The convention was called to order by Hon. T. E. Collins, chairman of the democratic county committee. He spoke briefly of the bright prospects of the party and urged the Cascade democrats to act suitably which would ensure success at the polls in November.

Mr. Collins' remarks were well received and the convention proceeded without any castiron formality to transact the business before it. Ira Myers nominated J. C. Bundy of Kibby as temporary chairman. This motion met with a hearty response. The chair appointed Messrs. Myers and Wagner to inform Mr. Bundy of his election and conduct him to the chair. The veterans undertook this duty cordially and in a few moments Mr. Bundy was presiding over the convention which was soon ready for the regular order of business. On taking the chair Mr. Bundy said: "I thank you, fellow citizens for the compliment you have conferred on me. I feel proud that I have been chosen to preside over the first convention of the democrats of Cascade county whose delegates meet here today under the brightest auspices and will all do their utmost to promote the success of the party in the coming campaign. Gentlemen, we are now ready for business."

On motion Harry Ringwald was elected temporary secretary. Hon. T. E. Collins moved that the chair appoint committees on permanent organization, resolutions and credentials. The motion prevailed and Mr. Bundy announced the following committees:

On permanent organization—Ira Myers, W. P. Wren, Thomas L. Gorman, James Anthony, H. L. Descombes.

On resolutions—Jerry Collins, J. B. Leitch, George E. Hay, J. C. Adams, H. Ringwald.

On Credentials—M. C. Larkin, J. P. Dyras, W. S. Wetzel, C. P. Thompson, J. P. Wagner.

The convention reassembled at two o'clock. The report of the committee on permanent organization was read and adopted. The report of the committee on resolutions was also adopted and the committee discharged.

THE RESOLUTIONS.

Jerry Collins, chairman of the committee on resolutions, submitted the following:

Resolved, That the democracy of Cascade county in convention assembled, that in meeting in convention for the first time in this new county we can point with no small degree of pride to the good record made in the first year of the county's existence, both as to the successful administration of county affairs and the advancement made in wealth and influence in that brief period. An assessment roll summing up nearly \$4,000,000 the first year is something to be proud of and a guarantee of power and influence for Cascade in the future among the counties of Montana, territory or state.

Resolved, That this convention heartily

GOOD RECORDS.

THE DEMOCRATIC CANDIDATES MEET WITH GENERAL APPROVAL.

The Entire County Well Represented—Everyone Satisfied—A Strong Heart Named—General Details.

The county ticket nominated on Saturday by the democratic county convention meets with general approval from the party. It will pull a full vote. The list, open and friendly manner in which the proceedings were conducted has satisfied all concerned. Neither the defeated candidates nor their friends feel sore, and all are willing to take off their coats and go to work. Business men who take no active part in politics are pleased with the ticket and consider that the affairs of the county would be in good hands, as each candidate is well qualified for the duties of his position.

It is felt that all parts of the county are fairly represented by strong men. It is understood that a majority of the delegates would have nominated Robertson of Sun River, for sheriff, out of courtesy to that locality, but he declined to be a candidate. As this is probably the best position on the list, the offer shows that the convention was disposed to be liberal with Sun River and its vicinity.

Most of the candidates are already well known in this city and county. Ernest A. Ringwald, the candidate for clerk and recorder, has already filled the executive duties of that office with ability and success. He studied law for twelve years with an eminent firm in St. Paul and has thus acquired that knowledge of legal forms and methods which is of so much service to a county clerk. He was chosen as deputy by Mr. Mackin on account of his fitness and he has had the honor of opening the first records of Cascade county.

Charles Turner, who was proposed for sheriff by Mr. Paris Gibson, is an "old timer," as the phrase goes, but is really in the vigor of manhood, being about 45 years old. Some years ago he was engaged in freighting. Then he engaged in the sheep business. He made money at that and is now engaged in both the sheep and cattle business at the head of Box Elder creek. He is an active, intelligent man, who knows the country thoroughly and is well fitted for the responsible duties of sheriff.

The choice for treasurer, J. K. Clark, is the well known liquor merchant of this city, who does a large business on Pleasant avenue. Mr. Clark has had a long business training and has conducted mercantile transactions of large extent. He has the business aptitude and tact needed for the duties of county treasurer. He is agreeable in manner and public spirited in all that concerns the advancement of Great Falls. It is proper to note also that his wife is the popular, accomplished lady whose voice has been heard so often at church concerts or in any concert that were held to promote a good cause.

R. T. Gorman, the nominee for assessor, has held that office since the county began—last December. He has discharged his duties with credit to himself and benefit to the county. He is now completing an assessment roll, which amounts to over \$3,000,000. He has done that rather briskly with perfect fairness and has thus given the new county a good start financially. Mr. Gorman comes from the place of that name, but as he has been so much on the wing he might be said to belong to the county at large.

THE COUNTY ATTORNEY.

Everyone knows George W. Taylor, who was renominated for county attorney by acclamation. He comes from old, historic Kentucky, but he is now as firmly grounded in Montana as the Rocky mountains. He practiced law with the firm of Wade, Toole & Wallace in Helena, and having mastered all the intricacies of territorial jurisprudence, he came here, where he soon acquired a lucrative practice. Last year he was appointed attorney for Cascade in the bill which established that county. In that capacity he has displayed much energy and ability. As Mr. Collins said at the convention, Mr. Taylor scored many legal triumphs in the district court here, thereby winning the respect of the bench and bar. He is a nephew of Hon. Jesse Taylor, who represents Chouteau county in the legislature.

PROBATE JUDGE.

The nominee for probate judge, John P. Dyras, is widely known and popular throughout the county. He held a business position at Sun River and more recently had charge of a general store at Gorman. Mr. Dyras was at first a candidate for clerk and recorder, but at the convention has named Ernest A. Ringwald for that post, it placed Mr. Dyras on the ticket as probate judge. He stands well with the merchants of this city and with the public at large. He has been for some years a notary public and is qualified for the general duties that devolve on a probate judge.

Dr. Longway, nominated for coroner, stands high in the medical profession and possesses much general information. W. S. Wetzel, named for public administrator, was formerly county commissioner in Chouteau and is a property owner as well as merchant here. Miss S. A. McBride, the choice for superintendent of schools, is a successful teacher, who presided

WOOL IN STEADY DEMAND AT BOSTON AND OTHER EASTERN MARKETS.

Importation of a Real Arabian Horse—What General Butler Says on the Fisheries—The Chinese Treaty.

Wool in Good Demand.

BOSTON, August 31.—There is a steady demand and a good amount of trade here this week. Sales of all kinds have been 4,000,000 pounds. Prices were very firm on all grades, and of fine washed fleeces and combed and delained. Choice and fancy lots, Ohio and Pennsylvania, higher in Michigan fleeces there is a firm feeling, but only moderate trade. Territory wool was less active, but prices were sustained, the principal sales being in the range of 18¢23¢; Texas, California and other unwashed wools were quite steady. Pooled wools were in demand with sales of good super at 30¢35¢ and extra at 22¢26¢; foreign wools, Australian sold at 22¢23¢; Cape at 22¢23¢ and Cordova carpet at 14¢.

PHILADELPHIA, August 31.—Wool is quiet and prices firm.

NEW YORK, August 31.—Wool is firm and in good demand. Domestic fleeces, 22¢31¢; pulled, 20¢26¢; Texas, 18¢22¢.

A Pure Arabian.

NEW YORK, September 8.—Randolph Huntington, of Rochester, is receiving many congratulations on his success in bringing to this country the pure-bred Arabian mare Naomi from England. She arrived on the steamship Holland. Great difficulty has been experienced in obtaining pure Arabian horses and many attempts to import direct from Arabia have signally failed. Naomi has been imported by Huntington for the purpose of infusing pure Arabian blood into Henry Clay stock. Huntington obtained control of General Grant's Arabian horses for breeding purposes soon after their arrival in this country. The present importation of Naomi is considered a great event.

Butler Turns Up.

BOSTON, Sept. 1.—In a speech on Friday evening, Geo. Butler attacked the Mills bill and then turned his attention to the fisheries question. Touching upon the various treaties that had been in force between the United States and Great Britain he said:

"I agree with the president that the bill giving him power of retaliation was a poor bill, unworthy of the dignity of the United States government, and if he had voted it on that ground I should have been quite inclined to support him. Pray, why don't the United States take the bull by the horns and give the president power and right whenever he finds that a single vessel, however small, is kept out of any British port or any where unlawfully, to keep out of ports of the United States every British vessel, however great until that wrong shall be redressed. Retaliate the wrong done to fishermen by the Canadian by action against the Canadian steamship sailing under the ensign of the British government and things will be brought to an end. The first question that springs to our lips is 'is the president in earnest?' If yes, let him enforce retaliation for outrages by the power he has had since March, 1887."

Black Caps at Work.

LETTER ROCK, Ark., September 3.—An organization known as the Black Caps is driving people from their homes in Lawrence county. This organization recently whipped several white men living on the border of Randolph county and a number of the band were arrested and will be tried shortly in the United States court at this place. Three colored men living near Fortia were taken out, severely dogged and ordered to leave the country. Governor Hughes is availing official information from the sheriff of Lawrence county before taking any action in the matter.

Armed Indians Moving.

CHEYENNE, Wyo., September.—One hundred armed Sioux Indians, traveling rapidly toward the Shoshone reservation, crossed the Union Pacific track 200 miles west of this city yesterday. They have been visiting the Utes in Colorado. The Indians will reach the reservation in four days if that place is their objective point. There was nothing new from the reservation, but the Indians are uneasy and trouble can scarcely be averted.

A Steer Swindler.

ST. PAUL, August 31.—A man calling himself E. S. Burns and representing himself to be a lawyer for Sage & Green, of South Omaha, bought 188 steers from Cunningham & Haas of St. Paul. Burns presented a draft on Savage & Green for \$3,574 in payment. He then disappeared and sold the steers realizing a nice sum by the transaction, though he could afford to sell them for a loss as the draft which he gave proved to be absolutely worthless. Savage & Green disclaim having any such men in their employ. Burns is supposed to have returned to Nebraska.

Simmonds' Last Balloon Ascent.

LONDON, August 31.—Prof. Simmonds, the balloonist, with two companions, ascended in his balloon at the Italian exposition. The others are seriously injured.
