## TELEGRAPHIC NEWS.

### BOULANGER'S ACTS CONDEMNED BY THE FRENCH ASSEMBLY.

Accidents on the Railroad at Anaconda—Murdered by Idaho Indians—Fatal Quarrel at Stevensville—Other News.

PARIS, March 21.—In the chamber of deputies yesterday De Cassagnac spoke in favor of General Boulanger, protesting against his removal from the army. During his remarks he quoted from an article in the Boresen Courier, of Berlin, which asserted that the government had removed General Boulanger at Germany's request. Premier Tirard declared that De Cassagnac's remarks were insulting and requested that he would not continue to talk in that strain. (Applause.) The president of the chamber then, addressing M. De Cassagnac, said: "The country will judge the speaker's words." Premier Tirard informed the chamber of deputies that a military tribunal would inquire into the case of General Boulanger. The order of the day was then demanded by the government and voted—849 to 83.

### Railroad Mishaps.

ANACONDA, March 21.—For the last day or two the Montana Union railroad company has met with a chapter of accidents in this place, resulting in injury to two men and serious damage to three engines. One of the heavy switch engines ran into a freight car, which was standing on the side track, but too close to the main track. The steam chest on one side was badly smashed, as was also the tender. Another switch engine was pulling a train of cars laden with stone for the foundation of the smelter building, when the trucks of the rear car jumped the track. Two switchmen, who were standing on the car, were thrown off. One of them, Charles Fisher, was seriously injured by a large piece of stone from the car. The other man was badly cut about the face and hand. Another heavy switch engine was standing at the upper end of the yard when train No. 9 came in. The engine was uncoupled from the train, and was left without any one on it. By some means the engine forged ahead, and gaining considerable headway, it struck the switch engine, causing much damage.

### Murdered by Indians.

GREAT FALLS, March 22.—Judge Hogan received the following telegram from Sand Point, Idaho: "I learn from Indians and other persons that Beckey Pondison and Ipekias have been murdered at Priest Lake by the Indians." (Signed) W. P. Lamm.

### Fatally Injured.

STEVENSVILLE, Mont., March 22.—John Dodson and Allie Jackson, two employees of the Helena and Victor Mining Company, came to Stevensville and got drunk. In a quarrel on the way home Jackson struck Dodson on the forehead with a rock, breaking his skull. The physicians say that he cannot recover. Jackson has not yet been arrested.

### The Amused Province.

BRAASBURO, March 20.—In a proclamation issued by Emperor Frederick and countermanded by Hohenzollern, reference is made to Alsace and Lorraine in the following language: "The union of Alsace and Lorraine, which the lapse of years has rendered impalpable, will again become as factitious as it was in the time of our ancestors, before these German hands were severed from the ancient and glorious soil of their kindred countrymen."

### Bullion Robbery.

YVRE, March 21.—Ex-Senator Taber, owner of the Vulture mine, near Yvres, Ariz., has received information from his two messengers from the mine that a robbery had been committed. He immediately offered a reward of \$1,000 for the arrest of the robbers and \$1,000 for the recovery of the bullion.

### A New Paper in Roseman.

ROZEMAN, March 22.—George Alderman, who for the past year has been business manager and associate editor of the Courier, has decided to commence the publication of the third weekly newspaper in Roseman. It will be called the Montana Register. The first number will make its appearance some time next week.

### Grant and Badeau.

NEW YORK, March 21.—The Sun publishes General Adam Badeau's version of the controversy which has arisen between himself and Grant's family in regard to the claim Badeau makes for compensation for services to General Grant in the preparation of his "Personal Memoirs." The statement is addressed to the "American public" and fills several columns of the Sun. Badeau defends his position and is served in his strictures upon the source thereof by Colonel Fred Grant in the matter. He says that he aided Gen-

eral Grant considerably, and adds: "I would not have told what I am writing now if it had not been extorted from me by the imputations referring to me by his son. Badeau claims the letter of dismission was in the handwriting of Fred Grant with the exception of the signature."

The Herald, speaking of General Badeau's statement, editorially speaks of it as follows: "General Badeau avers that General Grant, drugged, diseased and on the verge of the grave, signed a letter written, or improperly inspired, by his son, Colonel Grant, which, had he been in his right mind, he would not have signed. This letter, however, exists in General Grant's handwriting, written in pencil, as was all of General Grant's literary work in those days of bodily effort, and torn, and copied by his son for convenience. This fact General Badeau, of course, knows perfectly well."

### Benton's Fire Company.

FORT BENTON, March 21.—A meeting of the members of the Fort Benton Hook and Ladder Company was held last evening at the city hall. T. A. Cummings was elected temporary chairman and G. E. Ingelson temporary secretary. The temporary secretary read the report of the committee on by-laws which was adopted. Balloting for officers followed, resulting in the election of the following: Foreman, J. L. Stuart; assistant foreman, T. J. Finning; secretary and treasurer, David G. Brown.

### Germany and Mexico.

BERLIN, March 21.—The North German Gazette says it hopes that the new Mexican loan of \$10,500,000, in which German capital has an interest, will have the effect of opening a new outlet for German enterprise. The Gazette adds it is expected Mexico will respond to the conditions which German capitalists have shown by meeting Germany's requirements in the marketing of her industrial products, so that economical relations to the advantage of both countries may be established.

### Maine Checked.

WASHINGTON, March 22.—The bill introduced by Frye of Maine, to apply the laws of the several states relative to distilled and fermented liquors to such liquors when they have been imported as well as when manufactured in the United States, was reported adversely by Senator George, from the committee on judiciary. A minority report was also presented.

### Veterans Assembled.

MILES CREEK, March 22.—The encampment of the Grand Army of the Republic began here yesterday. The Helena delegation from this city were joined by comrades from Boulder, Butte, Deer Lodge and Missoula posts, and further east by Roseman, Livingston and Billings commands. Commander Deegan and Holbeck of Helena, provisioned the dining car at an individual expense of \$300 each.

### A Monument to the Founder.

BERLIN, March 21.—In the reichstag today Herr Ackerman introduced an urgent motion requesting Prince Blumberg to introduce at the next session a bill for the erection of a monument to the late Emperor William, the founder of the empire. The motion was adopted without debate.

### Still at a Standstill.

LOS ANGELES, Cal., March 20.—No word has been received by the officials of the Santa Fe road here in regard to the end of the strike, and traffic on that line in this section is still at a standstill. No trains will be moved till orders to that effect are received from the east.

### Tate's Defeat.

FRANKFORT, Ky., March 22.—A report recommending the impeachment of Treasurer Tate and authorizing a reward of \$5,000 for his capture has been adopted by the legislative committee. Auditor Hewitt says the shortage is about \$30,000.

### A Postmaster Resigns.

ROZEMAN, March 22.—R. P. Manfies, postmaster, has resigned in favor of Joseph H. Martin, who has forwarded a petition signed by prominent citizens to the postmaster general.

### Admiral Candidates.

ROZEMAN, March 22.—The following are democratic admiral candidates for the election to be held here April 3: Wm. B. Meadow, A. B. Carew, C. Cobb and G. W. Highsmith.

### Grabbed Him Quick.

"So you think you can dress show windows so that the ladies will all stop and look at it, do you?" asked the manager of a dry goods store of an applicant for work. "Yes, sir, I do." "Well, sir, what is the first thing you would do?" "I'd put a big mirror in the window and—"

### WANTS THE ROAD EXTENDED.

Sarmites Regarding the Manitoba's Pacific Plans.

It is a general belief in railroad circles that it will be but a few months until the Manitoba will be running into San Francisco. Not many weeks ago a far-seeing and prominent railway man told a reporter of the Helena Independent, from which this is quoted, that the Manitoba was, he understood, about to extend its line to the coast. In fact, a double extension is proposed, one to strike a point on Puget Sound and the other to reach a terminus in California. The lower branch would probably be built first. From Great Falls to Butte the Montana Central will be used and from Butte a line will be built paralleling the Utah & Northern with Boise as the objective point. From Boise the course is uncertain, but it is said it will go by the most direct route to the coast. The building of such an extension would doubtless create a wild disturbance among the transcontinental roads, as it would be the shortest route across the continent. One thing is certain and that is that President Hill is looking anxiously to the coast, and Colonel Clough was quoted some weeks ago as saying that the thermometer dropped to 10 degrees below zero and a howling blizzard prevailed. The railroads are using snow plows and traffic is much delayed. It is to be hoped the storm will not travel Montana-ward.

### Another Storm.

Telegraphic information from Dakota and Minnesota is to the effect that a severe storm—one of the very worst of the year—is now raging in that region. The thermometer dropped to 10 degrees below zero and a howling blizzard prevailed. The railroads are using snow plows and traffic is much delayed. It is to be hoped the storm will not travel Montana-ward.

### For Sale.

Two stallions. One weighs 1,615 pounds and is three-quarters Norman and one-quarter Morgan. The other is a three year old of good stock. Both horses may be seen at Jones's ranch, on the Missouri, a little this side of Deep creek.

### Horses Wanted.

C. W. Pence desires to purchase a cart-load of horses and parties having animals to sell would do well to consult him at his stable in this city.

### For Sale.

Oats and hay, ground feed, shorts and bran at D. H. Hume's commission house, in the Cataract Mill company's office.

### Notice of School Meeting.

The Annual Meeting of School District No. 10 of Cascade County, for the election of district officers and for the transaction of such other business as may lawfully come before it will be held on the 29th day of April, 1888, at the District School House.

### Chicago, Burlington & Northern R. R.

TIME TABLE  
Leave Great Falls 4:30 P. M. via St. P., M. & N. Ry. Arrive St. Paul 7 A. M.

### MONTANA SHORT LINE.

When traveling every one should consider well the questions of economy, comfort, safety and speed, these questions being of the same importance in a journey of an hour as in one of several days' ride. An examination of the map will convince anyone that this is the most direct route to and from all the principal points in Canada and the Northwest.
