KING EDWARD VII.

QUEEN VICTORIA MAY ABDICATE IN FAVOR OF ALBERT EDWARD.

An important conference to be held at Florence next month. The Prince and Princess of Wales will be present. It is expected that the Queen will abdicate in favor of Albert Edward.

London, Sept. 8.—Although great pains have been taken to keep the fact from the public, the Queen of England will join her daughter and her imperial grandson, the Kaiser William, at Florence next month, where a matter of the highest importance, not only to Great Britain, but to the world, will be decided. This is nothing less than the proposal that Queen Victoria should abdicate in favor of the Prince of Wales.

The prince has privately given it out that he intends henceforth to abandon all frivolous habits of life and conduct himself as becomes the heir to a throne, unobscured by the most enviable of any in the world.

Now that he has determined to forego his habits of life and professional business, to abstain from bores and similar scholastic games, and accept only the society of the grave and learned, it is hoped that the last objections of the queen to the private life will be overcome.

Lump of \$100,000 Each.

Chicago, Sept. 8.—The Tribune says that Geo. M. Pullman has subscribed \$100,000 to the world's fair fund. Mr. Pullman would only admit that he had presented the advisability of giving a moderate impetus to the work of raising the \$5,000,000 by securing \$500,000 in the lump from five citizens of Chicago, a subscription of \$100,000 each. Who the four beside Mr. Pullman are has not been divulged, but P. D. Armour and Marshall Field are mentioned as two of them.

The Cronin Murder Case.

Chicago, Sept. 8.—The ninth day of

the Cronin trial began much as the first day—no jurors. Cook county is out of pocket something like \$3,500, with nothing to show for it. Why Cook was temporarily challenged, the state will say.

The World's Fair.

Chicago, Sept. 8.—The world's fair committee reports that the entire \$5,000,000 guarantee fund has all been informally pledged.

IT WOULDN'T WORK.

The Montana Republicans are in a State of Collapse.

HELENA, Sept. 7.—Lemuel E. Quigg of the Journal lately resolved to try Brown-Sequard's elixir on the republican party which is in a state of hopeless decline. Accordingly he shut himself up in a laboratory with an assortment of pots and pans, sheep and goats. He has tried the compound which he prepared on the whole-horse of the party without success. The party showed no signs of animation and Quigg is in despair.

QUARRELS.

British Capital Coming.

HELENA, Sept. 7.—J. Stewart Wallace, M. P.; Geo. W. Estlin of London, and Wm. M. Symington, a prominent mining expert of New York, arrived in Helena yesterday in company with F. M. Chadbourne. The gentlemen visited the Phil Shenou mine in Beaverhead county. They expressed themselves as well pleased with the appearance of the mine and would in a few days prepare their report which is to be submitted to a London company which holds a bond on the property.

LIARS AT WORK.

SLANDEROUS ATTACK ON GREAT FALLS, IN NEW YORK.

The Writer Entitled to Walk Right up and Take a Seal, Deeds Ananas—Great Falls Can Stand It.

New York, Sept. 6.—The Herald today devotes a great deal of space to an article under the head, "Land Grabbing in Montana," filled with wild tales about the Great Falls Water Power and Townsite company. The following are some of the opening paragraphs:

"The development of northern Montana and the construction of the Montana railway made it possible by affecting the inducement of rapid settlement for an assortment of land sharks, under the guise of the Great Falls Water Power and Townsite company, composed of H. P. Rolfe and others to spread their net at this spot.

It is asserted that the company resorted to every possible means to prevent other people from acquiring title to lands in the immediate vicinity, even using threats of violence and by this means intimidated everybody who wanted to obtain lands. The story has a great many statements charging criminal acts which may involve the paper in a libel suit.

The New York Herald has been made the victim of stupidity or malice in printing the above base libel upon this city and its founders, who are too well known to be damaged by this base attempt to injure them and this town. The article in question is evidently the product of the libelous crusade begun by Wilkinson against northern Montana. As a sample of the nonsense in the above article it may be noted that Robert Vanzon, Phil Gibson and H. P. Rolfe

LIARS AT WORK.

HELENA, Sept. 7.—About ten days ago a fashionably dressed young man walked into the Cosmopolitan hotel office and with quite a flourish signed Geo. Johnson, Spokane, the clerk signed Geo. Johnson, Spokane, the clerk signed Geo. Johnson, Spokane, and gave him a room on the fourth story. Johnson said he was there for the purpose of securing plans for a variety theatre building at Spokane Falls. Two days went by and on the third day Mr. Johnson took his valise and started to go out. He was stopped, but he said he would return in a few moments and settle his bill. He was invited to leave his valise as a guarantee of good faith and this he reluctantly did.

Johnson had not been seen for a week and yesterday it was concluded he would not come back, the leather valise was opened by the clerk, who was amazed to find it filled with stones and brick and old clothes, but that is the first time I ever saw cordwood in a valise and the worst of the whole business is that it is my own cordwood."

SAND COULEE AROUSED.

Big Democratic Meeting—A Club Formed.

The people of Sand Coulee and vicinity turned out in great numbers Saturday evening in response to the call for a democratic meeting. Nelson hall was filled to its full capacity with stalwart sons of toil as well as with merchants and ranchmen. Joe Allen presided with ability and success.

Telling speeches were made by John W. Stanton, W. M. Cockrell, Geo. W. Taylor and J. K. Clark. These young orators proved to be regular spout-binders as per usual were their speeches.

A masterly speech in Scandinavian was made by Carl Jensen of Great Falls who was greeted with hearty applause. A strong club with 80 members was formed. It will be heard from during the campaign. Registration closes on Saturday September 14.

SEARLE WON EASILY.

HE WAS SIX LENGTHS AHEAD OF O'CONNOR.

The Cabinet Decides Against a Special Session—A Bold Scheme to Cut on the Montana With Negatives.

WYKIPPA, Sept. 9.—[Special in the Tribune].—The great boat race between Searle and O'Connor took place today and was witnessed by thousands of people. There was considerable betting on the result. Searle won by six lengths, although O'Connor led half a length at the start. The time was 23 minutes and 48 seconds.

No Special Session.

WASHINGTON, Sept. 8.—The cabinet after being in session for nearly three hours, decided not to call a special session.

A Colonizing Scheme.

MILWAUKEE, Sept. 9.—The Iowa conference of the African Methodist church has hatched a scheme to colonize Montana and Washington with negroes and make those new states safely republican. The conference advised southern negroes to emigrate to the northwest. Rev. T. W. Henderson of Chicago, who was a prime mover in securing this action, has been promoting negro exodus. He was the originator of the famous "40 acres and a mule" exodus of last year.

A Narrow Escape.

Col. W. K. Nelson, came home one evening, feeling a peculiar tightness in the chest. Before retiring he tried to draw a long breath but found it almost impossible. He suffered four days from pneumonia, and the doctors gave him up. Dr. Acker's English Remedy for Consumption saved him and he is well to-day. For sale by Lapeyre Bros.
