Local Practitioner Narrowly Escapes Death

Car Turns Turtle at Bridge Wash-Out---Succor Close at Hand Saves Life---Injuries Prove not Serious

But for the timely presence of Mr. G. L. Pope and two other men on the scene, Dr. R. E. Hathaway would now probably be receiving funeral wreaths instead of congratulations.

As it is the local practitioner is confined to his hospital with several ribs loosened from the breast bone; nursing many minor bruises and suffering considerably from shock.

Bridge Washed Away.
The accident was caused by the doctor looking at the efforts of the men in trying to get Mr. Pope's Overland car across the badly swollen Dry Creek, about 8:30 o'clock Monday night, shortly following the heavy downpour of rain, instead of paying attention to his road.

He failed to see that the little red bridge across the creek had been washed away and before he could stop his Buick, the car had plunged

over the 8 foot bank and turning turtle, buried its lone occupant beneath it.

A Timely Rescue.

Had it not been for the meagre protection afforded by the top of the car being in a position, the doctor would surely have been crushed to death. As it was, he would have drowned but for the assistance of the three men mentioned above, who succeeded in removing the heavy machine from the injured man's body and pulling him to safety.

After the injured man was taken to the hospital, Dr. A. L. Hammerel was called and he made an examination and rendered medical first aid.

He said that the doctor would probably be out in a week or two, but the machine, goodness only knows when, if ever.

ELKS LODGE IN GLENDIVE NOW FULLY ASSURED

According to a telegram received by H. T. Allen of this city last Friday morning from District Deputy J. M. Rhoades of Bozeman, the city of Glendive has been granted a special dispensation by the Grand Exalted Ruler who holds forth in San Francisco, the withdrawals of the local member evidently having had the desired effect.

It will be remembered that the efforts of the local Elks, who were trying to get a lodge in this city, had received quite a set-back by the refusal of the Miles City Lodge to pass on ten of our candidates who sought to become members in the event of the local lodge being instituted.

This action on the part of the Miles City bunch was taken after they had given us every assurance that our efforts to secure a local lodge would not be bucked by them. There is only one way in which a good Elk can look at it: they liked us so well they hated to see us leave their protecting wing.

The charter is expected any day, in which event the formation of the Gate City Lodge, B. P. O. E., will go merrily on.

WOLF AND COYOTE HUNT SCHEDULED FOR SUNDAY MAY 30

We the Stockmen on Lower Deer Creek, Three Mile Creek, Lower Seven Mile Creek, Morgan Creek and Thirteen Mile Creek desire to organize a wolf hunt on Sunday May 30, 1915.

One line will start from Hollecker's Ranch on Deer Creek and drive north-easterly and another line will start at Milan Brooks' on Thirteen Mile Creek and drive south-westerly. The two lines should meet on Seven Mile Creek at A. Kent's Ranch. Each line will drive about ten miles. All parties from Glendive desiring to take part will report to G. D. Hollecker. Each participant provide himself with gun and ammunition. Everybody be ready to start drive by 6 o'clock in the morning.

G. D. HOLLECKER
F. W. KINNEY
H. J. HALVORSEN.

Ivy Kolberg of Stipek was in town last Saturday on business.

GLENDIVE BAND DANCE SUCCESSFUL SOCIAL AFFAIR

The popular dance given last Thursday evening at Krug Hall for the benefit of the Eastern Montana Band of this city was one of the best attended and most keenly enjoyed affair of its kind held in this city since the beginning of the new year.

More than 80 couples were on the floor and tripped the light fantastic to the strains of harmony produced by the full Glendive Orchestra.

The dance followed a series of band concerts given in front of the Orpheum and Isis Theatres by the full band of eighteen pieces, whose playing was enjoyed by several hundred people in spite of the cool weather and threatening rain.

The dance was a winner in every way, financially and socially, for which the band boys wishes the Monitor to express its thanks to the people for their hearty support and large attendance.

It has been suggested by a number of progressive citizens that outside of getting a series of three games with Sidney during the July 5th celebration, the attraction that would bring the most people to Glendive is a Band Contest between the home aggregation and those from Sidney, Fallon and other nearby places.

There would have to be a substantial prize offered, but it is thought by many that the increased attendance would be well worth the money spent for the prize.

NEW ROAD MAP OF MONTANA ISSUED BY HIGHWAY COMMISSION

The Monitor is in receipt of the Montana State Highway Commission Road Pamphlet No. 5, mailed by Secretary George R. Metten of the Commission.

Accompanying the pamphlet was the new May 1915 road map of the state, a copy of which should be in the possession of every autoist.

The new map which is a perfect gem of the map manufacturers art, is strictly up to date, having been compiled from latest data and surveys furnished the Commission by the various counties, under the provisions of the revised codes of the state.

W. F. Adams of Sidney was a visitor in the city last Saturday.

PRESENT TERM OF CITY SCHOOLS BROUGHT TO SUCCESSFUL CLOSE

Records Show Increase in Attendance As Well As in Interest Supt. Brown A Worker.

That Superintendent H. R. Brown, head of the Glendive public schools, is a worker with modern ideas and ideals, is shown by the records of the past term in the public schools.

The attendance was much larger than in any past year, and the interest of the pupils in their work kept right up to high water mark to the very last day of the session which was last Friday afternoon.

Special closing services were held at both the Washington and Lincoln

Prof. H. R. Brown

schools on that day and the children left for home with the prospects of a three months vacation before them.

This was the first term held in the new Washington school house on upper Meade Avenue, and to say that the pupils were much benefited in every way by the improved environment is but putting it mildly.

One of the many improvements effected by Prof. Brown has been the reduction in the number of truancy cases which this year has been almost

(Continued on Page Eight)

WELL KNOWN STOCKMAN PASSES TO GREAT BEYOND

George Harvey of Deer Creek, one of the best known stockmen in this part of the state died at the Grace Hospital on Monday, May 24th, on the 50th anniversary of his birth which occurred on May 24th, 1865.

His death followed an operation for appendicitis performed by Dr. R. E. Hathaway at the local hospital, the previous week. He was in such bad shape on reaching the city that it was impossible to save him.

Deceased leaves a widow, whom he married about a year ago, and her little son. He also leaves a brother, James Harvey, and a sister, Mrs. Siggelkow.

Mr. Harvey had been in Dawson County for the past 22 years and had accumulated quite a fortune in the raising of horses, sheep and cattle. He was a well known figure not only all over the state of Montana but in the big horse and cattle buying centres of the east as well.

The body was prepared for burial at Lowe Brothers Undertaking parlors, and after the services at the Chapel, which were conducted by the Rev. W. L. Meinzer, the remains were shipped on No. 4 yesterday morning to Merrimac, Wis., for interment. The body was accompanied to its last resting place by Mrs. Harvey and her little son, Mrs. Siggelkow and James Harvey of this city, and two sisters and a brother, Margaret, Agnes and John, all living in Wisconsin in the vicinity of Caledonia, their birthplace. It is understood that a sister of the deceased, Mrs. John Sim, died at Caledonia, Wis., just last week.

GLENDIVE SWIMMING CLUB TO BE INCORPORATED

The articles of incorporation of the Glendive Swimming Club, the organization which will finance the new public swimming pool on Clough Street between Valentine street and the bridge, are now being drawn up by attorney Joseph A. Slattery, and the stock will be placed on sale as soon as the papers go through the office of County Clerk and Recorder R. L. Wyman and are returned approved by secretary of state, A. M. Alderson.

All checks made in payment for stock will be made payable to one of the local banks, to be selected later, so that the people will know their money is in safe hands.

The complete details of organization and operation will be published in full in all the local papers as soon as City Engineer F. H. Handforth completes the plans, at which time a copy of them will be turned over to N. P. Agent W. J. Buchner for approval by the head office of the road in St. Paul, as well as by General Agent J. E. Spurling of Billings.

Specifications will then be published or handed to local contractors and builders for their bids on the work, which will include excavation, cement work, erection of fences, bath houses and office, the plumbing and the painting. The local merchants will be asked to bid on the bathing suits and towels.

It is hoped that by next week the plans and specifications will have been completed, the articles of incorporation returned from Helena, and the sale of stock well on the way by the first of June.

One of the innovations suggested is the employment of a competent life guard and swimming instructor who will instruct all the youngsters of the public schools in the science of swimming free of charge.

Steam pipes and valves connected with the local power house has also been suggested and will probably be incorporated in the plans. This will permit the water to be heated up to any temperature, and will come in handy in case the pool is inclosed later for night or winter swimming.

If the pool is completed by July 5th, it is planned to have a high diver and fancy swimmer of national reputation, give exhibitions at the Celebration, thus adding to the many free attractions planned for that event.

Everyone in the city should take a deep interest in the new pool and help it along in every possible way. Remember that Billings got its pool only after the hardest and most persistent kind of boosting.

FARMERS REQUEST DRINKING FOUNTAIN BE PUT INTO EARLY OPERATION

A number of farmers as well as drivers of city teams have been heard to inquire as to the probable cause for the water not having yet been turned on in the nice drinking fountain for horses erected some time ago by the Woman's Club near the corner of Kendrick avenue and west Bell street.

We immediately tried to get City Engineer Handforth on the phone, and after several attempts, had to give it up, the city official probably having all he could attend to on the outside looking after the sewers after the hard rain of Monday night.

Mayor Baker said that he did not know any reason why the water should not be turned on and Dr. A. J. DuFrene, deputy state veterinarian stated that the foot and mouth disease had nothing to do with it, so we are at a loss to ascribe a reason for the horses being deprived of their aqua pura.

County High School Closes Successful Year

Eight Pupils in Graduating Class---Initial Ser- vices Last Sunday---Class Play Last Evening

The Dawson County High School this week closes the most successful year of its existence.

Commencement week began on Sunday evening at the Arcade Opera House, the baccalaureate sermon having been delivered by the Rev. W. L. Meinzer of the Congregational Church. The program was as follows: Organ voluntary, Mrs. F. P. Leiper, hymn No. 305, "I am Thine, Oh Lord"; responsive reading, first Psalm; Gloria Patria, choir and congregation; reading Scripture lesson, Rev. C. W. MacWilliams; solo, "Ave Marie," Mrs. Thoreson; invocation, Rev. W. B. Bliss; anthem, male quartet; anthem, "By the Waters of Babylon," girls octet; baccalaureate sermon, "The Open Door of Opportunity," Rev. Meinzer; hymn No. 152; benediction, Rev. Edward Curran.

Class Play Well Rendered.

Last evening the senior class play, "A College Chap", in the cast of which appeared both senior and other members of the school, was given at the Arcade to a well filled house. The play abounded in clever local hits and was immensely enjoyed by all. Eighteen students were in the cast which was as follows:

Term Closes Tomorrow.

The graduating exercises, including the presentation of the sheepskins to the graduating students will be held at the Arcade to-morrow, Friday, evening.

The program includes: Selection, Glendive orchestra; invocation, Rev. W. B. Bliss; "A Moonlight Ride," duet and chorus; "We Meet Again Tonight," boys' quartet; address, "The Vale of Upas," Rev. Walter H. North, Billings; selection, Glendive orchestra; "Wake

GLENDIVE DEFEATS BEACH SHOOTING CLAY PIGEONS

That the members of the Glendive Gun Club have at last recovered their shooting eyes, was seen Sunday at the local grounds, when the crack Beach squad, members of the Beach Gun Club, were bested in a social shoot.

In the first round, Glendive "killed" a total of 151 birds to Beach's 138; in the second round Glendive broke 142 of the clay birds to Beach's 122. The total score stood: Glendive 293, Beach 260.

Bowers of Glendive was high man of the day, striking 23 out of 25 in the first round and hitting 25 out of 25 in the second. Ray Lowe was second best on either team, hitting 44 birds out of 50. McDowell showed great improvement, getting 40 out of a possible 50.

The day was ideal for shooting and a goodly crowd was in attendance. The Beach boys expressed themselves as being highly pleased with the reception they received at the hands of the local gun club, and they promised, if the July 5th shooting tournament is

"THE BUNGALOW"

The People's Popular Place to Eat.

West Bell Street—a few Doors from Main Street
Absolute cleanliness, all Good, Home Cooking, Quick and Courteous Service. Popular Prices. Originators of the "Exclusive White Help" Idea.
Remember the Place
Phone 82-R Glendive, Mont.

Miss Lindy," girls, double quartet; presentation of diplomas, C. A. Thurston president of the board of trustees; "Caucusing Song," boys' glee club; "Italia," from Lucrezia, mixed chorus; benediction; selection, orchestra.

Members of the graduating class are, Helen Verne Dickerson, Earl LeRoy Dougherty, Irma Adell Gertenson, Philip Lionel Hagan, Jessie Almy Johnson, Lavina Andrea Ketchem, Harold Charles Koch and Hazel Elda Siggelkow.

Prof. R. L. Hunt

Professor Hunt stated that he was very well pleased with the work accomplished this year and that the utmost harmony existed throughout the term between teachers and students.

The Graduating Class.

At the present time both he and the entire faculty are most interested in securing a dormitory for out-of-town students, and if the proposed plans are carried out this innovation will be in operation by the opening of the next term.

GLENDIVE TIGERS DEFEAT FORSYTH

The baseball game Sunday afternoon on the local diamond between the fast Glendive second team known as the Glendive Tigers, and the Forsyth team, while not as well attended as such a contest should have been, was one well worth seeing, resulting as it did in a score of 12 to 6 in favor of the local boys.

The Tigers showed great improvement over last year's form, their work Sunday offering promise of much better things in the near future. They are an aggregation of clean-cut young

HEAVY RAINFALL VISITS GLENDIVE

One of the heaviest rainfalls of the present year visited the city and nearby country Monday evening. It is estimated that more than an inch of rain fell in the shower which did not last more than one hour.

At one time there was more than a foot of water on the main street and same damage was done by water getting into cellars along that thoroughfare.

The wind which blew strongly from the west, drove the rain in many cases, beneath the shingles on the roofs of many homes and caused considerable damage in that respect.

It continued to rain off and on, all day Tuesday, and the truck farmers, and city garden fiends, as well as the nearby farmers, are well satisfied with the resultant moisture, which is bound to insure "some" crop this summer.

1,000 Head of Choice Horses

WILL BE OFFERED AT THE FIRST BIG AUCTION SALE OF THE

Glendive Horse Sales Company

AT THE NEW GLENDIVE HORSE SALES YARDS, MON. TUES. & WED., MAY 31, JUNE 1 and 2
