

GREAT FALLS, MONTANA.

GREAT FALLS is located at the Falls of the Missouri which furnish the greatest available water power on the Continent. Is within seven miles of the most extensive COAL and IRON district in the West, immediately beyond which are rich GOLD, SILVER and COPPER districts. It lays tributary the best agricultural and grazing part of the Territory, and the pineries of the Upper Missouri and tributaries. It is especially adapted by its natural resources and geographical position to become the leading MANUFACTURING CITY between Minneapolis and the Pacific, and the principal RAILROAD CENTER of Montana.

The trip to Great Falls will amply repay tourists by the beauty of the scenery on the way, and they will find here the most magnificent series of waterfalls in the world, while the surrounding country is rich in picturesque scenery.

For further information address H. O. CHOWEN, Agent.

SPRAY OF THE FALLS.

Dr. Ladd and family are Park hotel guests.

Mr. Napier has taken permanent quarters at the Park.

John Haruly, of Oregon, was in town a few days this week.

H. H. Horton has returned from Helena with a load of freight.

C. S. Gibson and wife were in town Saturday and Sunday.

Mrs. John Devine, of Sun River, was visiting in town last Saturday.

Chas. E. Downs of Choteau, was the guest of Tom. Murphy at the Park.

Mr. Carter has looked in vain for his horse during all of the past week.

Jincus, the clothing solicitor of Benton, is looking over the Great Falls styles.

M. P. Root, of the Helena & Benton line, has been in town again this week.

Messrs. Bridges and Criss brought in a string of thirty-six ducks last Wednesday.

Theo. Gibson, having bought most of the wool in Montana, is at home for a few days.

C. W. Stringfield, David Thukley and Jos. Smith of Wyoming, are guests at the Park.

Thomas Locke has been awarded the contract for building a bridge across Belt Creek.

Mr. Chandler, the assayer, has gone up into the mountains in company with Dr. Pettie.

Goods are rapidly arriving for Albroelit & Knight. They are going to have an attractive store.

We are informed that another grocery-store will soon be opened here by a gentleman of means and experience.

Mrs. H. M. Levitt and Mrs. M. L. Strong of Sun River and Mrs. Whitehead of Helena spent Sunday at the Park.

A Literary Society is one of the organizations talked of for the winter. Great Falls has talent enough to get up a good one.

Warner's express arrived Monday on time, with a good load of good passengers. Warner has commenced to run twice a week.

Spitzley & Ringwold will reopen their restaurant next week in the Sweeney & Bark building next to Hamilton & Eaton's stable.

The beautiful snow which fell gently upon the just and unjust alike, last Wednesday night, made the roads almost impassable.

Among the Park hotel arrivals on Monday, were, Mr. and Mrs. Campbell, Cora; Mrs. J. F. Healey and F. F. Healey, of Brooklyn, N. Y.

Dr. Fairfield and A. E. Dickerman bagged quite a number of quileless, tender chickens between here and Deep creek, last Monday.

Jos. Hyman, the popular salesman for Harris, the clothier, has gone to Chicago to hibernates. His many friends here will be glad to see him again in the spring.

G. W. Taylor, a nephew of "Uncle Jesse" has come to Great Falls to practice law. He will never regret it and Great Falls welcomes all young men of talent and worth, like Mr. Taylor.

Mr. Toole and Col. Johnston went to Choteau from here. Before leaving they filled their demijohn with water from the Big springs. They said it was the best they had ever imbibed, even better than good, old democratic whiskey.

Last Sunday night Willie Gehring, eldest son of Mr. Frank Gehring of this place, was taken ill. The first symptoms were vomiting and fever. Before morning delirium set in and the poor sufferer became so violent that he had to be held in the bed by main force. In his delirium he talked about a horse called "Johnny" and from time to time called for help to keep off imaginary assailants. It appears that just before he was taken ill he had been sent out to picket the horse and had been attacked by a notoriously rough boy; who pulled him off the horse and slapped him

and did other mean things. In pulling the child off the horse it is supposed that the other boy wrenched him about the abdomen aggravating what, otherwise, might not have been so bad. The patient is under the well-known careful treatment of Dr. A. G. Ladd, of this place and we earnestly hope for his early recovery. This affair should be a warning to boys to be more careful and thoughtful in their treatment of playmates; for, they cannot tell what serious injury they might inflict through their roughness. Deaths have been caused by such things and we are sure that no boy in Great Falls would like to be branded as a murderer.

Strayed.

Strayed from my ranch two miles east of Great Falls, one bay horse, branded and vented S on left shoulder. Has white stripes in face, three white feet and saddle marks. Was dragging long rope with iron pin attached when last seen. A liberal reward will be paid for his return or for information that will lead to his recovery. S. V. V. CARTER.

The ENTERPRISE WIND MILL.
 O. E. Spear, General Agent for Montana, Great Falls, Mont.

Cannot you use a Wind Mill to good advantage in supplying water to your stock, house or grounds? It is in many ways better than a river or brook, as with it water can be had just where it is wanted, and exactly the quantity required, while there is no waste of land or inconvenience from overflows. With it water can be raised from wells, and springs and delivered as desired.

This mill has points of advantage over any other mill manufactured, and is particularly suited to the wants of the farmer, dairy and stock-grower. It need only be soon to be fully appreciated.

Mr. Spear is a practical well driller of 23 years experience and guarantees a good quality of water. Alkali or mineral veins caused off.
