## FIGHT IN NEW YORK.

### PEOPLE IN TWO PROCESSIONS COME TO BLOWS.

Seven Persons Injured in the Riot—Lord Sackville West's Dismissal—Brawl in the Streets.

New York, Oct. 31.—A republican procession, composed chiefly of colored men, met a democratic procession at Twenty-sixth street and Sixth avenue today and a riotous struggle ensued. Seven persons were smashed and seven persons injured. The colored republicans far outnumbered the members of the Jeffersonian Association of Ninth assembly district, with whom they fought. Numerous colored inhabitants of the neighborhood fell in and assisted the colored party. Missiles flew in all directions and hand-to-hand fights were everywhere. The stores were all closed between Twenty-sixth and Thirtieth streets and the shopkeepers with drawn revolvers protected their property as best they could. A large force of police were summoned and they quickly disposed of the rioters and arrested several. Four men were seriously wounded, two of them being stabbed. Several shots were fired during the fray, but as far as is learned did not take effect.

### TRouble Brewing.

Lord Sackville West no Longer Recognized.

WASHINGTON, Nov. 1.—By the action of the government yesterday, Lord Sackville is no longer recognized as minister and the first British secretary naturally becomes the official representative. Mr. Edwards first secretary is absent and Mr. Herbert, second secretary is now acting minister at the British legation. Silence is maintained. Lord Sackville West refused to see anybody today and the members of the legation who were seen said all was uncertainty as to his departure from Washington.

The dismissal of the British Minister, has caused considerable commotion in New York and elsewhere. The circumstances which led to it, are as follows: In September last he received a letter purporting to come from Napoleon, an Englishman residing in Panama, Cuba, asking for advice how to vote. Lord Sackville-West replied as follows:

### THE MINISTER'S REPLY.

[Private.] Sir—I am in receipt of your letter of the 4th inst. and beg to say that I fully appreciate the difficulty in which you find yourself in casting your vote. You are probably aware that any political party which openly favored the mother country at the present moment, would lose popularity, and that the party in power is fully aware of this fact. The party, I believe, still desirous of maintaining friendly relations with Great Britain, and is still as desirous of settling all questions with Canada, which have been unfortunately reopened since the rejection of the treaty by the republicans majority in the senate and by the president's messages, to which you allude. All allowances must, therefore, be made for the political situation as regards the presidential election this year. It is, however, impossible to predict the course which President Cleveland may pursue in the matter of retaliation should he be elected, but there is every reason to believe that, while upholding the position he has taken, he will manifest a spirit of conciliation in dealing with the question involved in his message. I enclose an article from the New York Times of August 29, and remain, yours, faithfully, L. S. SACKVILLE WEST.

Beverly, Mass., Sept. 13, 1888.

Secretary Bayard brought this letter under the notice of the British government, but as they did not recall Lord Sackville West, President Cleveland declined on Tuesday to recognize him any longer as minister.

### That Montreal Fight.

WRENSHIRE, Nov. 1.—The Government forces circumvented the Canadian Pacific yesterday by laying track to the turnpike, making a temporary crossing and turning an engine over. Construction will now go on rapidly, pending the decision of the Supreme Court on the contested crossing.

### Shot Himself in Court.

KANSAS CITY, Nov. 1.—In the criminal court room on Tuesday morning, Jack Fleming, a deputy marshal, drew his revolver and blew his brains out while the court was in session. No cause was assigned.

### Great Fire in Germany.

BREMEN, Oct. 30.—The great fire at Huenfeld, near Cassel, continues to spread. Three hundred houses, including public buildings, have been consumed. A force of military and 80 fire brigades from adjacent places are endeavoring to get control of the flames.

### The Dearborn Canal.

HUENFELD, Nov. 1.—The certificate of incorporation of the Dearborn Canal company was filed with the territorial secretary Tuesday. The object of the company is to construct a canal from the Dearborn river down to the mouth of Little Muddy creek, thence by canal to Dry creek; for the purpose of selling water rights. Capital stock, \$200,000.

### Train Robbers in Mexico.

EL PASO, TEXAS, Nov. 1.—A Mexican Central passenger train was held up 62 miles below El Paso at 4:30 a. m. yesterday by three masked men. They came on the engine over the tender and forced

## CLARK GAINING.

### BILLINGS GIVES HIM A HEARTY PUBLIC WELCOME.

Lady Questrina Join in the Grand Procession—Yellowstone County will stand by Clark.

### WADE AND HURLBUR.

The Republicans Assemble at the Park Hotel.

Mr. Burling, the silver-tongued, arrived in town early yesterday. No procession greeted him. It was reserved for Judge Wade to be welcomed by a brass band and republicans wearing Harrison colors. The judge received a warm welcome from his friends, who, regardless of party, treated him with good old-time courtesy. Mr. Burling also came in for that warm welcome which Great Falls extends to public men, whatever politics they profess.

The sound of music and the flames of bonfires made known that the republican rally was at hand. The torch-bearers, in number about 150, marched through the streets, accompanied by two transparencies, one of which was the county ticket and the other contained some reference to Tommy Carter, as Sam Word calls him.

The meeting was held in the Park hotel. The spacious room was decorated with the national colors and lighted with electric lights. Charles M. Webster called the meeting to order. He rejoiced that "in spite of hard words, Sam Word included, the republican party was still on deck." [Cheers.] He nominated for chairman Judge Hoffe, who spoke of the growth of Great Falls and the need for industrial protection. He introduced Judge Race, who was received with applause.

Judge Race spoke of the county ticket. He had a good word for everyone. Downing's name was received with applause. The judge spoke approvingly of the county commissioners and thus, unthinkingly, endorsed the claims of Charles Wagner to reelection.

The chair introduced Judge Wade as a nephew of Ben Wade and a distinguished jurist, who had presided as chief justice for many years.

Judge Wade said this was the first time he had spoken in Montana during a campaign. He came here when the foundations of this commonwealth had been laid on a broad basis. He had observed the growth of Montana, where the founders of enterprises came from mountain peak to mountain peak. [Cheers.] He then traced the history of the republican party, and finally came to the task, which he discussed, making allusions to Major Maginnis and Sam Word.

Hon. A. P. Burling was duly introduced by the chairman and spoke for two hours on the issues of the day. He praised Chief Justice Wade and spoke of the dignity of the voter. He then spoke of the resources of Dakota and how she had been kept out of the union. He then went on to the tariff and so interested the audience that there were repeated cries to "go on" as he came to a close. He elicited much applause and was pronounced the best republican orator of the campaign.

### Reported Massacre.

LITTLE, France, Oct. 30.—The Echo du Midi states that the president of the geographical society of Little has received news from Africa that Henry M. Stanley has been massacred, with all his expedition except two men.

### A Great Irrigation Scheme.

EL PASO, TEXAS, Oct. 31.—It is learned from Washington that the director of the geological survey for the reclamation of arid lands has conceived a plan for constructing an immense dam across the Rio Grande near here, the accumulated water to be used to irrigate the valley and furnish the motive power. The necessary surveys and observations as to the amount of water, will be made to determine its practicability.

### Delegate Toole.

HUENFELD, Oct. 31.—Hon. J. K. Toole was taken suddenly ill at Elk Horn Sunday evening. He was brought back to Boulder Hot Springs, where he now is and will remain until he sufficiently recovers to be removed to Helena. Mr. Toole has notified the central committee to cancel his engagements, which has been done. Mr. Toole's withdrawal from the canvass is deeply regretted.

### Steady Growth.

WASHINGTON, Oct. 31.—Eugene Sampson, governor of Washington territory, in his annual report, estimates the population of the territory at 107,669, an increase of about 24,000 during the year. The taxable property of the territory is \$84,927,163, a gain of over \$25,000,000 in ten years. The territory's industries are said to be healthy and prosperous, the mines having produced 1,123,801 tons against 925,706 during 1887. Gold and silver mining is also prosperous. The salmon pack was 36,280 cases, a slight increase over last year.

## THE UPRISING.

### ALL MONTANA ABAZE FOR WILLIAM A. CLARK, THE PEOPLE'S CHOICE.

Eloquent Addresses by Major Maginnis to the Hute Miners—A Big Turn-out at Benton.

BUTTE, Oct. 29.—The democratic meeting tonight at Hutehall was a most unqualified success. Long before the time set for the meeting to begin nearly every seat was taken and standing room was at a premium. The first speaker of the evening was Walter M. Bickford of Missoula, who opened his remarks by saying that the people of Butte the right hand of democratic fellowship.

After some music by the Meaderville band, Major Maginnis was introduced and said: "In the closing days of the war when many a gap was made in the depleted ranks of the old regiments, it was customary to fill up the places of the volunteer heroes who had been left behind on the march, or in the hospital, or on the fields of death and glory with substitutes and drafted men. I appear tonight in both capacities. I am drafted by the committee to fill the vacancy of a volunteer, who is temporarily ill, and as a substitute for the gentleman you came to hear, our delegate to congress, Mr. Toole, who, having unthinkingly relinquished at his own desire during all the enervating heats of summer and the malarial days of autumn in Washington, has come home to transfer the magnificent majority with which the people of Montana crowned him two years ago to the head of his friend and successor, your townsmen, W. A. Clark. [Cheers.]

In such a cause any man might be proud to be a volunteer. We need no badge to carry a territory whose hopes and aspirations are bound up in our cause, and whose every interest is incarnated in the person of our candidate. [Cheers.] Volunteers for Clark are coming on, and in a total vote of 40,000 in the territory, their number will show 25,000 honest names. [Cheers.] They do not

CALL FOR THE LANGRISHS BOUNTY of \$300 and a cow; no, not even for one of Lee Mantle's much lamented sheep. You miners would not know what to do with sheep, any how. You would be like Tom Cruise when he bought Billy Childs' flock. He sold them when he found he could not clean up once a month. [Laughter.] In this political business we only clean up once in two years. The last time we called the hide of the war horse on our old barn door, and this year, when the Democrats shall lift her fair and sunny head from the pillow on the morning of the seventh of November, she will put her pretty little feet out of the couple, not on the cold floor of defeat, but on a new, warm rug turned out of poor Tom Carter's wool, and she will look out of the window and see her sweet rival, with the garments of defeat tucked up around her, walking amid the stones and sand-bars of the river whose bridge is called free list and whose salt has no protection.

### Dawson is Enthusiastic.

GLENDIVE, Oct. 29.—Hon. W. A. Clark, the democratic nominee for congress, and W. Y. Pemberton, addressed the largest audience ever assembled in Glendive. The meeting was held at the court house, which was beautifully decorated for the occasion. The parade from the hotel to the court house was an extraordinary one. After reaching the place of meeting a salute of twenty-one guns was fired. The meeting opened at 8 o'clock, and W. A. Clark addressed the audience, composed of ladies and gentlemen for one hour and a half. He was followed by W. Y. Pemberton, who made a spirited address on the tariff for over an hour. The prospects are that Clark and the entire ticket will be elected by a good majority.

### San Word in Benton.

BENTON, Oct. 31.—San Word received an enthusiastic welcome from the democracy last evening. The meeting was held in the court house. Mr. Word made a forcible, good-humored speech, full of telling hits. The republican nominee, Earl Hurlbur, in the court house. Both meetings caused a lively stir in town, and kept the politicians busy. Benton democrats are solid for Clark and both the legislative and county tickets.
