JAMES E. WALKER,
THOMAS H. CARTER.
Great Falls, Montana, May 10, 1887.

NEWS BY WIRE AND MAIL.

TOMMY HEALY INJURED.
FORT SHAW, May 12.—[Special to the Tribune:]—Tom Healy, a son of Wm. Healy, a well-known resident of Sun River was kicked by a horse last Tuesday and seriously injured, his skull having been fractured. Up to 9:30 a.m. no improvement has been found in his condition, which is precarious. The many friends of the lad will be sorry to hear of his misfortune.

IMPORTANT SUIT.
HELENA, May 12.—Yesterday a suit was begun in the district court for Lewis and Clarke county that not only involves a large immediate sum, but also a legal question of much importance throughout the mineral-bearing region traversed by the Northern Pacific, viz: Whether the right of the Northern Pacific to land granted it by its charter can be in any instance voided by mineral claim and patent, unless such land is more valuable for mineral than for agricultural purposes. The suit is entitled: The Northern Pacific Railroad Company vs. Chas. W. Cannon and Henry Cannon.

MAKING PROGRESS.
HELENA, May 11.—Work is progressing rapidly and in a workmanlike manner on the Montana Central tunnel above Wickes. The timbering is massive and well set in position. Work on the heavy cuts and fills before reaching the tunnel from the north is being pushed. At Wickes the Central grade is high above that of the Wickes branch of the Northern Pacific.

THEY NEED A RAILROAD.
WALLA WALLA, W. T., May 10.—The citizens here being advised that a number of the officials and directors of the Northern Pacific, probably President Harris among them, would come west within ten days or two weeks, a meeting was called to consider what could be done to secure a better outlet for their products. The citizens and farmers responded, and adopted the proposition to tender free right-of-way and a bonus of \$75,000 if the company would build a line to Walla Walla Junction and agree to carry wheat to the Sound for \$4 per ton. \$10,000 was at once subscribed as a starter. The people here are enthusiastic and anxious to secure further railway facilities.

THE RIVER TRAFFIC.
FORT BENTON, May 10.—The Judith came out of Bismarck, heavily laden with both through and way freight, with the intention of proceeding up the river until met by the Rosebud or Helena, when through freight would be transferred to one or the other of these boats for conveyance to Benton. The Judith met with the misfortune of blowing out a steam-pipe, which delayed her below Buford. The Rosebud reached the Judith at a point below Buford, and exchanged cargoes with her on the 7th instant. The Eclipse, with a full cargo of through freight, left Bismarck for Benton on the 7th. The Helena completed her loading yesterday, and left Bismarck this morning for Benton. The Judith will follow the Helena, also with a through load.

DEATH OF J. M. SWEENEY.
HELENA, May 12.—John M. Sweeney, died Tuesday evening at the Sisters' hospital. Mr. Sweeney is much and deservedly regretted. He was born at Emmetsburg, Maryland, January 18, 1843. He came west to Wisconsin early in life and to Montana in 1863. He was one of the

first settlers in Last Chance gulch and followed for some time his avocation as a carpenter and builder. He formed a partnership with a man named Price, and the firm of Sweeney & Price was engaged in building and other contracts and also had a lumber yard. Early in the seventies he formed a partnership with T. C. Power in the business which the firm of T. C. Power & Co. has ever since conducted in Helena, Deer Lodge, Bozeman and Missoula. For some time past he had been affected with consumption and occasionally with rheumatic attacks. His bedside, at the hour of dissolution, was surrounded by Father Palladino, four of the Sisters, Mr. and Mrs. H. E. Galen, John W. Besserer, manager of the Bozeman business of the deceased; his Deer Lodge partner; his brother, Wm. Sweeney, of Baltimore, who had but lately arrived; his physician, Dr. Tracy, and other friends. The funeral occurred on Thursday from the Catholic church, of which he was always a member.

Mr. Sweeney's life was a most exemplary one. In all his relations with his fellow-men honesty and honor were not merely watchwords, they were unquestionably acted upon as the cardinal rule of business. He was a man of sterling character and was fully appreciated by his fellow-citizens, by whom he was universally respected. He was never married. The brother who was at his bedside when he died, another brother and other relatives in Maryland survive him. He is understood to have left a will, but nothing is known of its provisions. His estate is probably worth \$75,000.

NEW PAYMASTER.
WASHINGTON, D. C., May 10.—Major John P. Baker, United States paymaster is ordered from Fort Leavenworth, Kansas, to Helena, Montana, and will hereafter pay the troops at Fort Shaw and Assiniboine.

Major John F. Clark U. S. A., retired, died in this city today, aged 67 years.

MONTRORSE THE WINNER.
LOUISVILLE, May 11.—The great Kentucky Derby was won to-day by the bay colt Montrorse, son of the Duke of Montrorse, dam Patti. The time was 2:39 1/4, which compares badly with Ben. Ali's last year, when that colt lowered the record to 2:26 1/4. About 20,000 people were on the ground. There were seven starters out of 19 entries, Jacobin was the favorite in the betting which was 15 to 1 against Montrorse. Toward the close it was nip and tuck between Montrorse and Jim Gore. Fitzpatrick had been instructed to win with Jim Gore if he had to kill the colt, and as he laid on the lash the horse was seen to be limping. Lewis gave Montrorse the rein and he won by two lengths with Jim Gore second. The distance was a mile and a half. Montrorse is owned by Labould brothers of Cincinnati and was bred by Milton Young.

VISITING BUTTE.
BUTTE, May 11.—Col. C. A. Broadwater, president, Col. Dodge, chief engineer of the Montana Central, and Major Maginnis are in town in the interest of the company.

APPEARS ABOARD.
LONDON, May 11.—The house of commons is still occupied with the coercion bill, which the Irish members are resisting actively. Five persons have been killed and 50 injured by a collision on the Brighton railway in Victoria, Australia. A cutter is watching on the Irish coast for an American vessel with a cargo of arms and explosives.

CURRENT EVENTS IN BRIEF.
Police are closing up Milwaukee gamblers.
The Michigan windstorm did \$250,000 damage.
