AWFUL CYCLONE.

STORM CUTS A WIDE SWATH IN KANSAS.

Several Left Homeless - Only One Person Killed - Trees and Fences Torn up and Houses Unroofed.

Wichita, Kan., May 9.-The wind that has been raging for three days in a cyclone in the north-west of Great Britain Tuesday, extended over the eastern portion of Scotland into this county. The district which it passed is sparsely settled but for this fact the loss of life and property would have been terrible. The first struck a spot five miles east of Stafford and for miles in a westerly direction left nothing but a waste of straw with wrecks of trees and barns, trees and fences and dead and there the bodies of dead and dead stock. The only person killed was Wm. Crawford, whose neck was broken by the flying timbers of his house which was totally demolished. Other people were fatally injured about twenty or thirty more or less. As soon as the news reached a mass meeting was held and a committee appointed to carry on the work of relieving the distress in a systematic way. More than a hundred people are homeless and are without food or clothing.

J. H. MILLS RETIRES.

HE DREAMS IT A GOOD TIME FOR DISAPPEARING.

Bank Thieves and Burglars Busy in Helena and Elsewhere - Fatal Railroad Accident at Cleveland, Ohio.

DRUM LODGE, May 9.-Capt. James H. Mills nominated by the republicans as a delegate to the constitutional convention has resigned and Conrad Kohls has been placed on the ticket in his place. Since Capt. Mills was nominated his friends having seen proper to submit his name for another position he felt it his duty to resign at once and permit the republicans to have two candidates in the field for delegate to the convention. Conrad Kohls is known as a cattle king of the territory and is an ex-member of the legislature.

MONTANA WOOL.

MANUFACTURERS ARE LOOKING RAGNERLY FOR IT.

Prices Firm in Boston and Not Likely to be Reduced - Foreign Wool Cannot be Imported Profitably Now.

PHILADELPHIA, May 8.-A leading wool commission house says: "The last Montana clip gave good satisfaction. Its reputation is better than ever before and manufacturers are already inquiring for the bright, sound Montana wool."

No Reduction Probable.

BOSTON, May 11.-A wool dealer says: The London sales have continued favorable to sellers, an advance of from 5 to 15 per cent on the various classes over the previous series being established. These prices preclude further importations on the basis of present quotations for domestic wools, and our mills will apparently have to depend upon the home-grown clip for their supplies during the coming summer and fall. Under the circumstances we see no prospect of any decline from present values and it is reasonable to expect a steady and healthy market for the new clip as soon as it arrives in sufficient quantity to attract the favorable attention of manufacturers. The generally mixed character of most of the stock now on hand, makes quotations mostly nominal; hence we repeat the range of current values given in our last circular for sound stapled wools from the territories, Texas, &c. Fine, 60¢@65¢; Fine Medium, 55¢@58¢; Medium 51¢@54¢; Low Medium 45¢@48¢.

RICH MINING STRIKES.

Some Important Discoveries Described by Mr. Campbell.

(Correspondence of the TRIBUNE.) Sweet Grass Hills, May 3, 1889. To the Editor of the TRIBUNE: Some new discoveries have been made lately. Jas. E. Thompson struck a very rich lead, as high as 500 ounces. It is galena and copper and black sulphurates of silver. This is a very promising lead, with a contact lead between porphyry and antimony. There was another rich strike made by Ben Phillips, Jas. Thompson and George Duncan of the Judith Basin. It is a lead which is an extension of the Brown Eyed Queen and is three feet wide, with a depth of four feet, and still widening as they go down. This promise to be one of the most important strikes that has been made in the camp. The lead is called the Emma lode. I think that these gentlemen intend to develop these mines immediately. I think that East Butte will be one of the best mining camps in Montana this summer, or as soon as some of the mines are developed and capital, which is much needed here, comes in.

The Immigrants are making a great many locations here.

The country around the hills is all burned over, but growing grass is showing itself in plenty. W. L. CAMPBELL.

Sudden Death From Drink.

SAND COULEE, May 5.-[Correspondence of the TRIBUNE.]-A. H. Nelson, a carpenter, died suddenly this morning. After being on a spree for a day or two, he was sobered up. This morning about 8:30 he went to a saloon and bought a quart of pure alcohol. He drank about two-thirds of it at one time, then went home and sat down on a trunk with his head resting on the back of a chair and died within two hours. His wife had gone out to a neighbor's. When she returned she noticed that her husband was motionless. She sent for Dr. Geisler, but on his arrival he found life extinct.

Fatally Murdered.

SHELBY, Ia., May 8.-Mrs. Carrie Purdy left her husband Monday morning for visit to her parents, two miles away. Leaving there in the evening she took a short cut across a field for the main road. By this route she was obliged to cross an unimproved bridge crossing a

CONRAD AND BROWNE

THEY WILL LEAD THE CHATEAU DEMOCRACY.

The Convention Harmonious and Splendid - Sure Prospects of a Brilliant Victory on Tuesday.

HELENA, May 8.-The democratic convention last evening nominated for delegates C. E. Conrad and David Browne. The proceedings were harmonious and earnest. Old Chateau will elect the democratic candidates by a strong majority. L. W. Peck and Sam Mitchell of Chateau have been nominated by the republicans.

Filling the Offices.

BUTTE, May 7.-The new city council met this afternoon and made the following appointments: Chas. McArthur, city marshal; Lon P. Smith, chief of police; B. McIntyre, city clerk.

There is no foundation to the reported strike in Phillipsburg.

Helena Nominations.

HELENA, May 5.-District No. 18 convention met at Payette's hotel. A. J. Davidson was elected chairman and David Marks secretary. S. C. Ashby placed in nomination the names of E. W. Knight and Samuel Ward as candidates. Mr. Knight declined, and as it was stated that Mr. Ward would not accept, Mr. Ashby withdrew his name. On motion of E. W. Knight, Gen. C. W. Turner and Wm. Muth were nominated by acclamation.

The district No. 14 convention met at the city hall and organized by electing C. P. Connolly chairman and Ben Harris secretary. L. R. Conly, John H. Shuler, Martin Maginnis and J. K. Toole were placed in nomination, but as it was stated that neither Major Maginnis nor Mr. Toole would accept, a committee was appointed to wait upon those gentlemen and an adjournment was taken until 7:30 p. m. On re-assembling, W. E. Cox, chairman, stated that the committee had seen the gentlemen who did not wish to make the race, but would accept if the convention desired them to act. On motion of Mr. Shober, an informal ballot was taken, which showed that the majority favored Maginnis and Toole. Both Shober and Connolly withdrew their names and Messrs. Toole and Maginnis were nominated by acclamation. The district No. 15 convention met at the hose house. In the sixth ward Hon. M. W. McConnell was chosen chairman and William Hutchison, secretary. John S. McNeil and A. F. Barnes of Helena was placed in nomination for delegates to the constitutional convention.

In the Twelfth district the democrats have nominated W. Maynard of Marysville and R. S. Ford of Sun River.

Daring Robbery.

COLORADO SPRINGS, May 7.-Three robbers entered the postoffice last night and with drawn revolvers compelled the postmaster to give them \$400. The robbers were pursued and a fight ensued, in which William Brady was shot and probably wounded. The pursuit continued. Finally one of the robbers was killed and another wounded. The third one holds out.

A BIG DEAL.

Tommy Cruse purchases the Niobrara Cattle Company's Outfit.

The Yellowstone Journal says: Jessie Hasteu returned from Helena where he closed the sale of the entire outfit of the Niobrara cattle company except the ranch property, to Thomas Cruse of Helena. The sale covers between 5,000 and 6,000 head of stock cattle and about 50 head of horses on the Powder river range. The price paid was \$10.75 all around for cattle with calves thrown in, and \$30 per head for the horses. Stock to be counted out and actual number delivered to be paid for. Mr. Cruse by this purchase becomes the owner of the N.-brand. It is Mr. Cruse's intention to move the stock to his ranch on the flat Willow and it is expected that the herd will cross the Yellowstone about the middle of May.

County Officers.

It is, of course, unknown how the convention will act in the matter. But if the views of several west side democratic candidates for delegate be carried out there will be no election for county officers next October. The present officers will hold over and new ones will be elected in November, 1890. We think the constitutional convention will thus order it. -River Press.

GENERAL NEWS.

At Hamburg 80 persons who were selling socialist pamphlets have been arrested.

The houses of 16 Boulangists at Neullilly have been searched by the police.

The German imperial party arrived at Kiel Sunday morning to attend the christening of Prince Henry's son. The route from the station to the palace was crowded with guides and various societies.

The baby, which was held by the emperor during the ceremony, was christened Waldemar Wilhelm Ludwig Friedrich Victor Heinrich.

Terrible Forewarnings.

THE CITY COUNCIL CONSIDER AL

LESTER AS CITY MARSHAL.

Water Mains and Hydrants Come up for Consideration - No Day Politician to be Appointed as Present.

The city council resumed work with a will last evening. Mayor Fairfield presided and the following aldermen were present: Johnson, Bridges, Clinton, Hickory, Gorin, Webster, Hotchkiss and Albrecht.

City Attorney and Clerk Leslie read the minutes, which were duly approved.

The regular order list being missing, Mayor Fairfield showed his good memory by recalling it for the benefit of the new members.

Alderman Webster moved that the mayor appoint two aldermen, who are with his honor to locate the new hydrants. The motion passed and the mayor appointed Aldermen Hotchkiss and Bridges to do this work.

Mr. Leslie read a petition signed by the school trustees and others, asking that the water mains on Ninth street be so extended on Third avenue North that they may be available at the high school.

Alderman Johnson moved that the petition be laid over for inquiry.

Mr. King from the water works company stated that there would be a surplus of mains that would be distributed where it would do most good.

This assurance spread oil on the troubled waters and on motion of Alderman Gorin the petition was referred to the special committee on hydrants.

A communication was received from the Pioneer Hook and Ladder company saying that J. O. Hunt was their choice for marshal, and the mayor promised to appoint him.

Mr. Wornock applied for a permit to build an addition which would be covered with corrugated iron. Referred to the committee on ordinances.

Alderman Johnson then spoke on the strict enforcement of the sheep iron chimney ordinance, and complained that animals are allowed to go at large in town.

Alderman Clinton suggested that the council take action on the nomination of Mr. Lester.

Mr. Leslie explained by request the "statute" on the subject.

After some discussion as to the powers and duties of city marshal, Mayor Fairfield nominated A. Lester for that office and he was promptly confirmed. During the debate Alderman Johnson moved that the board go into secret session for ten minutes. Alderman Gorin objected and the motion was withdrawn.

Alderman Gorin moved that a day policeman be appointed as it was understood that the city marshal is to act chiefly as night watchman.

The mayor explained that economy was the order of the day and asked that the new plan be tried. He spoke of Sheriff Downing's staff and said that as the county draws a good deal of money from the city it should do some police duty in return.

The aldermen concurred and dispersed to meet next Tuesday.

The TRIBUNE is a democratic paper, but is liberal in politics as in all things else. Send in your names and dollar bills.
