the matter was taken under advisement.

The great mining suit of the Eureka Mining Company against the Aspinwall of New York, and others, was decided this morning, at Provo, by a jury, for the plaintiff. The contest was for the title of the King David. It is said that Page and others, who sold to Aspinwall, put up a job, knowing that they had no title.

The next suit, which commences to-morrow, is for the May and Henrietta. Both mines are immensely valuable, and the suits in regard to them are the most important that ever occurred in the Territory.

The weather is very cold here, and the canyons are full of snow.

You'll "gobble them" Johnny.—The mines in Bear and Deep gulches are doing well. Those camps afford good winter diggings.—Mr. James H. Brown has leased the Comanche mine and the James Stuart mill at Phillipsburg, Col. Lyon will soon start up his works there, and Mr. Obdu of Deer Lodge is about to start a foundry.—So that Phillipsburg may be said to be footing up.

From the Montanan of the 15th: Twenty-five men will winter in Vipond camp, taking out ore for shipment in the early spring. The ore sells on the dump at from \$35 to \$60 per ton; the cost for hauling to the smelting works at Argenta is \$25 per ton. This is a good showing for the value of the ore in that district.—California, Nevada and Utah miners are visiting the rich fields of Madison, with a view to investing.—L. D. Porter came in Tuesday from Iron Rod, bringing with him 1493-10 ozs. of rector, the proceeds from thirty-nine tons of ore from the Chipper Ledge. It has not been a very good week for the dipper.—During the storm last Saturday a son of J. H. Johnson was out hunting cows on the Madison range. As the storm increased he became bewildered and wandered away. Not returning at dark his family became alarmed and a party started out with lanterns in search. He was found in the hills toward the head of Granite creek.—James Gormley, Esq., has been appointed Deputy Sheriff of Madison County, under Sheriff Deyarmon.—Mr. Stone, an honest and worthy citizen of Madison County, living on Camp Creek, while in the city on business, was robbed of about one hundred and eighty dollars in currency. It is supposed that he was drugged, and while under the influence of the potion his pockets were picked.

Messrs. Robt. Feuner, and J. Laforeade, of Bear, a few days since, bought a one-third interest in the famous Magee-Alien ground, in Deep, for \$5,000. It is one of the best claims in Montana.

Mr. C. B. Simmons, one of Montana's best men, has returned to Laporte, Ind.

Mr. H. H. Zenor is appointed Deputy Treasurer during Mr. Kennon's absence.

Our townsman, Mr. G. S. Olin, has gone to Phillipsburg for the purpose of starting a foundry, in which to cast dies, shoes, stamps, etc., for the mill at that place. He expects to have it in operation in about two weeks.

Mr. James H. Brown has leased the Comanche mine at Phillipsburg, and has men employed taking out ore. It is expected to raise several hundred tons from this mine during the winter. We learn that Mr. Brown will start up the mill as soon as it is placed in good order, which will be at no distant day.

Last Sunday morning the snow was 12 inches deep on the level, at Demsey Creek, but it has disappeared, except in a few places where drifts have accumulated.

[By the Governor of Montana Territory.] A PROCLAMATION.

The year that is nearing its close has been filled with blessings of health, peace and plenty. While our Divine Master in His wisdom, has deemed it just to severely chastise certain sections of our common country, He has been pleased not to lay His chastising hand upon this people. He has lifted His all protecting hand and stayed the progress of pestilence ere it reached our borders. Our fields and herds have yielded even more abundantly than heretofore. Our population has steadily increased and prospered. The searchers after precious metals have received their merited reward. The iron arms of a trans-continental railroad will soon clasp our mountains and connect our Territory with the two oceans. Churches and schools have multiplied and the moral sentiment of the people improved. These blessings are the gift of the Most High God who has remembered us in great mercy. It seems to me but proper that these gifts should be reverently and gratefully acknowledged.

I do, therefore, invite my fellow-citizens in every part of the Territory to set apart and religiously observe

THURSDAY, NOVEMBER 30th NEXT, as a day of thanksgiving and prayer to our beneficent Father for His many gifts vouchsafed to us during the year about to close, and invoke a continuance of His favor and blessings.

In Witness Whereof, I have set my hand and caused the great seal of the Territory to be affixed. Done at Virginia City, Montana Territory, this, the Second day of November, in the Year of our Lord One Thousand Eight Hundred and Seventy-one, and of the Independence of the United States the Ninety-sixth.

B. F. POTTS, By the Governor: JAS. E. CALLAWAY, Secretary.

Idaho News. J. J. Moran was hung near Jackson's bridge, on the South fork of Clearwater, on the morning of October 20th. The Journal says that Mr. G. W. Bowker, who had formerly been engaged in running the express from Lewiston to Elk City, had purchased two dollars worth of rope for Moran, sometime before, and for which Moran still owed him. Bowker, who had quit the express, while on his way to Elk City, stopped at Jackson's bridge and asked Moran for the money, which was paid, and then, without any provocation whatever, Moran said, "Now I'll mark you," or words to that effect, and drawing his revolver he knocked Bowker down, and taking out his pocket-knife he slit both of his ears, gashed his forehead and gouged and cut the division between his nostrils, at the same time cursing and declaring his brutal intentions to mutilate him as much as possible.

This was done on the evening of October 19th, and on the following morning Moran was found hung up by the neck.
