

KIICHLI KAMPAIGNING

Klerk of Kourt Kandidat. Kandidly Kanvassing.

The above heading accurately describes what Mr. Kiichli, democratic candidate for clerk of court, has been doing for the last few days. He is now on a long country trip in support of his candidacy, presenting his claims to his friends and asking their support on his merits in the fearless and open way which has made him so many friends throughout every part of the county, during his residence here.

It would be impossible to find a person within the borders of this great county more qualified for such a responsible public position. Mr. Kiichli has all his interests in this county and has many times announced his intention of making it his permanent home. Although a young man, he has gained an enviable reputation as a practical business man at his home town of Tokna. There he has the warm respect of all, from the oldest to the youngest, and "Joe," as he is familiarly and affectionately called by all, has not an enemy.

Before election day comes Mr. Kiichli will endeavor to see as many of our residents as possible, but should circumstances prevent his seeing you, he simply asks your support on his merits and his promise of an impartial administration of the office of clerk of court, should he be elected.

How The "Roney Boys" Are Trained.

Since the announcement that the famous "Roney's Boys" are to give a concert in this city on Friday, Nov. 13, there has been unusual interest shown in the personnel of the lads who have astonished critical audiences in the largest cities with their artistic rendering of classical music. The boys seldom have more than a rudimentary knowledge of music when they are placed under Mr. Roney's instruction. They are chosen for their natural gifts of voice, ear, temperament and sympathetic susceptibility to emotions inspired by the words and music. Unremitting and exacting rehearsals do the rest. They are taught to understand the dramatic meaning of their songs, and gain intelligent conception of them by explanation and illustration.

Rehearsals for the next season's program begin upon the company's return in the spring from their long winter tour, and not infrequently eight or ten weeks of daily rehearsals, four to six hours a day, are given to work on the program, with vocal culture, breathing, phrasing, enunciation, physical exercises, etc. Boys require about five times as much training to accomplish the same results as do adult singers.

This company will be heard at the Glendive Opera House on Nov. 13, under the auspices of the Dorcas Society. Adults, \$1; children 50 cents. Don't miss it.

CHICAGO MARKETS

Chicago, Union Stock Yards, Oct. 24.—Supplies of western range cattle this week proved burdensome, and buyers had no trouble in dominating the market on most days. Late trading was 25 to 35 cents lower on beef steers than late last week, plain and medium kinds meeting poorest demand. Quality was much plainer, sales above \$5.25 being quite few, although the offerings of the Conrad Investment company from Conrad, Mont., went at \$5.50, and the Bloom Cattle company offerings from Canada at \$6, the latter price being top for the week by a big margin. Bulk of arrivals went at \$4.25 to \$5. Good to choice she stock went steady to 10 cents lower than last week's close, medium beef lots and cutters 15 to 25 cents off, and canners as much as 30 cents down. Top heifers were sold at \$5, the E. J. Murphy stock from Craig, Mont., bringing this price, although trading in main during the week was at \$3.25 to \$4.00.

Prices for mutton grades of western range sheep and lambs this week were lowered still further, the decline from the close of last week being 25 cents for the bulk of the offerings. The depressing factor in the trade was the excessive supply of natives and warmed-up westerns, same being against the sale of rangers.

Bulk of range lambs for slaughter sold at \$5.40 to \$5.50, the top at \$5.75

being made early in the week, against \$5.50 for just as good kinds late in the week. Yearlings were scarce and best offered made \$4.40, this price being secured for Nevada offerings shipped by Marks & Degen. Mutton sheep in main landed at \$4.25 and down to \$3.60.

The supply of feeding sheep and lambs this week fell under trade requirements, and steady prices prevailed with the close of last week, in spite of the decline for fat offerings. Breeding ewes were lowered 25 cents in the face of light supplies. Bulk of lambs went back to the country at a cost of \$5.05 to \$5.25, most yearlings at \$4 to \$4.25, wethers largely at \$3.75 to \$4 and ewes at \$2.75 to \$3.

Marking the Trail of First Pioneers

Livingston, Oct. 23.—The first stone marking the trail of Lewis and Clark in this state was dedicated by Yellowstone Park chapter of the Daughters of the American Revolution this afternoon. Because of the weather and condition of the roads, exercises were held in the west side school building, instead of on Billman creek, about one mile south of the city, where the stone will be placed tomorrow.

Mrs. Clinton Moore, state regent of the society, delivered an address. Mrs. P. A. Scheuber, regent of the Yellowstone chapter of the Daughters of the Revolution, conducted the exercises. At a business meeting of the order it was decided to hold the next conference of the society in Butte in June, 1909.

The officers elected for the next year are: Mrs. Renisch, Butte, state regent; Mrs. F. A. Scheuber, Livingston, vice regent; Mrs. Jackman, Butte, secretary; Mrs. T. H. Smith, Livingston, treasurer; Mrs. J. Morris, Havre, register; Mrs. R. J. Condon, Helena, historian.

The inscription on the shaft is as follows: "The trail of Lewis and Clark. This place was passed July 17, 1806. Marked by Yellowstone Park chapter of the Daughters of the Revolution, 1908."

NOTICE OF BOND SALE

Office of the city clerk of Glendive, Montana. Notice of the sale of coupon water supply bonds of the city of Glendive, Montana, in the sum of \$15,000.00.

Notice is hereby given, that pursuant to authority granted by the qualified taxpayers of the city of Glendive, at a special election held on the 19th day of October, 1908, the city council of the city of Glendive will offer at public auction and sell for cash at not less than par value, to the person or bidder offering to purchase the additional coupon water supply bonds of the city of Glendive, Montana, at their lowest rate of interest, to the amount of \$15,000.00, the proceeds of said bonds to be used to procure additional water supply for the city of Glendive, Montana, to be owned and controlled by said city, and the revenue derived therefrom devoted to the payment of the debt hereby contracted; said bonds to be dated Jan. 2, 1909, and to bear such rate of interest as the purchaser shall specify in his bid, provided, however, that such rate shall not exceed 6 per cent per annum, and payable on the first day of January and July of each year, at the office of the city treasurer in said city or some bank in New York City to be designated by the purchaser, \$1,000.00 of said bonds to be redeemable each year after Jan. 1, 1912, and the entire issue payable in 20 years. Said bonds will be issued in the denomination of \$1,000.00 (one thousand dollars.) The sale will take place at 10 o'clock a. m.

on the 7th day of December, 1908, at the city hall in said city. Sealed bids will be received by the city clerk, which will be opened and considered on the day of sale, with other bids. The council reserves the right to reject any and all bids.

Dated at Glendive, Montana, this 22nd day of October, 1908.

By order of the city council.

JENS RIVENES,

City Clerk.

Herders Missing Sheep Are Killed

Santa Fe, N. M., Oct. 24.—Twenty thousand sheep grazing on the Cumbres mountain in Rio Arriba county, 14 miles north of here, are reported to have perished in the blizzard which has raged in this section during the last three days.

The storm is the worst in years, and the snow is from five to 10 feet deep. Besides the great loss of sheep, six herdsmen are missing, and it is believed they were also frozen to death.

DISSOLUTION NOTICE

Notice is hereby given that Henry Dion and H. N. Dion, heretofore doing business in the city of Glendive, Montana under the firm name, Glendive Mercantile Company, have sold and transferred the stock of merchandise, good will, business, book accounts and all other assets and credits of the Glendive Mercantile Company to the firm of Dion Brothers, who will continue the business at the same place, and collect all accounts and credits and pay all debts of said firm. All persons who are indebted to Glendive Mercantile are respectfully requested to make settlement.

Dated at Glendive, Mont., the 29th day of Oct., 1908.

Thinks Labor Is Evenly Divided

Washington, Oct. 26.—T. J. Dolan, international president of the Brotherhood of Steam Shovelmen and Dredgers, called on President Roosevelt and talked with him regarding the political situation. Mr. Dolan has just returned from a trip through Indiana, Ohio and New York, and he told the President that as a result of his observations and from reports of several organizers of the brotherhood the labor vote seems to be pretty evenly divided. The men he said, are not expressing themselves to any extent and it is hard to learn where they stand. He reported that most of the men of his brotherhood are with Judge Taft.

Could Not Agree, Mines Shut Down

Helena, Oct. 26.—The coal mines at Roundup, owned by the St. Paul Railway company, have been closed down and about 150 men have been thrown out of employment. There has never been any agreement between the company and the miners at Roundup, and at a recent conference between the two interests, at which the operators were represented by Thomas Burk and W. W. Taylor and the miners by the district officers of the United Mine Workers, they failed to agree. The miners insisted upon being paid 75 cents a ton and the operators, refused to pay more than 70 cents. Coal for the St. Paul in Montana and North Dakota is being shipped from Illinois and the middle west states.

Brief and Breezy

There are some of us who escape lynching in this great country and this may account for the fact that so many of us are not aware that more murders and outrageous crimes are committed in this great country than in any other country in the world and also that capital punishment by lynch law is more prevalent here than elsewhere, in fact is not prevalent elsewhere at all. The boast that we are the freest, greatest and best governed country in the world is incessant whenever Americans are gathered together. Yesterday a lawyer was taken from his bed and hung in Tennessee. A few days ago there was a race riot at the foot of Lincoln's monument in Springfield, Illinois. Today a New York posse is scouring the woods for a man who if he is caught will be hung without trial. Lynch law is confined to no locality but may be invoked in any part of the United

States and will continue as the only means to justice so long as the law's delay and the pusillanimity of jurors fail to punish crime.

It is reported that the president is going into the magazine business. It was reported a few months ago that he would be the President of a great University but he will be eligible for reelection to some other office after he returns from Africa with elephant and hippopotami pelts four years hence.

The estate of the late John Alexander Dowie, alias Elijah the Second, it is said, is about four millions less than nothing, as is the mushroom religion founded by him.

According to the papers Mr. Bryan cannot win and Mr. Bryan cannot lose. This is a summing up of the situation with reference to both candidates in these last days of the campaign. If it were not for the betting pools it would be difficult to see through the fog of campaign lies.

The War Department has ordered the Ladrone Islands in the Phillipine group to be known hereafter as the Marianne Islands. It is said the natives objected to the name Ladrone as it is Spanish for robber. It is probable that they are well satisfied to be now known as the Mary Ann's.

A balloonist the other day, fell four thousand feet and was not hurt. Evidently ballooning is not so dangerous a sport as stepping on a banana peel.

The Duke of Abruzzi will marry the daughter of Senator Elkins of West Virginia. At least the King of Italy and his mother and his sister say he may. Only one obdurate old aunt remains to be coaxed into giving her consent. Where is that "new and independent spirit that is alive in Italy" that we have heard so much about?

Smith College has just inaugurated a course in journalism for its female students. Hereafter the newest ideas in "How to be beautiful" and "What to do in society" will bear the true University authority.
