

WISE TALKS BY THE OFFICE BOY
 Say fellows, I've hired out to help run Miskimen Jewelry Store. I started in as errand boy. I have to help unpack the new goods, check the freight, sweep out, clean windows, run errands, besides weighing and delivering all packages to the express and post offices, and attend to the local deliveries. I also have to help write letters and get up the ads for the newspapers, but, shucks, I'm not worrying about the brain power I throw in with my services. It's the leg power I'm thinking of.
 Honest, I think I'm going to like my job. I like the looks of the people around the place; the boss looks good to me and I've been out of a job so long I'm actually itching for a spell of hard work. The spring season is here and there's lots of new stuff coming in now. Only 40 minutes for lunch, too. I guess I'll earn my five per cent. Watch my spiel and get wise.
