PRICE FIVE CENTS.

## WAR VETERANS OF BUNK.

Loyal Legion in Annual Convocation at the City of Brotherly Love.

The City Brilliantly Decorated in Honor of the Distinguished Gathering.

## GREAT FALLS TRIBUNARIES.

More Canadian Lines With Which Great Falls Will Be Connected.

St. Paul, April 15.—A. W. Ross, member of parliament for Manitoba, says the prospects for the Hudson Bay railroad are exceedingly bright, and he thinks that the Dominion government will grant the full amount asked for it.

## MONEY FOR WAR SHIPS.

Naval Appropriation Bill Passed in Its Entirety by the House.

WASHINGTON, April 17.—The navy appropriation bill was called up and the house rejected the amendment of the committee of the whole, striking out the clause providing for the construction of the three new line-of-battle ships by a vote of 104 to 182, and the bill was passed.

## ANOTHER NEW FACTORY.

Cheap Fuel, Abundance of Water and Good Railroad Facilities Tell.

Ross & Cronkite have taken the contract for the Helena Cement Pipe and the company's building.

## HE HAS GONE TO CANADA.

The Assistant Postmaster of Butte Missing for Some Time.

His Accounts Show a Shortage of Nearly Two Thousand Dollars.

## GRAND Spring Opening!

1890—OF—1890

## DRY GOODS EMPORIUM.

Believing that Great Falls is on the eve of an unprecedented growth, and wishing to help the cause, I have with a large outlay put in a stock of

## Dry Goods, Notions, Carpets, AND SHOES

which I believe cannot be surpassed in Montana. My stock includes full lines of

## Colored, Fancy and Black Silk.

I would like to call particular attention to the latter; I can give you the newest novelties and most reliable goods in the market.

## IN DRESS FABRICS,

I can show the latest Parisian Styles as well as the cheapest Domestic Goods and at prices which defy competition.

## SATINES

In the best French and Domestic, made in the newest patterns at popular prices.

## Ginghams, White Goods, Challies, Prints, Etc.

In these goods I have a wonderful assortment in Prices, Patterns and Qualities

## Notions, Hosiery, Buttons, Rushings, Corsets,

Gloves, Handkerchiefs, Jewelry, Toilet Articles, etc., are as complete as experience and money can make them

## Carpets and Oil Cloth

We are compelled to keep in our basement, but at prices which makes it an attractive place for close buyers.

## Shoe Department.

Here will be found nothing but the best Standard makes of shoes to be procured in the United States, Goods that we can warrant every time.

## JOE CONRAD.

## Reliable Dry Goods House.

CASH PAID FOR Hides, Sheep Skins, Furs and Tallow.

Eastern market prices paid for all the above stock. Prompt attention given to all shipments made to me. Quotations furnished on application. Warehouse on R. R. track and Third ave. South. Office opposite the Park Hotel. Address, Theo. Gibson, Great Falls, M. T.

[This cut does not represent one of the recent democratic candidates for alderman as being in the soup, as one might suppose at a first glance, but is intended to show the dangerous occupation of a diver at sea.]

## Gloves! Gloves!

How can you get gloves, a pair that is light, soft and at the same time durable? We have solved the problem. We have only just received an invoice of what is considered the best of perfection in a driving glove. They are made from seal pup skins, by a California factory, who make a specialty of tanning and making up these skins into fine gloves. Each pair is warranted to wear and fit and are, beyond doubt, the best glove for the purpose ever placed on the market. We are sole agents for them here in Great Falls. Drop in and look at them, they are beautiful and no mistake. Our stock of fine kid and castor gloves is now complete at all prices from \$1.00 to \$2.50. In heavy gloves and mitts we take the lead. Our dogskin, heavy gloves for workmen, are the strongest and most satisfactory goods in the market. Also a complete line of buck, in plymoth and oil-tan.

## Spring Suits! Spring Suits!

Ah, "This is where we shine!" Everyone who has looked at our tailor-made garments for spring, pronounces them beautiful and they fit like gloves. If you, my reader, want a new suit this spring, don't fail to inspect our line before buying, because we can save your money.

## HATS! HATS! HATS!!!

Well, we should say so! We can safely say that in this department we have the most complete assortment of fine goods, medium grades and cheap, that could be found anywhere in Montana. Our stock comprises in stiff hats, such celebrated makes as the Knox and Battersby's best English goods. In soft hats we have a complete assortment, including Stetson's goods in all grades. In short our hat stock is complete in every detail.

## SHOES! SHOES!

Our shoe stock is now one of the best assorted in Montana, it is complete in leading makes, at the lowest possible prices.

## THE BOSTON,

Andrew Jensen, Prop'r.

## F. M. MORGAN

ARCHITECT,

Office—Third floor of the Minot building, Great Falls, Mont.

## IN A CRONIN TRAP.

A Young Chicago Medical Student Deceived from Home and Mysterious Disappearance.

NEW YORK, April 17.—A special from Chicago to The World says: The circumstances surrounding the mysterious disappearance of Vernon L. Everett, a student at the Chicago Medical college, indicate that a trap was set for him by some unknown murderers for the purpose of robbery. The missing man is the son of Dr. J. T. Everett, of Grinnell, Iowa. He left his home, No. 2463 South Park avenue, on Thursday evening, April 8, saying that he was going to see a sick man on Halsted street and has never returned or been seen since by any one who knows him. It is not known how the summons to attend the sick man came, whether by messenger, telephone, or mail, but the "rough" character of Halsted street is well known, and the fears of his friends that the summons was a decoy, and that the student was waylaid, murdered and robbed on his way to or from the sick man's home, were a valuable good watch and chain and some other jewelry, and a well-filled pocketbook.

## NEBRASKANS IN DISTRESS.

Heavy Storms Have Destroyed Several Fields in the Western Counties.

LEWIS, Neb., April 17.—Governor Thayer is in receipt of trustworthy information from Cheyenne, Hannock and other far western Nebraska counties giving an account of a disastrous storm. The wind blew so hard that grain that had been sown was blown entirely out of the ground in thousands of acres. Farmers must commence at the beginning, and are unable to do so. They have no funds to buy seed. The government will issue a general call for aid for the unfortunate people. Wheat and oats for seed will be especially needed.

## Remember Work in New York.

NEW YORK, April 17.—The difference between the Central Labor union and the Hecks Iron Works people was settled Monday by the satisfaction of both parties, and the men who were called out on Friday and Saturday have resumed work. The non-union men employed have been discharged.

## The Methodist Conference.

BOSTON, April 17.—At Monday's session of the New England Methodist conference a programme was outlined for a celebration of the centennial of New England Methodism on Boston common, Oct. 21-28, to end with a banquet in the city hall on the evening of the 30th, with addresses by prominent Methodists.

## New York News Review.

WASHINGTON, April 17.—The New York presbytery met in annual session in the old Scotch Presbyterian church on West Fourteenth street, and elected delegates to the general assembly which meets at Saratoga May 15, for final action on the question of revision of the confession of faith. All the delegates favor revision.

## THE DRESSED MEAT BUSINESS.

Zincily Suggestions—This is the Place to Establish it.

To the editor of the TRIBUNE: The people of Helena, are making special efforts to secure the establishment in that city of yards and works for the dressed meat business. So that unless we take immediate advantage of the situation, that particular industry is liable to be taken up by some other city less favorably endowed with the necessary surroundings and the field occupied.

Now the question that the citizens of this place should ask themselves is, are we going to let Helena secure this business when we are so admirably situated for just such an enterprise? Great Falls is the natural center of the great beef producing region of Northern Montana, with all the natural accessories for the economical handling of fat meat-producing animals. Cattle, sheep, hogs and poultry of all kinds can and are raised largely in our own county and the country tributary to this place.

## Patti's Voice Recorded.

Notwithstanding her repeated refusals to sing into a phonograph, even for reproducing her voice before the Academy of Music, Mme. Patti was outwitted during her engagement at San Francisco, and her rendering of "Home, Sweet Home," as well as some other songs, was taken on a wax cylinder. The cylinder was made by one of Edison's agents, who secretly placed an instrument under the stage among the gas pipes and made connection with the phonograph's horn, where her voice entered freely.

## John Lee Struck Ho.

John Maguire is on route to the city, accompanied by Mackay, the California millionaire, who it is said will give Maguire the necessary financial backing to release the opera house from all the obligations which he has assumed. Mr. Maguire is expected to arrive in the city some time today, when he can probably be induced to disclose his intentions with reference to the opera house.—Butte Miner.

## Lead for South Dakota Institutions.

WASHINGTON, April 17.—The senate public lands committee has authorized Senator Pettigrew to report favorably his bill granting a section of Western land to the South Dakota militia in the Blackfoot Indian reservation. The bill also gives to the state the remaining 10,000 acres in the reservation for colleges, asylums and other state institutions.

## Canada Has "L'Angela."

NEW YORK, April 17.—A Montreal special says that "L'Angela" is now in the vaults of the Bank of Montreal. The owners were obliged to remove it from the United States or pay \$50,000 duty on it and they chose the former course.

## Wanted in Van for Deceit.

SAN FRANCISCO, April 17.—Several hundred persons who believed in the prophecy of Mrs. Woodworth and other revivalists that San Francisco, Oakland, Chicago and Milwaukee would be destroyed Monday by earthquakes and tidal waves gathered on high ground in several places in California waiting for the news of destruction.

## LOOKS LIKE BUSINESS.

The Alert to Be Sent to Behring Sea in the Great Fishery.

WASHINGTON, April 17.—Orders have been issued by Secretary Tracy to have the Alert, now at the Mare Island navy yard, put in repair with a view to sending her to sea at once. The destination of the Alert is the Behring sea, where she will cruise all summer and fall in protecting the seal fisheries of the United States. The Alert is a bark rigged, carries four guns and about 100 men, and is of 1,000 tons displacement. She is a rapid mover and will be a valuable aid to the Fish and Game Commission. This is the second time that the Alert has been sent to sea in connection with the recent proclamation of the president warning of trespassers in the Behring sea. The vessel will carry all the men she can so as to be able to send to port any prize crews that may be captured.

## PRESIDENTIAL INAUGURALS.

Ten Thousand Copies of the Addresses Sent Washington to Harrison to Be Printed.

WASHINGTON, April 17.—The house committee on printing has authorized a favorable report on the house joint resolution authorizing the printing of 10,000 copies of the inaugural addresses in chronological order from George Washington to and including Benjamin Harrison, covering the first century of the United States, together with certain historical data connected with the inaugural ceremonies, and brief biographical sketches of the presidents, with steel plate portraits of the presidents and steel engravings of the White House. The resolution appropriates \$5,130 for this purpose. A resolution providing for the printing of 10,000 copies of the "National Industrial Art" also received a favorable report.

## La Croser Can Not Serve.

LA CROSER, Wis., April 17.—Ex-Senator Angus Cameron has forwarded to Washington a declaration to serve as a member of the Cherokee commission. The reason is that he is a too old a man for the hard work required. He had supposed that the business could be done at the capital of the Cherokee nation, but he finds that he must be treated with and the commission must live about four months in tents.

## Lead for South Dakota Institutions.

WASHINGTON, April 17.—The senate public lands committee has authorized Senator Pettigrew to report favorably his bill granting a section of Western land to the South Dakota militia in the Blackfoot Indian reservation. The bill also gives to the state the remaining 10,000 acres in the reservation for colleges, asylums and other state institutions.

## Canada Has "L'Angela."

NEW YORK, April 17.—A Montreal special says that "L'Angela" is now in the vaults of the Bank of Montreal. The owners were obliged to remove it from the United States or pay \$50,000 duty on it and they chose the former course.

## Wanted in Van for Deceit.

SAN FRANCISCO, April 17.—Several hundred persons who believed in the prophecy of Mrs. Woodworth and other revivalists that San Francisco, Oakland, Chicago and Milwaukee would be destroyed Monday by earthquakes and tidal waves gathered on high ground in several places in California waiting for the news of destruction.

## CHOTEAU CHRONICLES.

Another Important Ditch Enterprise—More Coal Discovered.

Messrs. Haven, Allen and Buskardon, civil engineers have been surveying a line for a ditch which Burton and Allen desire to take out from the Teton, about four miles above town. This ditch will irrigate about 5,000 acres of fine land. The gentlemen at the head of this enterprise propose to make one of the best horse ranches in Montana, and stock it with thoroughbreds. A fire was seen raging out toward Tiger butts last night. No particulars have been heard. Another important discovery of coal was made a short time ago by Messrs. Carson and Duchout. The find is about three miles from town, and consists of 200,000 tons of bituminous coal of a fair quality. The coal is found between a layer of loam and resting on sand. A cut in the bed was pushed to find the bed rock, where it is expected to rest with width. The school is running alone smoothly under the management of Prof. Bair, and the children are doing well. The farmers in this country are preparing to seed a larger acreage of grain than ever before, and have already made good progress. Our merchants, Silverman (Cohen) and J. H. Randall are doing a big business. Their houses are full of people who are buying large quantities of goods.

## "SALLOW BROWN."

There lived a certain maiden in a certain little town. She was slender, she was tender, and her name was Sally Brown; she was witty, she was prett, (as to features) and she knew all the school books; she was a maiden, while her heart was warm and true; in short—except for one ad lack, she would have been perfection. But O, she had a dreadfully unlovely, dull complexion.

The red-checked girls maliciously had dubbed her sallow Brown. While to marry some would vary after by the death of her father. But depart to wed some other without half her reward good. Till it wasn't any wonder she received with her eyes averted.

For she rather would be done it—vulgar as the practice is—'Twas endure the impurest terms of her But a city friend took up and declared to her one day.

"Take my advice," she wrote, "and if you follow the directa You will cure and need not cover your face with cosmetics."

Soon the girls were not with envy, and the lids with secret pain. Could but wonder at it blunder of supposing Sally plain.

And regretting or forgetting all the words they need to speak. Now praised the fairness of her brow, the brilliancy of her cheek.

And Sally was forging and believed with thankfulness. But couldn't quite face the past from off her recollection.

The blooming girl and mother known as Mrs. Crozier's wife. The beautiful, the usual, society's delight.

Whom poets praise in other days was only Sallow Brown. Indifferent led by the striplings of the town.

And now—Ah, will take heed dear girl, if you would an affection. Just do your best toward properly improving your complexion.

If you want something for a bad cold, try the old-fashioned Household remedy at the Drug Store. Wells & Busch.

Fresh butter from our Minot store, very clean, Strain Bros, Second street.
