#### Marco Markings

Martin & Wold, railroad contractors encamped at Marco, have become interested in farming. Men and teams are doing their best again.

Mr. Emerson from Yates, father-in-law of H. D. Davies, is a visitor at Marco.

Fred Lange and family have departed from Marco for Savage, where they will start in search of a new home, going to British Columbia.

Mr. Kalloch today finished seeding 100 acres of flax for W. H. Frank.

Seed flax will be in demand at Marco for some time yet.

It is reported that the river has washed away the track bed in the railroad cut at the Head Gates, so that a team cannot pass on the remaining part.

Marco Moonshine.

#### Poverty Flatlets

Fish Brothers had the misfortune to break one of the side gears of their engine last week, which stopped work until repairs could be got.

The name Delaney in last issue should read Delang.

Crops of all kinds look superfine on the flats. Wheat is 20 inches, oats about 18 and flax booming.

Frank Hasty moved out to the ranch the 29th.

Earl Atwood is hauling wool to the city from the shearing plant.

Peter Gustafson Sr., came near putting out his left eye while cutting wood, a stick striking him in the member and requiring quite a little effort to get it out. Moral—Don't cut wood.

The machine shearing plant at Eleven Mile springs commenced operations the 2nd, opening up on the Halland Brothers' bunch.

The first load of wool to be hauled from the shearing pens was taken in the 3rd by Frank Hasty.

U. P. Davis finished planting his corn the 3rd.

Martin Sorenson, son-in-law of Peter Gustafson, was down from Miles City the 3rd, and his wife and infant son returned with him.

Frank Kinney has his new house well under way and you young cubs will probably have an invite to a house warming in the near future.

Jamin Brubaker and wife were out to their farmstead the 3rd.

Say, if you want a good drink of the best water call at the Wm. Rigby ranch—but then that is bragging.

Gus Wiedemann and father autoed through these parts the 6th.

Mrs. E. A. Martin, while stopping to close a gate, left her team, which started up, and before she could get to them got away from her and ran into a wire fence, cutting one of them quite badly. Fortunately, no other damage was done.

#### Bloomfield Items

We had the heaviest rain recently we have had for a year, followed by a heavy frost and freeze. Ice was measured one-fourth inch thick and on June 1 another heavy rain fell, which starts grains and grasses out in good shape.

Seth Slabaugh and Ferd Zang are building fence for James Cavanaugh under contract at present.

Shrock Brothers are doing some hauling from Glendive this week.

Miss Mabel C. Reed closed a satisfactory term of school in District No. 25 on May 26.

Rev. Ferdinand Pust's brother of Minnesota was in this locality re-

cently. Mr. Pust located his brother on a relinquishment about twenty miles north of this neighborhood.

The horse roundup took place recently in this locality. A few strays are still in the neighborhood.

S. B. Kauffman has been doing some breaking for Lester Brown and others. The late rains have greatly favored breaking.

Lester Brown, our worthy assessor, made his rounds through this locality recently.

Some of the farmers are not through seeding yet. There will be a large acreage of small grain sown in this locality this spring.

Church services are to be held at the home of Enos D. Yoder Sunday, June 4.

Cor. Y.

#### A Swift Game While It Lasted

The first real interesting ball game of the season took place last Sunday forenoon, when the barbers crossed bats with the bartenders at the old Fair Grounds. It was witnessed by a large crowd of spectators and there was hilarity galore at some of the various plays. Although it was hardly as scientific as a National League game, there were plenty of fast stunts and the crowd was kept on edge during the five innings that the game lasted.

At the end of the contest the score was 13 to 10 in favor of the barbers. Thus there still remains room for doubt as to the supremacy of the two teams and the defeated ones are clamoring for revenge.

The barbers lined up as follows: Burns, 3b; Nichols, c; Ward, 2b; Doc Demerse, ss; Baer, p; Majors, lf; Nig Demerse, cf; Houck, 1b; Hosfield, rf. Opposing the barbers were Riley, lf; O'Keefe, c; Vonruden, ss; Gray, p; Fierheller, rf; Babcock, 2b; McCarthy, cf; Mitchell, 3b; Boyle, 1b; Lang, 1b. Gray and Baer, the pitchers, were shining lights of the respective teams. Besides doing finely in the box, Gray knocked two home runs, and Baer also made a complete circuit of the sacks on a long hit. Riley also did a few stunts and got much applause for his "barber's graveyard" out in left field.

Refreshments were served free of charge to the spectators during the course of the game.

D. B. Elrod acted very acceptably as umpire and John Emmel as scorer. Time of game, 1:15.

Gray won a vest and box of cigars and Baer a vest, as prizes offered by J. H. Miskimen for home runs.

The firemen have organized a team and challenge either the barbers or the bartenders to a contest of the national game.

#### GEORGIA MINSTRELS

Appearance is everything! You cannot help but be impressed with the appearance of Richards & Pringle's Minstrels when they visit your city.

No old hand-me-down, faded, wornout wardrobe, no sloppy, slipshod parade. Instead you will see the best-dressed minstrel parade you have ever seen on your streets. Uniforms of the costliest material, built by the best tailors in the land. And the deportment of these talented colored boys is always a subject of comment in every city they visit; and that includes all the principal ones from Maine to California.

The performance given by this company, unlike many given by their white competitors, is strictly clean and refined. Not a suggestive word, song, joke or action finds a place in their program.

This motto of cleanliness is doubtless the keynote of their success, for they are packing the theatres throughout the country.

There will be a big free street parade at noon, headed by the best minstrel band in America, and a concert in front of the theatre at 7:30 o'clock in the evening.

Make a note of the date—at the Glendive Opera House, June 18.

#### Passing Of Mrs. Foster

Just before going to press last week, mention was made of the death of Mrs. W. B. Foster. The sad feature of her passing was that Mr. Foster had been confined to a Minneapolis hospital for some time, almost helpless from rheumatism, and was unable to be at her bedside. The funeral was held from the Catholic church on Saturday morning at 10 o'clock, and was largely attended by friends of the family.

Mrs. Foster, nee Hagan, was born at Erin, Wis., October 21, 1866. She came to Glendive in 1888 and was married to Mr. Foster on April 26, 1896. She is survived by two brothers, Mayor Hagan of Glendive and Dr. J. M. Hagan of New Richmond, Wis., and six sisters, Mrs. Edw. O'Neil Sr., and Mrs. S. A. D. Westfall of Glendive, Mrs. May McGregor of Duluth, Miss Helen Hagan of Minneapolis, and Misses Caroline and Agnes of New Richmond.

In deciding that an Indian has not the same right as a white, the Supreme Court showed that it has a sacred regard for time-honored precedent as exemplified in the practice of our ancestors.

Since the Supreme Court has decided that the Standard Oil Co., will have to be dissolved in six months, no doubt Mr. Rockefeller will raise the price of oil a few cents, after the dissolution goes into effect, for two reasons. First to convince the public what a good friend they had in the old Standard Oil, and secondly to show us that the "dissolved" Standard Oil Co., is still much bigger than the Supreme Court or anything else we have to back against it.

Court decisions may come and court decisions may go—as has happened in the past—the Standard's \$9,000,000 quarterly dividends apparently go on forever.
