## SHROUDED IN MYSTERY.

### Brutal Murder of a Noted Woman of the Town at Hurley, Wis.

Dubuque Bank Officials Indicted by the United States Grand Jury—Other Crimes.

HURLEY, Wis., April 14.—The body of Lottie Morgan was found in the rear of the Stevens building on Friday morning, with a terrible and ghastly sight, evidently inflicted with an axe. She left the saloon of John Sullivan late in the evening, going out by the back door, and was struck down as she passed behind the Stevens building, or was enticed back again and afterwards murdered. The affair is shrouded in mystery, there being no slighter clue to the murderer. The deed could not have been committed for robbery, as her elegant diamond rings were still on her fingers, and over \$30 were found in her dress pocket. The woman has lived in Hurley four years, and was not considered a tough woman of her class.

### A Fatal Pleasure Ride.

PRINCEVILLE, La., April 14.—This place is much excited over the desperate attempt of Willie Talbot, a 16-year-old boy, to kill six young ladies and gentlemen on the Youth river Wednesday. The party had taken unwisely a skiff left in Talbot's charge. Seeing the party in the skiff on the river he opened fire on them with a shot gun. Miss Ella Hardie had one eye shot out and Miss Caddie had her face filled with shot. Two of the young men were wounded, but not seriously.

### Love Castle Robbery.

FOUR DOGGS, April 14.—The boldest robbery ever perpetrated in the state has just been discovered in the little town of Axtell, west of here. Twenty head of cattle were taken from the hands of two farmers named Rutherford and Green in the middle of the night. The cattle were openly driven across the country to Oklawaha, where they were sold to a cattle butcher and shipped to Chicago. The buyer is unable to identify the men and the thieves will probably escape.

### BANKERS INDICTED.

Overlooked in Connection With a Dubuque Bank Failure.

DUBUQUE, Iowa, April 14.—It has just leaked out that the United States grand jury which was discharged Wednesday night found indictments against President R. E. Graves and Cashier C. H. Harris of the Dubuque Commercial bank, which failed for \$500,000 in March last. The indictment is being pushed by a syndicate of country bankers, who hold claims against the Commercial bank aggregating \$337,000.

### Escaped From Sing Sing.

SING SING, N. Y., April 14.—Two convicts named, respectively, boat and Deputy Warden Lee into insensibility, took his escape.

### His Last Act Commendable.

PHILADELPHIA, April 14.—Hermon Meyers committed suicide after making two futile attempts to kill his wife, who had left him on account of ill-treatment. The tragedy occurred at No. 3000 Litchford street, where Mrs. Meyers was living.

### NOT A BUSINESS HOUSE LEFT.

YELKINGTON, Ky., Destroyed by Fire—Big Tobacco Warehouse in the Ruins.

OSWEGO, Ky., April 14.—Yelkington, a little town of twelve miles here, was entirely destroyed by fire. The principal losses are as follows: Beechwood hotel, \$1,200; Wright Unsel & Co., general store, \$7,000; no insurance; O. W. Black, general store, \$200, no insurance; Ed Russellbach, general store, \$3,000; insurance, \$3,000; F. Taylor, leaf tobacco, \$12,000; insurance, \$7,000; Mrs. Kate Gable, tobacco factory and other buildings, \$6,000; no insurance. Other small losses, principally small business houses and residences, valued at \$7,000, were burned, some of which were insured. There is not a business house left in the place.

### A BLIZZARD OF DUST.

Feared Everywhere for the Newly Sealed Fields in Portions of South Dakota.

ABERDEEN, S. D., April 14.—A veritable dust blizzard is raging here. A terrible wind blowing from the northeast has heavy clouds of dust in the place and needed fields about. No damage is reported in the city, but fears are entertained for fields of newly seeded wheat which will probably be uncovered and blown away.

### Dakota Land Matters.

WASHINGTON, April 14.—Congressman Pickler received a favorable report from the sub-committee of the house committee on public lands for his bill, referring to the Dakota land matter, from the state public lands before admission as a state. His bill granting four sections of land in the school military reservation for the Dakota military school, was also favorably reported by the sub-committee.

Senator Pettibone has reported favorably from the committee on Indian affairs the bill to verify and confirm the agreement with the Sisseton and Wahpeton Indian reservations, which was made for an Indian school.

FRYBURN, R. I., April 13.—The city election for senatorial district representatives resulted in the election of the democratic ticket over the republican. This involves the re-election of Gov. Davis and the democratic general offices in the district.

BUTTE, April 14.—Voting began live today, bright democratic prospects. The tickets in the field are as follows: THE DEMOCRATIC TICKET: For mayor—O. G. Valton. Aldermen First ward—Thomas Hinds; Second ward—E. H. Irvine; Third ward—W. M. McDermost; Fourth ward—J. H. Lynch; Fifth ward—Wm. Heltche; Sixth ward—A. H. Barrett; Seventh ward—J. M. Stewart.

### A STRONG TICKET.

The democratic ticket for aldermen is one of the strongest that could have been selected. Thomas Hinds of the First ward is an Irish-American, honest, capable and popular. E. H. Irvine of the Second ward is an old timer and is known throughout the state as a man of large experience, of sterling integrity and capable of filling any position with honor. Billy McDermost of the Third ward has been identified with Butte, since its birth. He is a member of the present council. J. H. Lynch of the Fourth ward, is a positive man whose own success demonstrates just such business qualifications as are needed in council. William Heltche of the Fifth ward, is a highly energetic, gentleman with a high character which characterizes his race. Judge A. H. Barrett of the Sixth ward, is an old timer whose public and private life is the symbol of all that commands public confidence and esteem. J. M. Stewart of the Seventh ward has devoted most of his life to mining. He is an unassuming, gentleman with a strong strength which such men usually possess.

### JUDGE IRVINE SPEAKS.

A sensation has been caused by the publication of a letter from Judge Irvine in which he describes the origin of the state debt. He says: "I have to state that when the board of county commissioners met, or were about to meet, on the first of October, A. D. 1889, I, being then probate judge, was called by William M. Jack, the chairman of the board of Silver Lake in the county of Montana, to act as one of the board to canvass the vote of said county. We met, finally, after sundry adjournments, suggested by Mr. Jack, sustained by the board. Finally, Mr. Jack read that all objections to precincts 34, 14 and 20 be overlooked and allowed, but that precinct 34 be discarded and thrown out and not allowed. I read the Montana statutes to Messrs. Jack and Hall, but the clerk and assistant clerk being called in and the doors thrown open, Mr. Jack and Mr. Hall voted yes; I voted no. Returns from 34, 14 and 20 were returned, from 34 were perfectly made and returned as directed by law. In this we have been urged and I advise all voters to stand firm and show those who have outraged us that the people are awake."

LAWRENCE, Kan., April 14.—Mr. G. W. Stevens, of the Farmers' alliance, at Reading, Kan., is in receipt of the following letter from Senator Ingalls: WASHINGTON, April 2, 1890. G. W. Stevens, I am in receipt of the resolution of Reading alliance at their recent meeting, and in reply would say I am cordially in sympathy with the demands for such legislation as will relieve the agricultural and laboring classes from their burdens. The national banking system is in process of abolition by the payment of national bonds, and we would like to welcome many more such as they to our midst. They are progressing, intelligent, well-educated young men, and are moving into the neighborhood. ### THE SHARON CYCLONE.

Many Farmers Were Fatally Injured in the West of Their Residence.

AKRON, Ohio, April 12.—The cyclone which struck Sharon township Wednesday was the worst ever experienced in this section. It moved a swath twenty rods wide and six miles long directly toward Akron, but rose above the surface far enough to pass harmlessly over this city. Six miles east of Akron it again struck the earth, and thence continued its course southeast for several miles, with unabated fury. In Sharon township the farm buildings, crops and stock of Irish Worcester, George W. Crane, Abraham Lytle, Henry Chandler, Chris F. Wall, Rouse Hall, Matthew Bramley, Frank Bramley, Hughes Franks and Henry and Walter destroyed in ten minutes. Immediately after the cyclone passed searching parties were organized. The body of Hughes Franks was found in the barn, the body of a hired man rescued Bramley. The wreck was entirely consumed. Richard S. Brown was blown a quarter of a mile and left against a post. The cyclone was found unconscious and badly hurt. After passing over Akron, the cyclone struck the farms of Messrs. Switzer, Robinson, Herwick, Brown, Wise, Humbaugh, Myers and Callahan, in Springfield township, destroying buildings, stock, crops, farms, orchards and farms. The storm stopped all railroad traffic and caused a total suspension of business in towns near this city. Every freight train on the Union Pacific between Cheyenne and Rawlins were side tracked. The Cheyenne and Burlington tracks between this city were blocked with drifts of sand for several hundred yards and the Burlington line is also blocked with drifts of sand.

## SETTLERS GET THE LAND.

### Another Decision by Secretary Noble Regarding Indemnity Lands.

An Agreement on the World's Fair Bill Reached by the Senate Committee.

WASHINGTON, April 14.—Secretary Noble has rendered an elaborate and exhaustive decision in the case of the Northern Pacific against Matthew Roberts, who claimed homestead rights in section 8, township 18, range 2 of the Helena (Mont.) district. The case involved the rights of a homesteader on lands within the limit of a railroad grant on which settlement had been made prior to filing said definite location. The company held the term "homestead settler" could only be applied to those who had previously in the local land office of the lands claimed by them prior to the withdrawal of the lands granted to a corporation. The secretary holds that the homesteader's legal rights date back to time of settlement, his ruling in the case being precisely in line with the ruling of the department in the case of pre-emption made prior to withdrawal of public lands. The settler gets the land.

## SPRING IN UPPER BELT.

### Business Busy—More Michigan Farmers—A Heavy Welcome For the Railroad.

(Special correspondence of the TRIBUNE.) UPPER BELT, April 6.—Easter Monday on a ranch in Montana. No one seems to know that yesterday was Easter Sunday. No Easter lilies, no joyous bells to ring out the glad tidings of a risen Saviour, no song services to lift up the soul and make the spirit rejoice, no new hats, Easter ties nor spring bonnets. Nothing but plodding ranchmen sturdily scattering grain over the newly plowed fields. Perhaps the imprisoned germ in each tiny seed which in a few days will burst forth, cast off all that is of the earth earthy, and stand a living witness to the resurrecting power is not after all, an unfit tribute to the day, and our sturdy ranchmen may have planted better than he knew. It is strange how many of them spend their Sabbath day. A chapter might be made up from notes one could glean in visiting the bachelor ranches that would shock non-Christian people and arouse a question in their minds as to whether the annual sacrifice of human life and money that is for the sake of Christ, and that the flesh might not be expended with more direct benefit nearer home. The majority of these people here pay no attention to the Sabbath as any other day, some of them admit that they never know which day is Sunday, but they seem to have an aptitude for hitting upon it to carry out their more sagacious and profitable features of their business, such as branding cattle, etc. Plowing, sowing, reaping, mowing and threshing are carried out on the same day as any other day, and because one man last fall refused to have his threshing done on Sunday the whole country was up in arms and declared he should not have his threshing done at all. Credit that man to the Michigan colony and let it be known that there are others in that band who remember the Sabbath day.

## WIND AND WATER'S WORK.

### Arkansas City the Center of the Worst Flood Along the Mississippi.

Five Thousand People Compelled to Leave Their Homes—Rodies Floating in the River.

Cyclone at Sharon, Ohio, Fatally as Bad as First Reported—Many Fatally Injured.

ARKANSAS CITY, Ark., April 12.—This is the center of the worst flood on the Mississippi river between Memphis and Vicksburg. The town is completely under water and about half the population has deserted it. The houses all stand in water from four to six feet deep. Merchants are doing business on scaffolds built on piles driven on the levee. Capt. Tallinger is in charge of the Arkansas levee district with his headquarters here. In an interview he said there could

In the situation. The river would then begin to fall and the consequent and unprecedented rains further north set in. The water now is two feet higher than ever known before. This is due to the fact that the water is coming out of the Arkansas river. Capt. Tallinger thought that 5,000 people were homeless within thirty miles of this place. They have no shelter but a mass of wrecked houses. The colored people in the town have

### Taken Possession of the Box Cars.

and live in them. The white people are living in freight houses. A party of truck men on the Iron Mountain road, two miles south of this city, found the bodies of several fugitives who had probably fallen from a train wrecked and been drowned. They notified the coroner, who told them that they had better leave the bodies where they were, as the coroner was under water and falling was no dry land in which to bury them.
