A. Nathan's Special Announcement

TRAGEDY IN HELENA.

A CHINESE JACK THE Kipper KILLS A COLORED WOMAN AND RUNS AWAY.

No Motive Ascribed for the Atrocious Deed—The Mongolian May Not be Identified—Thirty Chinese are in the Caboose.

HELENA, April 3.—[Special to the Tribune.]—About six o'clock this morning a colored woman of the demi-monde was found dead on Clure street. The body was horribly mutilated with knife wounds. There is considerable mystery attached to the case. A Chinaman was the last seen to leave the woman's house running at full speed up the street and disappearing into a Chinese house. The police in pursuit failed to obtain any information as to the identity of the man and arrested all the inmates numbering over thirty. An inquest and hearing will be held this afternoon.

CITY BUSINESS TRANSACTED.

A New Ordinance Road—Provision Made for Tree Planting.

Acting Mayor Webster presided over the aldermen Tuesday evening.

Treasurer Ringwald presented his annual report, which showed the general fund held \$23,385 in cash and that the unpaid warrants amounted to \$10,123, leaving a net indebtedness of \$6,478.

The application made through Steel & Wetzel to use a tent for a restaurant within the fire limits was refused.

A letter from Goodwin B. Wilson was read relative to numbering the houses, preparatory to compiling a city directory, was referred to the committee on streets, alleys and sidewalks.

The fire department committee made an adverse report on Dan F. Rogers' application for a permit to erect a wooden building. The report was approved.

The auditing committee reported bills which include the following: Sol Yates, \$65; labor on trees, planting, \$118.75; J. C. Johnson, \$45.75; H. Ringwald, \$97; Park livery stable, \$4.50; J. N. Miller, sewerage plan, \$50; G. W. Power, \$28.75; E. W. King, \$51.75. All these accounts were ordered paid.

The ordinance committee reported an ordinance prohibiting all persons from using any house on Central avenue for the purpose of "hosting a dance house, variety theatre, variety concert or any kind of like entertainment. The penalty is not less than \$25 nor more than \$100. The ordinance exempts any ball for social enjoyment that is not for profit. The ordinance was read a first time.

Mr. Park Gibson, who represented the joint committee on tree planting, described tersely the progress of the good work. He said that tree planting is being carried on with much vigor and will be soon finished. The work is going on satisfactorily. The money for the trees will be soon expended; that for the parks will be disbursed throughout the year. Mr. Morgan has agreed to supply trees at 60 cents. Provision ought to be made for meeting bills as they arise.

The council acted promptly on Mr. Gibson's suggestion. On motion of Alderman Clinton, a warrant was ordered for \$1,000 for the use of the tree fund.

Rolling places and clerks and judges for the coming election were then chosen as follows: First ward, hose house; Second, sheriff's office at jail; Third, old school house; Fourth, Mardis & Co.'s store.

Clerks—First ward, B. B. Kelly, F. G. Heidy; Second ward, E. Disher, Peter Macdonald; Third, R. Campbell, T. W. Bronan; Fourth, C. H. Power and F. Lord.

Judges—First ward, J. Stewart Tod, Frank Ervin; Second, H. Criss, W. J. Winters; Third, J. C. Johnson and L. B. Taylor; Fourth, W. Brown and C. P. Downing.

In reply to an inquiry, City Attorney Leslie said the city engineer had authority to regulate the dumping of earth in the streets.

Alderman Johnson said that persons promised to level it down.

Alderman Clinton moved that the city marshal be instructed to stop the building of the veneered building on Second street.

Mr. Leslie here read an application for a permit from Dan Conlon for the said building.

Alderman Gerin said all persons should be treated alike.

City Engineer King said the ordinance giving him power to issue permits has been repealed.

Alderman Clinton said the building ordinances were frequently violated.

The motion to stop work was passed. Alderman Clinton asked a permit for the removal of a small building at the Park Hotel. Granted.

Mr. T. E. Collins, on behalf of the Great Falls Water company, asked that a committee be appointed to confer with the directors. He said they were disposed to enter into an agreement by which water

would be provided for trees at a nominal sum.

Alderman Clinton, Gerin and Hotchkiss were so appointed.

Alderman Clinton suggested that the board fill the vacancy caused by the resignation of Alderman Johnson.

The proposal fell flat and no one went over.

A long discussion, with wearisome pauses, followed. The chair defined very clearly the position of the city. The aldermen accepted it as correct, and resolved to hold by the form of contract drawn up by Mr. Leslie. Mr. Hankey's bond was also considered. It was decided to accept one with Hanks & Atkinson as sureties.

SPRAY OF THE FALLS.

[From Wednesday's Daily.]

Townsite Co's sales today: lot 6, block 424 to J. O. Olson, \$800; lot 2, block 180 to S. A. Bassett, \$400; lots 11 and 12, block 484 to W. Ulm \$400.

Chas. McGee's Gold Mine saloon has been thoroughly refitted, painted and papered in excellent style. Charles knows how to please the boys.

Mr. D. R. Mitchell, the popular south side grocer, has the foundations laid for a neat residence near the corner of Ninth avenue south and 8th street.

Mardis & Co. have received a car-load of the finest potatoes for seed or table use. They include Early Rose and other famous kinds. They are selling like hot cakes.

Jno. Sanford, a stock owner and butcher of Marysville, is in the city. He came over to the Chestnut valley to buy fat cattle and extended his journey to visit friends in the city.

William Williams of the Eclipse stables accommodated 50 transient horses last night. This shows that there is a great deal of travel, because other stables are also doing good business.

John Largent of Sun River is in the city today. He has a "kick coming" because the commissioners have ordered the old Sun river bridge removed by March 1st, before the new one can possibly be completed.

Mr. C. T. Ogden, one of the prominent farmers of the Upper Belt region, is in the city on business. Some of the farmers of that region have begun operations. A much larger acreage will be sown than ever before.

Frank Ervin, the stationer, and Wm. Shannon, the jeweler, are having their establishment fitted up in a handsome way. They have had the room papered in good style and in a few days a new plant glass river bridge removed by March 1st, before the new one can possibly be completed.

Mr. D. W. Bateman, formerly of Marysville has leased Wm. Roberts building on Central avenue, between 4th and 5th sts., and is fitting it up for a wholesale liquor house and factory of carbonated drinks. Besides keeping a large stock of the best wines, liquors and cigars, he will manufacture healthy beverages such as pop, ginger ale, soda water, etc. He will begin business in a few days.

To be entitled to vote at the city election on the 14th instant electors must have resided three months in the city. They must have the qualifications of electors under the general state law, which requires that persons shall have resided one year in the state. Since statehood went into effect all new voters must be citizens of the United States.

The qualifications for mayor and aldermen are defined by the laws. A mayor must be at least 25 years old. He must be a freholder and have lived two years in the city and three years in the state. An alderman must be also a freholder and have lived in his ward for at least a year before the election. Nominations must be made at least three days before the election and must be given to the city clerk.

Messrs. Kelly and Wood opened a new restaurant today back of the Gold Mine saloon. These gentlemen have made a success of the Fifth avenue restaurant and will manage the new enterprise and also continue at the old stand. The new place has been neatly fitted up and is one of the most attractive places in the city. It will be managed by a first-class cook, who will strive to please.

The ladies of the Catholic fair committee intend to make the fair, which will be open on Monday next, the most brilliant festival of the year. They have a bewildering quantity of fancy articles on hand, which they will sell off quickly at prices that suit everyone. These articles are mostly gifts and are out of the regular lines of trade. The ladies are planning the election. Nominations must be made at least three days before the election and must be given to the city clerk.

Next evening other novelties will be added and on Wednesday the fair will close amid a scene of oriental splendor.

FALSE ACCOUNTS.

THE HELENA INDEPENDENT MAKES GRAVE CHARGES.

The City Tickets Completed—Joe Davis Captures the Republican Delegates—Donald Bradford Will Lead the Democrats to Victory.

HELENA, April 3.—The city tickets as completed are as follows:

DEMOCRAT.

Mayor, Donald Bradford; police magistrate, J. M. Clements; city treasurer, Ben Folk; aldermen: First ward, C. P. Connolly; Second, Dr. W. L. Steele (long term), C. B. Garrett (short term); Third, Wm. Hartwig; Fourth, P. D. Gallagher; Fifth, Sam Alexander; Sixth, Daniel Hanley; Seventh, H. L. Snow.

REPUBLICAN.

Mayor, Joseph Davis; treasurer, Samuel H. Douglas; police magistrate, J. G. Sanders; aldermen: First ward, Jacob Adams; Second, Samuel Schwab, C. B. Van Wart; Third, G. M. Hoffaker; Fourth, A. R. Gates; Fifth, M. A. Witmer; Sixth, A. A. Deem; Seventh, John W. Thompson.

The Independent publishes figures showing the real state of the city finances and says: "That the books of the city treasurer do not show the actual condition of the affairs of the city, will be seen by the foregoing statements taken from his own records."

THAT BUILDING ORDINANCE.

Architect Morgan Points Out Some Needful Changes.

To the Editor of the TRIBUNE: I feel called upon to make a few pertinent remarks regarding the building ordinance as introduced by Alderman Clinton and accepted by the board of aldermen. It strikes me some alterations and additions should be made at the earliest possible moment, especially in regard to foundation walls. As it is at present, the foundation is entirely at the option of the builder and no protection is given him from anyone who may see fit to put up a building with deeper walls. The oversight of this special feature in a building ordinance shows either gross negligence in framing it or ignorance of the matter in hand. Right here on Central avenue a brick building is about to tumble down and other buildings, now under construction, will under the same circumstances show the same result.

In regard to the thickness of walls required in the ordinance, I will only say it appears ridiculous and is detrimental to our growth that we should be compelled to pile up about 40 per cent more brick and mortar than they do in the city of Minneapolis and about 50 per cent more than in Chicago, two of the most substantially built cities in the United States. The argument of Mr. Clinton that our brick here is softer than in the aforesaid cities would only signify that we should be rather careful to avoid all unnecessary weight produced by an over-thickness of walls.

Why should we have for a five-story building, walls as prescribed in the ordinance, of 24-30-36-18-18 inches, when they require in Minneapolis only 20-18-18-18-12 inches, and still less in Chicago, I fail to comprehend. It is quite true buildings must have walls, but there are other requirements that are particularly essential, which have been entirely ignored or overlooked, of which I may speak some other time.

I have taken up too much space of your valuable paper already, therefore, I will only say in conclusion that, as our building ordinance is at present, it is entirely defective and consequently more of a detriment than otherwise.

F. M. MORZAN, Architect.
Great Falls, April 3, 1890.

Teachers' Examination.
