GREAT FALLS, MONTANA.

GREAT FALLS is located at the Falls of the Missouri which furnish the greatest available water power on the Continent. Is within 7 miles of the most extensive Coal and Iron district in the West, immediately beyond which are rich Silver and Copper districts. It lays tributary the best agricultural and grazing part of the Territory, and the pineries of the Upper Missouri and tributaries. It has made more progress in the past 8 months in proportion to its size than any other place in Montana, and is especially adapted by its natural resources and geographical position to become the leading manufacturing center between Minneapolis and the Pacific.

The trip to Great Falls will amply repay tourists by the beauty of the scenery on the way, and they will find here the most magnificent series of waterfalls in the world, while the surrounding country is rich in picturesque scenery. To those wishing to improve property, lots will be sold at very reasonable prices. For particulars address, **H. O. CHOWEN, AGENT.**
